**#1 NEW YORK TIMES BESTSELLER** • Long before the First Order, before the Empire,

before even *The Phantom Menace* . . . Jedi lit the way for the galaxy in *The High Republic*. It is a golden age. Intrepid hyperspace scouts expand the reach of the Republic to the furthest stars, worlds flourish under the benevolent leadership of the Senate, and peace reigns, enforced by the wisdom and strength of the renowned order of Force users known as the Jedi. With the Jedi at the height of their power, the free citizens of the galaxy are confident in their ability to weather any storm. But the even brightest light can cast a shadow, and some storms defy any preparation. When a shocking catastrophe in hyperspace tears a ship to pieces, the flurry of shrapnel emerging from the disaster threatens an entire system. No sooner does the call for help go out than the Jedi race to the scene. The scope of the emergence, however, is enough to push even Jedi to their limit. As the sky breaks open and destruction rains down upon the peaceful alliance they helped to build, the Jedi must trust in the Force to see them through a day in which a single mistake could cost billions of lives. Even as the Jedi battle valiantly against calamity, something truly deadly grows beyond the

boundary of the Republic. The hyperspace disaster is far more sinister than the Jedi could ever suspect. A threat hides in the darkness, far from the light of the age, and harbors a secret that could strike fear into even a Jedi's heart.

For years the Republic and the Separatists have battled across the stars, each building more and more deadly technology in an attempt to win the war. As a member of Chancellor Palpatine's top secret Death Star project, Orson Krennic is determined to develop a superweapon before their enemies can. And an old friend of Krennic's, the brilliant scientist Galen Erso, could be the key. Galen's

energy-focused research has captured the attention of both Krennic and his foes, making the scientist a crucial pawn in the galactic conflict. But after Krennic rescues Galen, his wife, Lyra, and their young daughter, Jyn, from Separatist kidnappers, the Erso family is deeply in Krennic's debt. Krennic then offers Galen an extraordinary opportunity: to continue his scientific studies with every resource put utterly at his disposal. While Galen and Lyra believe that his energy research will be used purely in altruistic ways, Krennic has other plans that will finally make the Death Star a reality. Trapped in their benefactor's tightening grasp, the Ersos must untangle Krennic's web of deception to save themselves and the galaxy itself.

NEW YORK TIMES BESTSELLER • Grand Admiral Thrawn faces the ultimate test of his loyalty to the Empire in this epic Star Wars novel from bestselling author Timothy Zahn. "If I were to serve the Empire, you would command my allegiance." Such was the promise Grand Admiral Thrawn made to Emperor

Palpatine at their first meeting. Since then, Thrawn has been one of the Empire's most effective instruments, pursuing its enemies to the very edges of the known galaxy. But as keen a weapon as Thrawn has become, the Emperor dreams of something far more destructive. Now, as Thrawn's TIE defender program is halted in favor of Director Krennic's secret Death Star project, he realizes that the balance of power in the Empire is measured by more than just military acumen or tactical efficiency. Even the greatest intellect can hardly compete with the power to annihilate entire planets. As Thrawn works to secure his place in the Imperial hierarchy, his former protégé Eli Vanto returns with a dire warning about Thrawn's homeworld. Thrawn's mastery of strategy must guide him through an impossible choice: duty to the Chiss Ascendancy, or fealty to the Empire he has sworn to serve. Even if the right choice means committing treason. Praise for *Thrawn: Treason* "Another excellent addition to the new canon . . . *Thrawn: Treason* will reward you thoroughly for your time."—GeekMom "If you've ever enjoyed a Thrawn story—whether that was *Heir to the*

Laugh till you cry in this new collection of stories from the award-winning “Serena Williams of humor writing” (New York Times Book Review) about raising babies and trying not to be one. Called a “comedic Godsend” by Conan O’Brien and “the Stephen King of comedy writing” by

John Mulaney, Simon Rich is back with New Teeth, his funniest and most personal collection yet. Two murderous pirates find a child stowaway on board and attempt to balance pillaging with co-parenting. A woman raised by wolves prepares for her parents’ annual Thanksgiving visit. An aging mutant superhero is forced to learn humility when the mayor kicks him upstairs to a desk job. And in the hard-boiled caper “The Big Nap,” a weary two-year-old detective struggles to make sense of “a world gone mad.” Equal parts silly and sincere, New Teeth is an ode to growing up, growing older, and what it means to make a family.
