DEACON WELCH

The Ramblings of an Aging Angler

Rowman & Littlefield

FIELD & STREAM, America's largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations.

[The EBay Price Guide](#) Stackpole Books

The Bighorn River in southern Montana is the world's best tailwater, with more trout in it (measured in fish per mile) than any other river in the United States. This is the first comprehensive guide to the river. • Over 60 of the best guide patterns • Interviews with the river's top guides • Detailed access, advice, and tips for the

famous tailwater in Fort Smith, Montana • Includes information on the secret stretch near Thermopolis, Wyoming

The Riverkeeper's Guide to the Chattahoochee Creative Publishing International

An updated classic now available in hardcover. Tips on casting, nymph and wet fly patterns, hints on controlling fishing depth, and much more.

Field & Stream HarperCollins

A comprehensive book on tactics for streamers, including new approaches for trout, steelhead, muskie, and bass. Features over 450 detailed photos and illustrations of casting and presenting streamers. • Patterns from several of the most prominent contemporary streamer tiers, including Blane Chocklett, Kelly Galloup, Rich Strolis, Ben Furimsky, Mike Schmidt, Russ Maddin, and more • Step-by-step photos to help you master casting

and presentation • Sections on reading the water, trout behavior, equipment, casting, and night fishing

The Orvis Guide to Beginning Fly Fishing

Great Lakes Publications

"Beautiful. ... A lyrical companion to his father's classic, *A River Runs through It*, chronicling their family's history and bond with Montana's Blackfoot River."

—Washington Post A "poetic" and "captivating" (Publishers Weekly) memoir about the power of place to shape generations, *Home Waters* is John N. Maclean's remarkable chronicle of his family's century-long love affair with Montana's majestic Blackfoot River, the setting for his father's classic novella, *A River Runs through It*. Maclean returns annually to the simple family cabin that his grandfather built by hand, still in search of the trout of a lifetime. When he hooks it at last, decades of longing

promise to be fulfilled, inspiring John, reporter and author, to finally write the story he was born to tell. A book that will resonate with everyone who feels deeply rooted to a landscape, *Home Waters* is a portrait of a family who claimed a river, from one generation to the next, of how this family came of age in the 20th century and later as they scattered across the country, faced tragedy and success, yet were always drawn back to the waters that bound them together. Here are the true stories behind the beloved characters fictionalized in *A River Runs through It*, including the Reverend Maclean, the patriarch who introduced the family to fishing; Norman, who balanced a life divided between literature and the tug of the rugged West; and tragic yet luminous Paul (played by Brad Pitt in Robert Redford's film adaptation), whose mysterious death has haunted the family and led John to investigate his uncle's murder and reveal new details in these pages. A universal story about nature, family, and the art of fly fishing, Maclean's memoir beautifully captures the inextricable ways our personal histories are linked to the places we come from—our home waters. Featuring twelve wood engravings by Wesley W. Bates and a map of the Blackfoot River region.

Dynamic Nymphing St. Martin's Press

This little pocket book arms the angler with all the information he needs about the insects hatching on the water so he can select the right fly from his flybox.

Reeling In Russia Moon Travel

The author sought out a wide range of female anglers, individuals from age 20 to 90, from the Florida Keys all the way to Alaska. These women fish for nearly every species that swims in freshwater and salt. They fish with lures, flies, and bait. They fish out of multi-million-dollar sport-fishing yachts and out of kayaks, off piers, and beaches. All are passionate about their favorite outdoor sport. Their personal stories are fascinating, and their commitment to wild fisheries and resource conservation for the future is inspiring.

Mid Atlantic Fly Fishing Guide Simon and Schuster

In this collection of essays, satirist Ohman covers a wide range of topics about fly fishing. Illustrated with more than fifty new cartoons.

Steelhead Fly Fishing Stackpole Books
Many anglers who wish to get started in fly fishing are intimidated. With so many choices of expensive rods, reels, lines, leaders and flies, it's difficult to know where to begin. And it doesn't help that a few of the so-called "experts" in the field write articles implying the sport is difficult

to master. The truth is, to be a successful fly angler you don't need to know everything about everything. That's what sets this book apart from the many other fly fishing books available today. In these pages, veteran fly-fishing instructor Chris Hansen concentrates on teaching you the basics. For example, if you aren't sure what level fly angler you are, check out Hansen's "10 Ways to Tell If You're a Beginner." Want to learn how to fly cast? Read "12 Tips to Making the Perfect Cast." And if you think you must carry everything but the kitchen sink with you every time you wade into a stream, look at Hansen's "8 Accessories for Every Trip." Hansen understands the best reason to try fly fishing is that in many situations you can catch more fish with flies than you can with spinning or baitcasting lures. In this book's final chapter, "Catching Fish on Flies," he details these situations for panfish, trout, largemouth bass, smallmouth bass, and even northern pike. In addition, he shows you his "Top 10 Fly Patterns" for each species and the best retrieves for getting finicky fish to strike.

Strip-Set Page Publishing Inc

Modern-day fly fishing, like much in life, has become exceedingly complex, with high-tech gear, a confusing array of flies and terminal tackle, accompanied by high-priced fishing guides. This book reveals that the best way to catch trout is simply, with a rod and a fly and not much else. The wisdom in this book comes from a simpler time, when the premise was: the more you know, the less you need. It teaches the reader how to discover where the fish are, at what depth, and what they are feeding on. Then it describes the techniques needed to present a fly at that depth, make it look lifelike, and hook the fish. With chapters on wet flies, nymphs, and dry flies, its authors employ both the tenkara rod as well as regular fly fishing gear to cover all the bases. Illustrated by renowned fish artist James Prosek, with inspiring photographs and stories throughout, *Simple Fly Fishing* reveals the secrets and the soul of this captivating sport.

Tactical Fly Fishing Simon and Schuster

With decades of fly-fishing experience, Ed Quigley is the perfect candidate to provide fly-fishing know-how to prospective flyfishers. For those new to fly fishing as well as for experienced anglers looking to add some "secrets" to their own bags of tricks, *Fly-Fishing Advice from an Old-Timer* will illuminate the fly-fishing world. Richly illustrated and clearly written, Quigley includes down-to-earth explanations of the basics, detailed discussions of advanced topics, and

ingenious tips and compelling anecdotes from his own years of experience fly fishing streams from Labrador to Costa Rica and beyond. Readers will discover: When to use emergers, caddis flies, midges, and cripples How to create flies literally "on the fly" right on the stream How to choose the best rods, reels, lines, waders, and leaders The real secret to playing a fish The lowdown on winter fishing And much more! Along with his own personal advice, Quigley provides answers on where to find more information on each topic: websites, articles, DVDs, and books. His must-read list of fly-fishing books with his own comments on the most useful information in each ties together one of the most comprehensive fly-fishing books ever written. Skyhorse Publishing is proud to publish a broad range of books for fishermen. Our books for anglers include titles that focus on fly fishing, bait fishing, fly-casting, spin casting, deep sea fishing, and surf fishing. Our books offer both practical advice on tackle, techniques, knots, and more, as well as lyrical prose on fishing for bass, trout, salmon, crappie, baitfish, catfish, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

Moon California Fishing Stackpole Books

"His presentation of the what, how, when, where and why of the sport is eloquent in the clarity and precision of his writing. He provides a wealth of practical information, embellished with personal observations, and quotes from past masters." -Richard Robinson, Master professional golf

instructor, author, and fisherman "This book is an excellent resource for beginning anglers, and a very entertaining read even for those with decades of experience on the water." -Justin Witt, International outfitter, guide, contributor to "The Flyfish Journal"

With fifty years of fly-fishing experience, Al Simpson has written an engaging book about fly-fishing for trout. It is packed with information helpful to anglers of all skill levels. Insights are frequently presented through a streamside experience. Topics include getting started, equipment, casting, trout feeding behavior, flies, reading the water, presentation, and seasons. He also discusses controversial topics like etiquette, stocking, and restoration of native trout. The work is richly enhanced with over 200 color photos and line drawings. It joins the short list of must-reads for trout anglers. The author began fly-fishing in 1962. He lives in the Blue Ridge Mountains of Virginia, and has fished the mid-Atlantic's trout streams extensively. Summers have always included fishing in the northern Rockies. Now retired from the University of Virginia where he practiced and taught cardiology, he and wife Ginny spend their summers in Montana. They frequently travel to trout venues about the globe. A lifetime member of Trout Unlimited, he served as vice president on Virginia's state council. He works part-time for Orvis as a fly-fishing retail specialist, and teaches fly-fishing. Local sports clubs frequently invite him to speak and conduct fly-fishing clinics. An avid blogger on all things related to fly-fishing for trout, he has an international following.

Texas Parks & Wildlife Fly Fishing: A Woman's Guide for Beginners
- Rods, reels, lines, leaders, knots, flies, waders, and other equipment you'll need

to start fly fishing - Demystifies fly fishing and shows you how to keep it simple - The ten most versatile flies for freshwater fishing, plus detailed illustrations that show necessary gear, flies, and how to tie knots Fly fishing has a reputation for being complex and difficult, and it can be both fascinating and intimidating to newcomers. This book covers the basic essentials of what you need to get started and then, when you're ready to take on more, shows you how to explore further. Soon-to-be fly fishers will find this a useful introduction.

Home Waters Stackpole Books

One day in 2006, I thought that if I were ever going to write about my learning experience with fly-fishing, it should be now while I am making the transition from "Newbie" to "Somewhat Proficient." I have come from knowing absolutely nothing about the sport to being reasonably good at it. At least I can catch fish consistently and, more importantly, most of the time I know why I am catching them. If you don't know anything about fly-fishing, this is the book for you because that was exactly my situation a few years ago. The book will help anyone to catch fish using a flyrod without any prior knowledge.

The Trout and the Fly Prentice Hall FIELD & STREAM, America's largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations.

The Unreasonable Virtue of Fly Fishing University of Georgia Press

The most all-encompassing compendium of truly valuable information on steelhead ever written. —Jack Hemingway There are exceptional chapters on the fish itself; the tackle and techniques used to pursue it under diverse circumstances in such great steelhead rivers as the Deschutes, the Dean, the North Umpqua, the Bulkley, the

Rogue and the Babine, and memorable profiles of the modern masters and the fly patterns they developed.

Fishing Small Flies Bloomsbury Publishing USA

Witty, shrewd, and always a joy to read, John Gierach, "America's best fishing writer" (Houston Chronicle) and favorite streamside philosopher, has earned the following of "legions of readers who may not even fish but are drawn to his musings on community, culture, the natural world, and the seasons of life" (Kirkus Reviews). "After five decades, twenty books, and countless columns, [John Gierach] is still a master" (Forbes). Now, in his latest original collection, Gierach shows us why fly-fishing is the perfect antidote to everything that is wrong with the world. "Gierach's deceptively laconic prose masks an accomplished storyteller...His alert and slightly off-kilter observations place him in the general neighborhood of Mark Twain and James Thurber" (Publishers Weekly). In *Dumb Luck and the Kindness of Strangers*, Gierach looks back to the long-ago day when he bought his first resident fishing license in Colorado, where the fishing season never ends, and just knew he was in the right place. And he succinctly sums up part of the appeal of his sport when he writes that it is "an acquired taste that reintroduces the chaos of uncertainty back into our well-regulated lives." Lifelong fisherman though he is, Gierach can write with self-deprecating humor about his own fishing misadventures, confessing that despite all his experience, he is still capable of blowing a strike by a fish "in the usual amateur way." "Arguably the best fishing writer working" (The Wall Street Journal), Gierach offers witty, trenchant observations not just about fly-fishing itself but also about how one's love of fly-fishing shapes the world that we choose to make for ourselves.
