Albertina Merci is back in this delightful second book featuring everyone's favorite blues singer turned evangelist! After Albertina's dear friend Mr. Mario, the owner of Mr. Mario's Downhome Café,

has a heart attack and then loses his wife to diabetes, he decides that his lifetime love of soul food is over for good. Mr. Mario vows to go healthy, both personally and professionally, and tries to get Albertina on board, but it quickly becomes clear that he may be looking for more than pastoral support. And while he is undeniably

romantic, Mr. Mario believes in the power of man...not God. The only heat isn't in the kitchen, though. Clifford Bloom, a white DJ who has been a fan of Albertina's since her days as a blues singer, is now a member of her church and he always seems to be there just when Albertina needs him. Could this blossoming friendship be

leading somewhere romantic? Caught between two very different men, Pastor Merci also has to battle to save her little church in the heart of Los Angeles as mega-church pastor Bishop Gold wants not only the land where her church sits, but her nephew Patrick's loyalty, as well.

Be Afraid. . . It's a beautiful house--a perfect place to live. To dream. To start a life together. It's the perfect place for so many things, he thinks

as he puts on the gloves and reaches for her, enjoying her screams. But today, it's a perfect place to die. *Be Very Afraid*. . . Steerforth, Connecticut, was once an idyllic, sleepy New England town. But now, the leafy streets and picture-perfect houses have turned shadowy and menacing, every small detail suddenly becoming suspect: lost toys placed carefully on back porches, lights blazing in a house that should be empty, closet doors standing slightly ajar, mysterious flowers wrapped in black

tissue paper. And the bodies... Or *Else You're As Good As Dead*. . . A serial killer has come to Connecticut. He is watching, honing his skills, waiting, for the perfect time to make them pay for what they've done. And when he's through, home will never be sweet again...

From the author of the classic *Mom's House, Dad's House*, the essential guide for kids on how to stay strong and succeed in life when parents separate, divorce, or get married again. *Isolina Ricci's Mom's House, Dad's House* has been the gold standard for inspiring and supporting divorcing and remarrying parents for

more than twenty-five years. With her new book, Dr. Isa adapts her time-tested advice on maneuvering the emotional, logistical, and legal realities of separation, divorce, and stepfamilies to speak directly to children. Alongside practical ways to cope with big changes she offers older children and their families key resiliency tools that kids can use now and the rest of their lives. Kids and families are encouraged to believe in themselves, to take heart, and to plan

for their lives ahead. *Mom's House, Dad's House for Kids* is packed with practical tips, frank answers, easy-to-use lists, "train your brain" ideas, reproducible worksheets, and things to try when words just won't come out right. Kids will learn how to:

- Deal with parents living apart, schedules, and dueling house rules
- Settle comfortably in one home or two
- Stay out of the "miserable middle" when parents fight
- Manage stress, guilt, change, fear, and other feelings
- Stay connected

with parents, relatives, and the “right” friends · Appreciate the gifts (and deal with the gripes) of their new version of family · Feel better FAST! Kids can’t get their parents back together, but they can help themselves get stronger and go on to succeed in life. This book shows them how.

 Illustrated About The Fall
 Of The House Of Usher:

By Edgar Allan Poe The story begins with the unnamed narrator arriving at the house of his friend, Roderick Usher, having received a letter from him in a distant part of the country complaining of an illness and asking for his help. As he arrives, the narrator notes a thin crack extending from the roof, down the front of the building and into the lake. Although Poe wrote this short story before the invention of modern psychological science, Roderick's condition can be described according to

its terminology. It includes a form of sensory overload known as hyperesthesia (hypersensitivity to textures, light, sounds, smells and tastes), hypochondria (an excessive preoccupation or worry about having a serious illness) and acute anxiety. It is revealed that Roderick's twin sister, Madeline, is also ill and falls into cataleptic, deathlike trances. The narrator is impressed with Roderick's paintings, and attempts to cheer him by reading with him and

listening to his improvised musical compositions on the guitar. Roderick sings "The Haunted Palace", then tells the narrator that he believes the house he lives in to be alive, and that this sentience arises from the arrangement of the masonry and vegetation surrounding it.

Rowman & Littlefield Baylor head coach Art Briles is one of the most highly regarded coaches in college football, and this biography delves far beyond his football

success and acumen. It explains how, at the age of 20, Briles lost his parents in a tragic car accident as they were en route to one of his college games. The book relates how Briles, devastated by the loss of his role models, used the catastrophe as motivation to propel him toward the destination of his dreams. As the book elucidates in detail, Coach Briles has made a career of turning failing football programs around in both the high school and collegiate ranks. His latest

accomplishments at Baylor University are also chronicled in this account of overcoming tragedy and turning personal loss into overwhelming success.

Traumatized and estranged siblings reunite against an ancient evil: “Southern-flavored horror . . . so well-written that I found myself re-reading sentences.” —Stephen A. North, author of *Dead Tide* Fifteen years ago,

siblings Coil and Cassiopeia suffered an incident in the woods behind their family home. An incident that neither of them are willing to remember. Something that nearly killed Cass and left Coil accused as her abuser. An act that robbed young Coil of his artistic potential, yet boosted his little sister into an almost overnight sensation in the art world. Now, the self-exiled Coil has come home to deal with his world-famous sister as she suffers from sundowning; severe and

violent personality shifts after the sun sets. Coil's reluctant loyalty to his family is rewarded with an unexpected return to his artistic roots, as he wakes each day to find he has painted a brilliant but disturbing masterpiece in his sleep. As the siblings struggle to heal old family scars, something is reaching out to the small town of Ellenville, driving the townsfolk mad and leaving chaos, mayhem, and death in its wake. And the key to stopping the madness lies in Cass's sundowning and Coil's

"A novelistic mosaic that simultaneously reads like a thriller and like a strange, dreamlike excursion into the subconscious." —The New

York Times Years ago, when House of Leaves was first being passed around, it was nothing more than a badly bundled heap of paper, parts of which would occasionally surface on the Internet. No one could have anticipated the small but devoted following this terrifying story would soon command. Starting with an odd assortment of marginalized youth -- musicians, tattoo artists, programmers, strippers, environmentalists, and adrenaline junkies -- the book eventually made its

way into the hands of older generations, who not only found themselves in those strangely arranged pages but also discovered a way back into the lives of their estranged children. Now this astonishing novel is made available in book form, complete with the original colored words, vertical footnotes, and second and third appendices. The story remains unchanged, focusing on a young family that moves into a small home on Ash Tree Lane where they discover

something is terribly wrong: their house is bigger on the inside than it is on the outside. Of course, neither Pulitzer Prize-winning photojournalist Will Navidson nor his companion Karen Green was prepared to face the consequences of that impossibility, until the day their two little children wandered off and their voices eerily began to return another story -- of creature darkness, of an ever-growing abyss behind a closet door, and of that unholy growl which

soon enough would tear through their walls and consume all their dreams. Report ... to Inquire ... Whether in and of the Elections in the State of Alabama in the Elections of 1874, 1875, and 1876 the Right of Male Inhabitants ... to Vote Had Been Denied Or Abridged Pantheon

authority, society, morality and the universe All wrapped up in a modern urban fairytale like love story that takes you to the edge and back again. You might like it, it might just open your mind, it might just help you realise what you have to change. House of Leaves Simon and Schuster

'She had given her husband four children, had bared her body and soul to him... why did he want to remarry? Today, what made him dress in a new silk kurta, become a

bridegroom once again, and leave on elephant-back to take another woman as his wife?' When Menoka's dissolute husband Mohikanto takes a second wife she is devastated by the heedless manner in which he squanders her unquestioning loyalty. But after the initial anguish

she finds new strength - in her womanhood when she embraces a tender but illicit relationship with a village outcast; in her role as a fiercely protective mother, and, eventually, in a compassionate humanity towards her frail and battered co-wife and

needy stepchildren. The story also poignantly explores Menoka's troubled but ultimately redemptive relationship with Indro, her firstborn son, who is unwittingly exposed to a bewildering world of adult complexities and feels compelled to leave the village.
