Quality in Student Financial Aid Programs
This report of the Panel on Quality Improvement in Student Financial Aid Programs examines the quality control of federal student financial aid programs covered by Title IV of the Higher Education Act of 1965 and offers recommendations calling for sweeping revisions of the present system. The report explores: (1) the quality control practices employed by the Department of Education to measure the accuracy of eligibility of students for awards; and (2) the methods used by program managers, based on this information, to reduce errors. Part 1

describes the new philosophy of continuous improvement as well as Title IV student financial aid programs and the system for distributing the awards. Part 2 discusses the outcome of Department of Education activities to control, improve, and monitor the "quality of the award" in the current system. Among the topics addressed are the methodological and statistical integrity of current quality control studies, including the accuracy of estimates of national error rates; a review of the application forms and their instructions; and the potential for risk-based management of audit and review processes. Part 3 looks at the larger picture and recommends changes in the system that should more efficiently reduce the recurring problems identified in Part 2. Appendices include six papers addressing various aspects of student financial aid reform. (Contains over 60 references.) (GLR)
Improving Access to Student Financial Aid Information
This document presents testimony and prepared statements concerning the lack of information about educational and career opportunities for young people beyond high school, and the need for improving access to student financial aid information so that economically disadvantaged students have the opportunity to go on to higher education. Witnesses were: Col. John C. Meyers, Director, Advertising and Public Affairs, U.S. Army Recruiting Command; Hon. Ernest C. Canellos, Acting Deputy Assistant Secretary, Office of Student Financial Assistance, U.S. Department of Education; Gwendolynne S. Moore, Representative, Seventh Assembly District, State of Wisconsin; Selena

Dong, Legislative Director, United States Student Association; Regina E. Manley, president National Association of College Admission Counselors, Chicago [IL] Public Schools; Gary D. Bass, Executive Director, OMB Watch; and A. Dallas Martin, Jr., President, National Association of College Admission Counselors. Also included in the document is a U.S. Department of Education publication called "The Key to the Future," that provides information to assist those interested in seeking student aid, including how to get it, what's available, and general information on the department's Student Aid process. Appendices contain: (1) prepared statements of witnesses in order of appearance; (2) statements from Senators Lieberman and Rudman; (3) responses from the National Association of Student Financial Aid Administrators to Senator Rudman's questions; and (4) responses to questions from Senator Kohl by the U.S. Department of Education.
