Wide Awake and Dreaming Harper Collins
This new fantasy-adventure series from N. D. Wilson, bestselling author of 100 Cupboards, pits a misfit twelve-year-old against a maniacal villain with a deadly vendetta. This one-of-a kind story is must read for fans of Brandon Mull and Soman Chainani, and the start of a thrilling tale from a masterful storyteller. Sam Miracle's life is made up of dreams, dreams where he's a courageous, legendary hero instead

of a foster kid with two bad arms that can barely move. Sometimes these dreams feel so real, they seem like forgotten memories. And sometimes they make him believe that his arms might come alive again. But Sam is about to discover that the world he knows and the world he imagines are separated by only one thing: time. And that separation is only an illusion. The laws of time can be bent and shifted by people with special magic that allows them to travel through the past, present, and future. But not all of these "time walkers" can be trusted. One is out to protect Sam so that he can accept his

greatest destiny, and another is out to kill him so that a prophecy will never be fulfilled. However, it's an adventurous girl named Glory and two peculiar snakes who show Sam the way through the dark paths of yesterday to help him make sure there will be a tomorrow for every last person on earth.

NEW YORK TIMES AND NATIONAL BESTSELLER First loves, first songs, and the drugs and reckless high school exploits that fueled them—meet music icons Tegan and Sara as you've never known them

before in this intimate and raw account of their formative years. High School is the revelatory and unique coming-of-age story of Sara and Tegan Quin, identical twins from Calgary, Alberta, growing up in the height of grunge and rave culture in the '90s, well before they became the celebrated musicians and global LGBTQ icons we know today. While grappling with their identity and sexuality, often alone, they also faced academic meltdown, their parents' divorce, and the looming pressure of what might come after high school. Written in alternating chapters from both Tegan's point of view and Sara's, the book is a raw account of the drugs, alcohol, love, music, and friendships they explored in their formative years. A transcendent story of first loves and first songs, it captures the tangle of discordant and parallel memories of two sisters who grew up in distinct ways even as they lived just down the hall from one another. This is the origin story of Tegan and Sara.

The Dreaming: Waking Hours (2020-)

#12 *Le vie della Cristianità* Though left uncompleted, "Kubla Khan" is one of the most famous examples of Romantic era poetry. In it, Samuel Coleridge provides a stunning and detailed example of the power of the poet's

imagination through his whimsical description of Xanadu, the capital city of Kublai Khan's empire. Samuel Coleridge penned "Kubla Khan" after waking up from an opium-induced dream in which he experienced and imagined the realities of the great Mongol ruler's capital city. Coleridge began writing what he remembered of his dream immediately upon waking from it, and intended to write two to three hundred lines. However, Coleridge was interrupted soon after and, his memory of the dream dimming, was ultimately unable to complete the poem. "Every single American needs to read Michael Knowles's Speechless. I don't mean 'read it eventually.' I mean: stop what you're doing and pick up this book."
—CANDACE OWENS "The most important book on free speech in decades—read it!"
—SENATOR TED CRUZ A New Strategy: We Win, They Lose The Culture War is over, and the culture lost. The Left's assault on liberty, virtue, decency, the Republic of the Founders, and Western civilization has succeeded. You can no longer keep your social media account—or your job—and acknowledge truths such as: Washington, Jefferson, and Columbus were great men. Schools and libraries should not coach children in sexual deviance. Men don't have uteruses. How did we get to this point? Michael Knowles of The Daily Wire exposes and diagnosis the losing strategy we have fallen for and shows how we can change course—and start winning. In the groundbreaking Speechless: Controlling Words, Controlling Minds Knowles reveals: How the "free speech absolutists" gave away the store The First Amendment does not require a value-neutral public square How the Communists figured out that their revolution could never succeed as long as

the common man was attached to his own culture Where political correctness came from How, comply or resist, political correctness is a win-win game for the bad guys Why taking our stand on "freedom of speech" helps put atheism, decadence, and nonsense on the same plane with faith, virtue, and reality The real question: Will we shut down drag queen story hour, or cancel Abraham Lincoln? For 170 years the First Amendment was compatible with prayer in public school How the atheists got the Warren Court to rule their way To this day, there's a First Amendment exception for obscenity. What exactly is the argument that perverts' teaching toddlers to twerk is not obscene? Read Speechless: Controlling Words, Controlling Minds if you want to learn how to take the fight to the enemy.
