Gourmet Stackpole Books

“A page-turning book that spans a century of worker strikes.... Engrossing, character-driven, panoramic.” —The New York Times Book Review We live in an era of soaring corporate profits and anemic wage gains, one in which low-paid jobs and blighted blue-collar communities have become a common feature of our nation’s landscape. Behind these trends lies a little-discussed problem: the decades-long decline in worker power. Award-winning journalist and author Steven Greenhouse guides us

through the key episodes and trends in history that are essential to understanding some of our nation’s most pressing problems, including increased income inequality, declining social mobility, and the concentration of political power in the hands of the wealthy few. He exposes the modern labor landscape with the stories of dozens of American workers, from GM employees to Uber drivers to underpaid schoolteachers. Their fight to take power back is crucial for America’s future, and Greenhouse proposes concrete, feasible ways in which workers’ collective power can be—and is being—rekindled and reimagined in the twenty-first century. *Beaten Down, Worked Up* is a stirring and essential look at labor in America, poised as it is between the tumultuous struggles of the past and the vital, hopeful struggles ahead. A PBS NewsHour Now Read This Book Club Pick  
The Last Magazine Simon and Schuster

When Fallon and aspiring novelist Ben meet and fall in love the day before Fallon's cross-country move, they vow to meet on the same date every year, until Fallon suspects Ben is fabricating their relationship to create the perfect plot twist.

Matt Makes a Run for the Border Hay House, Inc

NFL linebacker, speaker, podcaster, and humanitarian Sam Acho gives a blueprint for taking off our masks and living lives of genuine authenticity. Most of us hide. We play small and don't live up to our full potential. Sam Acho was one of those people. As an NFL linebacker, for example, he earned his MBA but told no one because he was afraid of what people might think if they found out that he cared about things that weren't "normal" for his profession. After many years of hiding himself, the person he had become had no connection to the real Sam. Only when he lost a friend and a mentor did he realize he was doing it all wrong--just like many us do, when we try to become someone we're not. All the while, we ignore the unique gifts and talents and personality we truly possess. But there is another way of living: Let the world see you. Your quirks, your passions, and your inner desires were not given to you by accident. And the world needs your gifts. In *Let the World See You*, Sam Acho shares lessons from his own life as well as stories from others to reveal how you can overcome your fears and discover your true selves. Being the real you pays big. No one else has what you have. No one else can share what you share. *Let the World See You* helps crack the shell of people who are in hiding and reveals the benefits of a lifestyle lived on purpose.

Steven Raichlen's Healthy Latin Cooking Hachette UK

With special dietary solutions to ease menopausal discomfort,

diabetes, fatigue, depression, and other conditions, this reference provides basic instruction in nutrition and features 120 healthy, kitchen-tested recipes. Includes an A-to-Z section that explains which foods prevent and heal each disease.

**Fridge Love** Celestial Arts

150 homestyle dishes, featuring recipes from real-life weight-loss winners. Profiles of three hot-and effective!-weight-loss plans. A fun quiz to discover the strategies that may work best for you. Weight-loss hormones-and how to turn them on. Motivating stories and practical tips from real people who have lost weight.

*The Homesick Texan Cookbook* Knopf

The Tailgater's Cookbook Crown

It is a challenging decision to migrate to another country. Doubts surface. Which country has the best work culture and how it is different from the others? Which country offers a fantastic work-life balance? In what ways is a dependent's life more fulfilling in the UK than in the USA? Is Indian food really smelly? If Singapore is close to India, why do people aspire to go to far-off countries like Australia or New Zealand? Canada is inviting skilled immigrants in huge numbers now; what secrets should you know before moving there? Which is a better place to thrive—Germany or the Netherlands? France is beautiful, but what are the challenges involved in settling there? How are the health and education systems in China? What would your lifestyle be like in

South Africa or the UAE? The ones who have walked this path themselves are the ones who can answer the questions best! Thirty-four people from twelve countries around the world joined the author to share the untold secrets of living abroad. This ultimate guide hopes to help you not only in chasing your dreams but also in living them with dignity. Madhu rises from the ashes to find her wings again. Hari redeems his life in the face of odds, to live with dignity! Compelling stories promise to give direction to your dreams and change your thoughts about living abroad forever! When dreams are fulfilled, and the alarm goes off, should you keep snoozing it, or should you traverse from one dream to another, a dream within a dream? Explore these untold secrets and embark on your own journey of a lifetime!

#### *Biggest Book of Grilling* Meredith Books

The changing landscape of the American Social Consumer is shifting rapidly and these changes are having a major impact on future of restaurants demonstrated in this new book by Paul Barron, renowned entrepreneur, publisher, founder of FastCasual.com and restaurant industry innovator.

#### Food for Health and Healing Lebhar-Friedman

Welcome to the perverse and hilarious mind of Sara Barron. In *The Harm in Asking*, she boldly addresses the bizarre indignities of everyday life: from invisible pets to mobster roommates, from a hatred of mayonnaise to an unrequited love of k.d. lang, from the ruinous side effect of broccoli to the sheer delight of a male catalogue model. In a voice that is incisive and entirely her own, Barron proves herself the master of the awkward, and she achieves something wonderful and rare: a book that makes you laugh out loud. Simply put: if you read it, you will never be the

same.\* \*That's not true. You'll probably stay the same. But you'll have laughed a lot. And you'll have learned a fun fact about Jessica Simpson's home spray. See? You didn't even know she had a home spray! The learning has already begun.

#### Our Best Bites AuthorHouse

"The funniest, most savage takedown of the American news media since *Fear and Loathing: On the Campaign Trail '72*."—The Washington Post Michael Hastings' untimely death at the age of thirty-three rocked the journalism community. But the New York Times bestselling author of *The Operators* left behind an unexpected legacy: a wickedly funny novel based on Hastings's own journalistic experiences in the mid-2000s. Discovered in his files, the novel features a wet-behind-the-ears intern named Michael M. Hastings who must choose between his career and the truth. A searing portrait of print journalism's last glory days, *The Last Magazine* earned Hastings comparisons to Evelyn Waugh and Hunter S. Thompson and stands as a testament to one of America's most treasured reporters.

#### 9-Nov FT Press

These days everyone has something to say (or declaim!) about the U.S.–Mexico border. Whether it's immigration, resource management, educational policy, or drugs, the borderlands are either the epicenter or the emblem of a current crisis facing the nation. At a time when the region has been co-opted for every possible rhetorical use, what endures is a resilient and vibrant local culture that resists easy characterization. For an honest picture of life on the border, what remains is to listen to voices that are too often drowned out: the people who actually live and work there, who make their homes and livings amid a confluence

of cultures and loyalties. For many of these people, the border is less a hyphenated place than a meeting place, a merging. This aspect of the border is epitomized in the names of two cities that straddle the line: Calexico and Mexicali. A “sleepy crossroads that exists at a global flashpoint,” Calexico serves as the reference point for veteran journalist Peter Laufer’s chronicle of day-to-day life on the border. This wide-ranging, interview-driven book finds Laufer and travel companion/photographer on a weeklong road trip through the Imperial Valley and other border locales, engaging in earnest and revealing conversations with the people they meet along the way. Laufer talks to secretaries and politicians, restaurateurs and salsa dancers, poets and real estate agents about the issues that matter to them the most. What draws them to border towns? How do they feel about border security and the fences that may someday run through their backyards? Is “English-only” a realistic policy? Why have some towns flourished and others declined? What does it mean to be Mexican or American in such a place? Waitress Bonnie Peterson banter with customers in Spanish and English. Mayor Lewis Pacheco laments the role that globalization has played in his city’s labor market. Some of their anecdotes are humorous, others grim. Moreover, not everyone agrees. But this very diversity is part of the fabric of the borderlands, and these stories demand to be heard.

The Chipotle Effect Notion Press

"The entire focus of this book is to help students become informed users of information systems and information technology. In general, informed users receive increased value from organizational information systems and technologies. We

hope to help students do just that. What do information systems have to do with business? This edition of Rainer and Prince's Introduction to Information Systems will answer this question for you. In every chapter, you will see how real global businesses use technology and information systems to increase their profitability, gain market share, develop and improve their customer relations, and manage their daily operations. In other words, you will learn how information systems provide the foundation for all modern organizations, whether they are public sector, private section, for-profit, or not-for-profit"--

A Teen Guide to Buying Goods and Services John Wiley & Sons Presents low-fat versions of traditional Latin American dishes, accompanied by nutrition charts and dozens of health tips.

**It's Always Been Ours** Rodale Books

What's not to love about the pressure cooker? Using pressure created by super-heated steam, the pressure cooker can cut cook times by 70 percent, meaning dinner is on the table faster, and with significantly less energy use. Your dinner will be more nutrient-rich because vitamins and other good things won't be lost in evaporating steam. And it will taste delicious and succulent because none of the food's moisture has been allowed to escape. Finally, today's modern pressure cooker has been re-engineered for safety and ease of use, including the development of the electric pressure cooker.

**Prevention's Quick and Healthy Family Favorites**

**Cookbook** Mitchell Lane Publishers, Inc.

Quick, low-fat recipes, tips from chefs, preparation times, nutrient analyses, & menu plans.

*Beaten Down, Worked Up* Broadway

Features more than four hundred recipes for beef, veal, lamb, pork, and poultry dishes and includes instructions for preparing side dishes, salsas, sauces, vegetables, snacks, and appetizers of all kinds.

*That Moment* Business Plus

WE WILL REWRITE THE NARRATIVE OF BLACKNESS THAT CENTERS AND CELEBRATES OUR JOY. In *It's Always Been Ours* eating disorder specialist and storyteller Jessica Wilson challenges us to rethink what having a "good" body means in contemporary society. By centering the bodies of Black women in her cultural discussions of body image, food, health, and wellness, Wilson argues that we can interrogate white supremacy's hold on us and reimagine the ways we think about, discuss, and tend to our bodies. A narrative that spans the year of racial reckoning (that wasn't), *It's Always Been Ours* is an incisive blend of historical documents, contemporary writing, and narratives of clients, friends, and celebrities that examines the politics of body liberation. Wilson argues that our culture's

fixation on thin, white women reinscribes racist ideas about Black women's bodies and ways of being in the world as "too much." For Wilson, this white supremacist, capitalist undergirding in wellness movements perpetuates a culture of respectability and restriction that force Black women to perform unhealthy forms of resilience and strength at the expense of their physical and psychological needs. With just the right mix of wit, levity, and wisdom, Wilson shows us how a radical reimagining of body narratives is a prerequisite to well-being. *It's Always Been Ours* is a love letter that celebrates Black women's bodies and shows us a radical and essential path forward to rediscovering their vulnerability and joy.

**So Fast, So Easy Pressure Cooker Cookbook** University of Arizona Press

Many young people are surprised to learn that they play a big part in consumerism, the buying of goods and services. But the truth is that teens are among the most important consumers in the world today. Whether you have a part-time job or you get an allowance from your parents, all sorts of companies want you to spend your hard-earned cash on their products. How do you know which purchases are the smartest choices? What if you make a bad consumer decision? This book explains the ins and outs of goods and services, so you can feel good about the purchases you make—and save your money when a purchase isn't necessary.
