Maryland: A Guide to the Old Line State

Arcadia Publishing Chestertown, the seat of Kent County on Maryland's Eastern Shore, is located on the Chester River. Once a center of trade with Great Britain and the West Indies, the town founded in 1706 now boasts grand houses built by wealthy merchants. The town is also home to Washington College,

which was founded in 1782 with the help of George Washington, making it the 10th-oldest college in the country. Chestertown residents, proud of their heritage, hold their own tea party celebration each year in remembrance of the 1774 citizens who boarded the brigantine William Geddes and tossed its cargo overboard to protest the British tea tax. This volume is meant to be its own celebration of Chestertown and Kent County's rich history. *Civil War* Rowman & Littlefield

From a former reporter for The Associated Press (Kazickas) and a 20/20 news correspondent (Sherr) comes this witty and informative illustrated guide to over 1,000 historic landmarks

commemorating the words and deeds of American heroines from Anne Hutchinson to Christa McAuliffe. *Cruising the Chesapeake: A Gunkholers Guide, 4th Edition* Arcadia Publishing  
Kent County has retained its serenity and beauty in the face of the passage of time. Situated on a peninsula where the Chester and Sassafras Rivers amble gently into the Chesapeake Bay, Kent County boasts miles of picturesque shoreline that provide perfect frame for the miles of undeveloped farmland that makes up the heart of the county. *Maryland and Delaware Off the Beaten Path®* Arcadia Publishing  
Between the waters of the Atlantic and the Chesapeake is

Delmarva, a storied land that was once the hunting ground of Blackbeard, where ancient sea monsters lurk and wild ponies gallop along the beaches. Local author David Healey explores the lore of Delmarva, from the legends of St. Michaels--the town that escaped British cannons with a clever trick--to stories of Assateague's cannibalistic colonists and the all but forgotten history of Anna Carroll, President Lincoln's "Dear Lady," who is rumored to have brilliantly advised him on strategy during the Civil War. Join Healey as he reveals the secret history and remarkable legends of Delmarva.

The Pelican Guide to

Maryland Greenwood

"A hundred years ain't such a very long time on the Eastern Shore," local farmers and

watermen used to say, and that is a telling refrain. Past and present mix easily on the Shore, and, in this respect, as well as in certain local customs and habits of language, the region is very much still an old-fashioned English society. Until fairly recently, the peninsula was one of the most geographically isolated regions on the Atlantic coast. In this isolated society, the most important factors have been agriculture, seafaring, and race--a blend of soil, sea, and soul. In his attempt to convey the special character of the region--before accelerating change affects its transformation--John Wennersten has used these themes as a framework for an

absorbing narrative. His insights into how these elements affected the development of the area and its current character take the story of the Eastern Shore beyond mere facts and into the realm of socio-cultural history. This is a fascinating overview of an unusual--and perhaps vanishing--lifestyle.

Terrifying tales of the ghosts that roam the marshes, swamps, and waterways of the nine counties on Maryland's eastern shore. They walk beside the murky waters of the Chesapeake Bay, linger among the fetid swamps and roam the manor halls. These are

the tormented souls who refuse to leave the sites of their demise. From pitiless smugglers to reluctant brides, the ghostly figures of the Eastern Shore are at once terrifying and tragic. Mindie Burgoyne takes readers on a spine-tingling journey as she recounts the grisly events at the Cosden Murder Farm and the infamous legend of Patty Cannon. Tread the foggy lanes of Kent Manor Inn and linger among Revolutionary War dead to discover the otherworldly occupants of Maryland's most haunted shore. Includes photos! "A compilation of tales of hauntings and mysteries in the Eastern Shore area . . . The response to the book was so

overwhelming, Burgoyne began organizing bus tours that travel to the sites, allowing her fans to see firsthand the location of the hauntings."

The daring women of Maryland made their mark on history as spies, would-be queens and fiery suffragettes. Sarah Wilson escaped indentured servitude in Frederick by impersonating the queen's sister. In Cumberland, Sallie Pollock smuggled letters for top Confederate officials. Baltimore journalist Marguerite Harrison snuck into Russia to report conditions there after World War I. From

famous figures like Harriet Tubman to unsung heroines like "Lady Law" Violet Hill Whyte, author Lauren R. Silberman introduces Maryland's most tenacious and adventurous women. *Backroads from the Beltway* The Kitty Knight House Catharine "Kitty" Knight, a prominent resident of the Eastern Shore community of Georgetown, Maryland, was credited with saving two dwellings there from being burned by the British during the War of 1812. One of the houses, which she subsequently bought, is now a historic site with a restaurant and inn. Haunted Eastern Shore This is a comprehensive history of immigrants from the

historic lands of the Bohemian Crown and its successor states, including Czechoslovakia and the Czech Republic, based on the painstaking lifetime research of the author. The reader will find lots of new information in this book that is not available elsewhere. The title of the book comes from a popular song of the famous Czech artistic duo, Voskovec and Werich, who described America in those words when they lived here, reflecting on their love for this country. It covers the period starting soon after the discovery of the New World to date. The emphasis is on the US, although Canada and Latin America are also covered. It covers the arrival and the

settlement of the immigrants in various states and regions of America, their harsh beginnings, the establishment of their communities, and their organization. A separate section is devoted to the contributions of notable individuals in different areas of human endeavor, including Bohemians, Moravians, Bohemian Jews, and the Slovaks. These people excelled

in just about every facet of human undertaking. Even though a total number of these immigrants were fewer than other ethnic groups, their accomplishments were phenomenal. Nothing like this has ever been published since the time Thomas Capek wrote his classic *The Cechs (Bohemians) in America* some one hundred years ago.
