Bullying is not new, but it is becoming a bigger problem and its backlash is much harsher than ever before. This can no longer be ignored, or simply swept under the rug. This book addresses bullying, drug dependency and the experts' analysis of these issues. This author is no expert, but you don't need to be an expert in order to understand the major impact bullying has had on our children. These are not traditional views and do not live up to traditional standards. This thought-provoking series might just answer the questions we have all been asking, yet no one has honestly answered. "Our Voices Series" highlights out-of-the-box ideas that are different from societal norms which are not working. These are thought-provoking with a refreshing look at persistent problems. From the Authors: If you have any interest in things other than people's stories, complaints & drama and feel that there is something else out there, you're right, there is. And that's where we are. Social media, television, movies, other self-help books are unfulfilling. They just perpetuate an empty feeling. If you are interested in what everyone else is doing, keep supporting them. Yet, if you are interested in accessing something else within yourself and all around you, our books help to open the door to magic, science, creativity, & psychic ability. We work with energy. What does that mean? Everyone wants to talk to us or be in our conversations. So, we wrote about what we know and have experienced. If you want to be in our conversations, listen to our free podcasts. Otherwise, read our books, that's where the energy is. Find our books on our Amazon Author pages. Also visit: <https://fanlink.to/EiAlliance> Find our podcast shows everywhere: "Your Presence Is Required" (NEW) "Let's Talk About Energy, Ours & Yours" "The Kybalion: A Conversation" "Ancient Texts - The Genealogy of Energy" "Oprah! Can You Hear Me? Oprah vs. Donald 2020"

People Before Things University of Chicago Press

We've been made to believe that money is the ultimate motivator. We think that businesses who have high-end

compensation packages attract the best talent and that well-compensated employees will be high performers and stay content. The stats and scientifically-proven data say otherwise. Top talent and the highest producing employees desire three things other than money, and in *The Problem Isn't Their Paycheck*, Grant Botma reveals what those forces are and how to easily implement them so you can hire right and lead better. For Business Owners If you're an entrepreneur who's spending too much time working in your business, this book will allow you to finally start working on your business. Grant Botma shows you how to transform your hiring and management practices to build a thriving team of top performers that will handle the day-to-day tasks so you can have freedom and deliver value to the business in ways nobody else can. For People Desiring Great Employment If you're a talented employee who's looking for more-fulfilling employment, this book will help you articulate exactly what you want from your next employer. That way you can find a great company and confidently pursue a change.

The Element Morgan James Publishing

Why do some organizations succeed at delivering technology change and others don't? Quite simply, their leaders put people before things. Explore the head-slapping, intuitive conditions needed to enable and activate change. The motivation behind this book? Something is not working! Gallup reports the US economy loses \$50-150 billion a year due to failed IT projects and 70% of all change initiatives fail. Intended for executives, project managers, and grassroots influencers alike, *People Before Things* helps leaders become CHANGE leaders.

The Problem Isn't Teachers Multnomah

"If one more person tells me about their third cousin twice removed who met the love of their life online, I'm going to take out my weave and eat it." Being single sucks! Well, that's what everyone says, anyway. Single women over the age of 29 are seen as lonely, miserable, undesirable, and cat-crazy. Family members, friends — heck, even perfect strangers ask, "When are you going to get married?" This book flips the script on what it means to be a single woman in the twenty-first century. With dating horror story anecdotes and advice about online dating, self-esteem, sex, money, and freezing your eggs, Andrea Bain takes the edge off being single and encourages women to never settle.

Time Isn't the Problem Epitome Books

Celebrate Purity Overcoming lust is a process that requires diligent focus and accountability from others, and these in-depth guides help establish both. They're designed for a variety of settings, from one-on-one accountability partnerships to Sunday school classes. *Sex Is Not the Problem (Lust Is)* made the statement that lust is a human problem (not just a guy problem) and that Jesus can free anyone from its power. Going further, these gender-specific study guides feature questions and discussion starters that directly address the temptations unique to men and women. These resources are a must-have for anyone challenged to defeat lust and celebrate purity in their lives. *Lust Is Not Just a Guy Problem* Based on the bestselling message in *Sex Is Not the Problem (Lust Is)*, Joshua and Shannon Harris offer a companion study guide specifically designed to address the issues women face. For use in a personal or group setting, this in-

depth guide is a tool to help you apply the book's principles as you go further on your journey to holiness. "Sex Is Not the Problem (Lust Is) offers help and hope—not just for those who are dealing with sexual lust, but for anyone besieged by temptation of any kind." —Nancy Leigh DeMoss Author, host of the Revive Our Hearts radio program Includes a Modesty Heart-Check for Girls Each of the ten small-group sessions includes:

- Easy Review: A quick chapter summary makes review simple.
- Discussion Questions: Questions that serve as icebreakers, and then lead to deeper discussion and personal application.
- Accountability Follow-Up: Questions to help check each other's progress in a truthful and caring setting.
- Meditate and Memorize: Key Scriptures that will help women gain victory over lust.
- Custom-Tailored Action Plan: Women will be led in a step-by-step formulation of an Action Plan, uniquely tailored to combat their specific battles.

Story Behind the Book "I was preparing a message on lust when I realized that the book I wanted to consult hadn't been written. That book would make it clear that only Jesus Christ can free us from the hopeless treadmill of shame and guilt that so many well-intentioned people end up on. It would instill a love for holiness and a hatred for sin without dragging the reader's imagination through the gutter. And it would be for both men and women, because I've learned that lust isn't just a guy problem—it's a human problem." —Joshua Harris

Since Strangling Isn't an Option Penguin
This fun and elegant notebook journal is measured at 6.0" x 9.0" inches with 110 lined pages high-quality paper for writing notes, stories, and ideas. It can be used as a notebook ideas journal, notebook ideas writing or composition notebook journal.

Unless You Decide to Quit, Your Problem Isn't Going to be Smoking Independently Published
"THE FOOD AINT THE PROBLEM" isn't written from the typical perspective of most diet books: eat this, not that. Do this program, not that program. Carole Holliday unpacks how to effectively attack your weight problems & gives practical, real-life wisdom for daily living & practice. Having lost over 100 pounds, she presents her own personal testimony as well as a path to truly free living. Humorous illustrations are included throughout the book, providing a relatable & caring approach to a very serious & sobering topic. In the pages of this book you'll find a heartfelt plea to understand the true cause behind your

burgeoning belly & bigger bottom. Whether you've "tried it all" or you are someone who's just intrigued by the title, "THE FOOD AIN'T THE PROBLEM" will leave you full of truth, hope, & encouragement to begin your path to the true healing & restoration of your body & soul.

The Problem Isn't Their Paycheck Lioncrest Publishing
ACEASTĂ CARTE ÎȚI OFERĂ CONCEPTE DESPRE BANII IEȘITE DIN COMUN "Banii nu sunt problema, tu ești" este scrisă pentru cei care trăiesc într-o stare constantă de dificultate cu banii, fie că este vorba despre a cheltui prea mult, despre a nu avea suficient sau despre a avea prea mult. În "Banii nu sunt problema, tu ești", Gary M. Douglas și Dr. Dain Heer prezintă procese, instrumente și puncte de vedere pe care le poți folosi pentru a schimba modul în care banii curg în viața ta. Gary și Dain au lucrat cu mulți oameni pe tema banilor: de la cei care au zece dolari în buzunar până la cei care au zece milioane de dolari. Partea interesantă este că și unii și alții au aceeași problemă, și nu are nimic de-a face cu banii. Are de-a face cu ceea ce nu sunt dispuși să primească. Ceea ce nu ești dispus să primești creează limitarea a ceea ce poți avea. Schimbă ACEST lucru iar banii nu vor mai fi o problemă! CUM AR FI DACĂ A ÎNVĂȚA SĂ PRIMEȘTI ESTE CEL MAI GROZAV LUCRU PE CARE ÎL POȚI FACE ? Cartea "Banii nu sunt problema, tu ești" are la bază un seminar de succes pe tema banilor sub marca Access Consciousness, seminar susținut în SUA, Canada, Asia, America de Sud, Australia și Noua Zeelandă! Această carte a fost tradusă în mai multe limbi, invitând oameni din întreaga lume, la mai multă libertate cu banii și viața lor. "Nu este vorba despre bani. Niciodată. Este vorba despre ce anume ești dispus să primești. Universul este peste măsură de abundent. Învăță să faci alegeri diferite folosind instrumentele de împuternicire din această carte. POȚI crea o realitate diferită." - Gary M. Douglas, Fondatorul Access Consciousness

2044 Penguin UK
The authors share processes, tools, and points of view that can be used to change the way money flows into one's life. What a person is unwilling to receive creates the limitation of what he or she can have.

Giving Up the Ghosts Independently Published
How does the government decide what's a problem and what isn't? And what are the consequences of that process? Like individuals, Congress is subject to the "paradox of search." If policy makers don't look for problems, they won't find those that need to be addressed. But if they carry out a thorough search, they will almost certainly find new problems—and with the definition of each new problem comes the possibility of creating a government program to address it. With The Politics of Attention, leading policy scholars Frank R. Baumgartner and Bryan D. Jones demonstrated the central role attention plays in how governments prioritize problems. Now, with The Politics of Information, they turn the focus to the problem-detection process itself, showing how the growth or contraction of government is closely related to how it searches for information and how, as an organization, it analyzes its findings. Better search processes that incorporate more diverse viewpoints lead to more intensive policymaking activity. Similarly, limiting search processes leads to declines in policy making. At the same time, the authors find little evidence that the factors usually thought to be responsible for government expansion—partisan control, changes in presidential leadership, and shifts in public opinion—can be systematically related to the patterns they observe. Drawing on data tracing the course of American public policy since World War II, Baumgartner and Jones once again deepen our understanding of the dynamics of American policy making.
