The SSBCI provides
funding to states,
territories, and eligible
municipalities to
expand existing or to
create new state small
business investment
programs, including
state capital access
programs, collateral
support programs, loan
participation programs,
loan guarantee
programs, and venture
capital programs. This
book examines the
SSBCI and its
implementation,
including Treasury's
response to initial
program audits
conducted by the U.S.
Government
Accountability Office
and Treasury's Office
of Inspector General.
These audits
suggested that SSBCI
participants were

generally complying with the statute's requirements, but that some compliance problems existed, in that, the Treasury's oversight of the program could be improved; and performance measures were needed to assess the program's efficacy.
