BESTSELLING MYSTERY
SERIES • Everyone is
talking about A Good
Girl's Guide to Murder!
With shades of Serial
and Making a Murderer
this is the story about
an investigation turned
obsession, full of twists
and turns and with an
ending you'll never
expect. Everyone in
Fairview knows the
story. Pretty and
popular high school
senior Andie Bell was
murdered by her
boyfriend, Sal Singh,
who then killed
himself. It was all
anyone could talk
about. And five years
later, Pip sees how the
tragedy still haunts her
town. But she can't

there was more to
what happened that
day. She knew Sal
when she was a child,
and he was always so
kind to her. How could
he possibly have been
a killer? Now a senior
herself, Pip decides to
reexamine the closed
case for her final
project, at first just to
cast doubt on the
original investigation.
But soon she discovers
a trail of dark secrets
that might actually
prove Sal innocent . . .
and the line between
past and present
begins to blur.
Someone in Fairview
doesn't want Pip
digging around for
answers, and now her
own life might be in
danger. And don't miss
the sequel, Good Girl,
Bad Blood! "The
perfect nail-biting
mystery." --Natasha

Bringing together scholars in consumer behavior, history, anthropology, religious studies, sociology, and communication, this is the first interdisciplinary anthology spanning the topic of ritual studies. It offers a multifaceted exploration of new rituals, such as Celebrating Kwanzaa, and of the ways

entrenched rituals, such as Mardi Gras, gift giving, and weddings have changed. Moreover, it examines the influence of both cultures and subcultures, and will enhance our understanding of why and how consumers imbue goods and services with meaning during rituals. In this volume, the first in the Marketing and Consumer Psychology series: a religious studies scholar talks about the media representation of ritual; communication scholars discuss the transformational aspects of rituals surrounding alcohol consumption; a marketing scholar demonstrates the relevance of organizational behavior theory to

understanding gift-giving rituals in the workplace; and a historian describes how the marketing of Kwanzaa was so integral to its successful adoption.

Ready to write your book? So why haven't you done it yet? If you're like most nonfiction authors, fears are holding you back. Sound familiar? Is my idea good enough? How do I structure a book? What exactly are the steps to write it? How do I stay motivated? What if I actually finish it, and it's bad? Worst of all: what if I publish it, and no one cares? How do I know if I'm even doing

the right things? The truth is, writing a book can be scary and overwhelming—but it doesn't have to be. There's a way to know you're on the right path and taking the right steps. How? By using a method that's been validated with thousands of other Authors just like you. In fact, it's the same exact process used to produce dozens of big bestsellers—including David Goggins's *Can't Hurt Me*, Tiffany Haddish's *The Last Black Unicorn*, and Joey Coleman's *Never Lose a Customer Again*. The Scribe Method is the tested and proven process that will help you navigate the entire book-writing process from start to finish—the right way. Written by 4x New York Times Bestselling Author

Tucker Max and publishing expert Zach Obront, you'll learn the step-by-step method that has helped over 1,500 authors write and publish their books. A first edition, *Insiders' Guide to Des Moines* is the essential source for in-depth travel and relocation information to Iowa's capital.

Written by a local (and true insider), this guide offers a personal and practical perspective of Des Moines and its surrounding environs. Hoover's Guide to the Top New York Companies Penguin Silliness takes center stage in this laugh-out-loud book from the creator of *The Very Hungry Caterpillar*?-- now available as a board book! Yes, there's something strange, something funny and even downright preposterous on every page of this book. But it's not a mistake - it's nonsense! Nonsense lies at the heart of many beloved nursery rhymes. Children readily accept odd statements like "the cow jumped over the moon" and "the dish ran away with the

spoon." This fanciful bending of reality is also basic to surrealism. In this book, nonsense and surrealism combine to spark creativity and imagination. What's true? What's impossible? What's absolutely absurd? From Eric Carle, creator of the classic, *The Very Hungry Caterpillar*, comes a book to make children laugh and think, preparing them for a lifetime of loving both words and art. Praise for *The Nonsense Show* A TIME Magazine Top 10 Children's Book of 2015! * "Carle creates fun and laughter in this homage to the surrealist artist René Magritte. [P]erfect for storytimes and silly times all round. Carle hits it out of the nonsense
