This open access book on the history of the National Radio Astronomy Observatory covers the scientific discoveries and technical innovations of late 20th century radio astronomy with particular attention to the people and institutions involved. The authors have made extensive use of the NRAO Archives, which contain an unparalleled collection of documents pertaining to the history of radio astronomy, including the

institutional records of NRAO as well as the personal papers of many of the pioneers of U.S. radio astronomy. Technical details and extensive citations to original sources are given in notes for the more technical readers, but are not required for an understanding of the body of the book. This book is intended for an audience ranging from interested lay readers to professional researchers studying the scientific, technical, political, and cultural development of a new science, and how it changed the course of 20th century astronomy.

The iLLamanati have emerged from hidden places of the Earth to shed light on the dark side of human endeavors by collating and publishing literature on the secrets of the Illuminati. Representing the Grand Llama, an omniscient, extradimensional light being who is channeled by our Vice-Admiral, Captain Space Kitten, the iLLamanati is organized around a cast of interstellar characters who have arrived on Earth to wage a battle for the light. Bloodlines of the Illuminati was written by Fritz Springmeier. He wrote and self-published it as a public domain .pdf in 1995. This seminal book has been republished as a three-volume set by the

iLLamanati. Volume 1 has the first eight of the 13 Top Illuminati bloodlines: Astor, Bundy, Collins, DuPont, Freeman, Kennedy, Li, and Onassis. Volume 2 has the remaining five of the 13 Top Illuminati bloodlines: Rockefeller, Rothschild, Russell, Van Duyn, and Merovingian. Volume 3 has four other prominent Illuminati bloodlines: Disney, Reynolds, McDonald, and Krupps.

Letters From The Earth Bloodlines of the Illuminati

It was the summer Coltrane died, the summer of love and riots, and the summer when a chance encounter in Brooklyn led two young people on a path of art, devotion, and initiation. Patti Smith would evolve as a poet and performer, and Robert Mapplethorpe would direct his highly provocative style

toward photography. Bound in innocence and enthusiasm, they traversed the city from Coney Island to Forty-second Street, and eventually to the celebrated round table of Max's Kansas City, where the Andy Warhol contingent held court. In 1969, the pair set up camp at the Hotel Chelsea and soon entered a community of the famous and infamous—the influential artists of the day and the colorful fringe. It was a time of heightened awareness, when the worlds of poetry, rock and roll, art, and sexual politics were colliding and exploding. In this milieu, two kids made a pact to take care of each other. Scrappy, romantic, committed to create, and fueled by their mutual dreams and drives, they would prod and provide for one another during the hungry years.

Just Kids begins as a love story and ends as an elegy. It serves as a salute to New York City during the late sixties and seventies and to its rich and poor, its hustlers and hellions. A true fable, it is a portrait of two young artists' ascent, a prelude to fame.

Twelve Years A Slave, Illustrated Edition
To Kill a Mockingbird

Follow the historic 1953 statewide police investigation of polygamy called Operation Seagull as it leads to young Karen Hardy's Utah farm family. Karen is frightened of police following her family and is publicly humiliated when her first period begins during the sacred ceremony for baptizing the dead in the Salt Lake City temple. She finally tells her friend, "I wish I could be just a normal kid living in a normal place out in

the world somewhere." Public shame and constant fear cloud her dreams of a life where she won't be punished for the sin of yearning for store-bought clothes, the sin of asking questions, the sin of resisting lies about polygamy, but most alarming, the sin of dodging the leering white haired prophet her family worships as the One Mighty and Strong and who is stalking her as his plural bride to be. Rodman the Keeper Victor Gollancz From the nineteenth-century textile mills of Lowell, Massachusetts, to the triumph of unions in the twentieth century and their waning influence today, the contest between labor and capital for the American bounty has shaped our national experience. In this stirring new history, Philip Dray shows us the vital accomplishments of organized labor and

illuminates its central role in our social, political, economic, and cultural evolution. His epic, character-driven narrative not only restores to our collective memory the indelible story of American labor, it also demonstrates the importance of the fight for fairness and economic democracy, and why that effort remains so urgent today.

Some Distinguished Victims of the Scaffold McGraw-Hill/Glencoe Folklore—the inherently creative expression, transmission, and performance of cultural traditions—has always provided a deep well of material for writers, musicians, and artists of all sorts. Folklorists usually employ descriptive and analytical prose, but they, like scholars in other social sciences, have increasingly sought new,

creative and reflexive modes of discourse. Many folklorists are also creative writers, some well known as such, and the folk traditions they research often provide shape and substance to their work. This collection of creative writing grounded in folklore and its study brings together some of the best examples of such writing. Contributors to this collection include Teresa Bergen, John Burrison, Norma E. Cantu, Frank de Caro, Holly Everett, Danusha Goska, Neil R. Grobman, Carrie Hertz, Edward Hirsch, Laurel Horton, Rosan Augusta Jordan, Paul Jordan-Smith, Elaine J. Lawless, Cynthia Levee, Jens Lund, Mary Magoulick, Bernard McCarthy, Joanne B. Mulcahy, Kirin Narayan, Ted Olson, Daniel Peretti, Leslie Prosterman, Jo Radner, Susan

Stewart, Jeannie Banks Thomas, Jeff Todd Titon, Libby Tucker, Margaret Yocom, and Steve Zeitlin.

Sexist Justice Harper Collins
 NATIONAL BESTSELLER • The lives of three women—transgender and cisgender—collide after an unexpected pregnancy forces them to confront their deepest desires in “one of the most celebrated novels of the year” (Time) “Reading this novel is like holding a live wire in your hand.”—Vulture Named one of the Best Books of the Year by more than twenty publications, including The New York Times Book Review, Entertainment Weekly, NPR, Time, Vogue, Esquire, Vulture, and Autostraddle PEN/Hemingway Award Winner • Finalist for the Lambda Literary Award, the National Book Critics Circle

Award, and the Gotham Book Prize • Longlisted for The Women’s Prize • Roxane Gay’s Audacious Book Club Pick • New York Times Editors’ Choice Reese almost had it all: a loving relationship with Amy, an apartment in New York City, a job she didn’t hate. She had scraped together what previous generations of trans women could only dream of: a life of mundane, bourgeois comforts. The only thing missing was a child. But then her girlfriend, Amy, detransitioned and became Ames, and everything fell apart. Now Reese is caught in a self-destructive pattern: avoiding her loneliness by sleeping with married men. Ames isn’t happy either. He thought detransitioning to live as a man would make life easier, but that decision cost him his relationship with

Reese—and losing her meant losing his only family. Even though their romance is over, he longs to find a way back to her. When Ames's boss and lover, Katrina, reveals that she's pregnant with his baby—and that she's not sure whether she wants to keep it—Ames wonders if this is the chance he's been waiting for. Could the three of them form some kind of unconventional family—and raise the baby together? This provocative debut is about what happens at the emotional, messy, vulnerable corners of womanhood that platitudes and good intentions can't reach. Torrey Peters brilliantly and fearlessly navigates the most dangerous taboos around gender, sex, and relationships, gifting us a thrillingly original, witty, and deeply moving novel.

The Oxford Companion to the Literature of Wales Library of Alexandria
Upton Sinclair is one of the not too many writers who have consecrated their lives to the agitation for social justice, and who have also enrolled their art in the service of a set purpose. A great and non-temporizing enthusiast, he never flinched from making sacrifices. Now and then he attained great material successes as a writer, but invariably he invested and lost his earnings in enterprises by which he had hoped to ward off injustice and to further human happiness. Though disappointed time after time, he never lost faith nor courage to start again. As a convinced socialist and eager advocate of unpopular doctrines, as an exposé of social conditions that would otherwise be

screened away from the public eye, the most influential journals of his country were as a rule arraigned against him. Though always a poor man, though never willing to grant to publishers the concessions essential for many editions and general popularity, he was maliciously represented to be a carpet knight of radicalism and a socialist millionaire. He has several times been obliged to change his publisher, which goes to prove that he is no seeker of material gain.

Voted America's Best-Loved Novel in PBS's The Great American Read Harper Lee's Pulitzer Prize-winning masterwork of honor and injustice in the deep South—and the heroism of one man in

the face of blind and violent hatred One of the most cherished stories of all time, To Kill a Mockingbird has been translated into more than forty languages, sold more than forty million copies worldwide, served as the basis for an enormously popular motion picture, and was voted one of the best novels of the twentieth century by librarians across the country. A gripping, heart-wrenching, and wholly remarkable tale of coming-of-age in a South poisoned by virulent prejudice, it views a world of great beauty and savage inequities through the eyes of a young girl, as her father—a crusading local lawyer—risks everything to defend a black man unjustly accused of a terrible crime.

The Sojourner Wildside Press LLC
The Creator sat upon the throne,

thinking. Behind him stretched the illimitable continent of heaven, steeped in a glory of light and color; before him rose the black night of Space, like a wall. His mighty bulk towered rugged and mountain-like into the zenith, and His divine head blazed there like a distant sun. At His feet stood three colossal figures, diminished to extinction, almost, by contrast -- archangels -- their heads level with His ankle-bone. When the Creator had finished thinking, He said, "I have thought. Behold!" He lifted His hand, and from it burst a fountain-spray of fire, a million stupendous suns, which clove the blackness and soared, away and away and away, diminishing in magnitude and intensity as they pierced the far frontiers of Space, until at last they were but as diamond nailheads

sparkling under the domed vast roof of the universe. At the end of an hour the Grand Council was dismissed. They left the Presence impressed and thoughtful, and retired to a private place, where they might talk with freedom. None of the three seemed to want to begin, though all wanted somebody to do it.

Country Life in Georgia in the Days of My Youth Houghton Mifflin Harcourt

Encircled by an impenetrable thorn forest live the Alali, a tribe of primitive, Stone-Age giants with strange laws more savage than those of the jungle. Within the vast thorn boma also are the various tribes of the Minunians—eighteen-inch people with a high order of civilization, living in their complex, beehive like homes, fighting their savage wars on a miniature scale. Tarzan is captured by

the Alali and makes his escape, but he is taken prisoner in one of the numerous battles of the little warlike people. Even his enormous strength and vitality quail beneath the tasks the Minunians set him, and he has to use all his jungle cunning to save his life and prove his eventual friendship for the courageous pygmy tribes.

From personal loss to phantom diseases, *The Empathy Exams* is a bold and brilliant collection, winner of the Graywolf Press Nonfiction Prize A Publishers Weekly Top Ten Essay Collection of Spring 2014 Beginning with her experience as a medical actor who was paid to act out symptoms for medical students to diagnose, Leslie Jamison's visceral and revealing essays ask essential questions about our basic understanding of others: How should we care about each other? How can we feel another's pain, especially when pain can be assumed, distorted, or performed? Is empathy a tool by which to test or even grade each other? By confronting pain—real and imagined, her own and others'—Jamison uncovers a personal

and cultural urgency to feel. She draws from her own experiences of illness and bodily injury to engage in an exploration that extends far beyond her life, spanning wide-ranging territory—from poverty tourism to phantom diseases, street violence to reality television, illness to incarceration—in its search for a kind of sight shaped by humility and grace.

There Is Power in a Union Springer Nature

Ireland in the mid-1800s was primarily a population of peasants, forced to live on a single, moderately nutritious crop: potatoes. Suddenly, in 1846, an unknown and uncontrollable disease turned the potato crop to inedible slime, and all Ireland was threatened. Index. *Tarzan and the Ant Men* John Wiley & Sons

You can only lose your virginity once, right? Not if you're Amy—a trans woman caught in loops of dissociation—so that she has sex for the first time multiple times, in multiple ways, through multiple levels of presence, in a search to own

and redeem the self-inflicted pain of her past. From Torrey Peters, author of *The Masker* and *Infect Your Friends and Loved Ones*, comes a novella that dives into the labor of naming your pain when there's no easily identifiable source of trauma.
