Now fully revised and updated and featuring more than 55,000 entries, these foreign language dictionaries feature hundreds of new words reflecting today's cultural, political, and technological changes plus contemporary idioms and expressions. Revised reissue.

The War of the Rebellion iUniverse

The Encyclopedia of Cremation is the first major reference

resource focused on cremation. Spanning many world cultures it documents regional histories, ideological movements and leading individuals that fostered cremation whilst also presenting cremation as a universal practice. Tracing ancient and classical cremation sites, historical and contemporary cremation processes and procedures of both scientific and legal kind, the encyclopedia also includes sections on specific cremation rituals, architecture, art and text. Features in the volume include: a general introduction and editorial introductions to sub-sections by Douglas Davies, an international specialist in death studies; appendices of world cremation statistics and a chronology of cremation; cross-referencing pathways through the entries via

the index; individual entry bibliographies; and illustrations. This major international reference work is also an essential source book for students on the growing number of death-studies courses and wider studies in religion, anthropology or sociology.

Encyclopedia of Cremation SAGE

The subject of this Colloquy was the design of court systems and legal information systems and methods for setting them up, managing, and redesigning them cost effectively. These proceedings illustrate what is happening with these systems in Europe and the rapid pace of technological developments.

Joy Years iUniverse

"The Spoiled Child" is a beautifully crafted story set in early 19th century New England. A single mother is at her wit's end trying to deal with an increasingly tyrannical little boy. The child's outrageously bad behavior becomes even more terrible as the Christmas Season approaches. On the Eve of St. Nicholas Day, December 5th, the child has been sent to his room where he pounds on the door and screams that he hates his mother and that he will leave and never come back. A chill descends on the child's room and a shiver from the shadows produces a man dressed in black, horns protruding through the hood and wreath on his head, and a pack of switches on his back. It is Black Peter, a creature of Dutch folklore from the Middle Ages. Black Peter captures the spoiled child and spirits him to a family far away. The child, Jonathan, begins a new chapter in his life amidst a poor family on a rocky northern coast.

Her Majesty's government in the United Kingdom have decided to

publish the most important documents in the Foreign Office archives relating to British foreign policy between 1919 and 1939 in three series: the 1st ser. covering from 1919-1930, the 2d from 1930-39, the 3d from Mar. 1938 to the outbreak of the War.

Documents on British Foreign Policy, 1919-1939 Council of Europe

"Old & High addresses unmet mental health needs of older adults experiencing psychotropic substance dependence. It provides insight for clinical professionals in psychology, social work, gerontology, nursing, and medicine on how to integrate current neuroscience findings with contemporary psychotherapy techniques and harm reductive interventions to help older adults achieve successful recovery from substance abuse problems. Extensive use of clinical vignettes brings a humanistic perspective to the academic, evidenced-based research presented"--

NDEA Fellowships for College Teaching Routledge

An Introduction to Language offers an engaging guide to the nature of language, focusing on how language works - its sounds, words, structures, and phrases - all investigated through wide-ranging examples from Old English to contemporary pop culture. Explores the idea of a scientific approach to language, inviting students to consider what qualities of language comprise everyday skills for us, be they sounds, words, phrases, or conversation Helps shape our understanding of what language is, how it works, and why it is both elegantly complex and essential to who we are Includes exercises within each chapter to help readers explore key concepts and directly observe the patterns

that are part of all human language Examines linguistic variation and change to illustrate social nuances and language-in-use, drawing primarily on examples from English Avoids linguistic jargon, focusing instead on a broader and more general approach to the study of language, and making it ideal for those coming to the subject for the first time Supported by additional web resources - available upon publication at

www.wiley.com/go/hazen/introlanguage - including student study aids and testbank and notes for instructors

Leverage Puppet 5 for medium to large scale enterprise deployment. Key Features
Use and deploy Puppet 5, irrespective the size of your organization
Scaling, performance improvements, and managing multiple developer requests
Troubleshooting techniques, tips and tricks to make the most of Puppet 5
Book Description
Puppet is a configuration management system and a language written for and by system administrators to manage a large number of systems efficiently and prevent configuration drift. The core topics this book addresses are Puppet's latest features and mastering Puppet Enterprise. You will begin by writing a new Puppet module, gaining an understanding of the guidelines and style of the Puppet community. Following on from

this, you will take advantage of the roles and profiles pattern, and you will learn how to structure your code. Next, you will learn how to extend Puppet and write custom facts, functions, types, and providers in Ruby, and also use the new features of Hiera 5. You will also learn how to configure the new Code Manager component, and how to ensure code is automatically deployed to (multiple) Puppet servers. Next, you will learn how to integrate Puppet with Jenkins and Git to build an effective workflow for multiple teams, and use the new Puppet Tasks feature and the latest Puppet Orchestrator language extensions. Finally, you will learn how to scale and troubleshoot Puppet. By the end of the book, you will be able to deal with problems of scale and exceptions in your code, automate workflows, and support multiple developers working simultaneously. What you will learn
Solve problems using modules and the roles and profiles pattern
Extend Puppet with custom facts, functions, types, and providers
Use Hiera 5 and Code Manager/r10k to separate code from data
Continuously integrate your code using Jenkins, Git and automated testing
Use exported resources and the new Puppet Orchestration features
Explore Puppet Discovery features and their use
Troubleshoot various parts of the Puppet Enterprise infrastructure
Scale up and scale out Puppet infrastructure using various techniques
Who this book is for
If you are a system administrator or developer who has used Puppet in production and are looking for ways to easily use Puppet in an enterprise environment, this book is for you. Some knowledge of writing simple configuration management modules would be necessary.

This is my story of freedom. I loved my working life. I did not retire until I was seventy-two years old. This memoir is about the joy of free time to be creative, travel, and read. I love not having to show up. I choose when and where to spend my time. It is a great freedom to choose the wonders of not rushing around 24-7. I continue to live vibrantly well after retirement. My readers will find some helpful ways to enjoy real freedom.

Design of Court Systems and Legal Information Systems

Official records produced by the armies of the United States and the Confederacy, and the executive branches of their respective governments, concerning the military operations of the Civil War, and prisoners of war or prisoners of state. Also annual reports of military departments, calls for troops, correspondence between national and state governments, correspondence between Union and Confederate officials. The final volume includes a synopsis, general index, special index for various military divisions, and background information on how these documents were collected and published. Accompanied by an atlas.
