Business as mission (BAM) is a mission strategy whose time has come. As global economics become increasingly interconnected, Christian business people and entrepreneurs have unanticipated opportunities to build kingdom-strategic business ventures. But Christian companies and business leaders do not automatically accomplish missional purposes. BAM requires mastery of both the world of business and the world of missions, merging and contextualizing both into something significantly different than either alone. C. Neal Johnson offers the first comprehensive guide to business as mission for practitioners. He provides conceptual foundations for understanding BAM's unique place in global mission and prerequisites for engaging in it. Then he offers practical resources for how to do BAM, including strategic planning and step-by-step operational implementation. Drawing on a wide variety of BAM models, Johnson works through details of both mission and business realities, with an eye to such issues as management, sustainability and accountability. Business as mission is a movement with enormous potential. This book breaks new ground in how faith and work intersect and are lived out in crosscultural contexts, where job creation and community transformation go hand in hand. Come, participate in what may well be one of the most strategic mission paradigms of the 21st century.

The Art of Gathering Routledge

"Hosts of all kinds, this is a must-read!" - Chris Anderson, owner and curator of TED From the host of the New York Times podcast Together Apart, an exciting new approach to how we gather that will transform the ways we spend our time together—at home, at work, in our communities, and beyond. In *The Art of Gathering*, Priya Parker argues that the gatherings in our lives are lackluster and unproductive--which they don't have to be. We rely too much on routine and the conventions of gatherings when we should focus on distinctiveness and the people involved. At a time when coming together is more important than ever, Parker sets forth a human-centered approach to gathering that will help everyone create meaningful, memorable experiences, large and small, for work and for play. Drawing on her expertise

as a facilitator of high-powered gatherings around the world, Parker takes us inside events of all kinds to show what works, what doesn't, and why. She investigates a wide array of gatherings--conferences, meetings, a courtroom, a flash-mob party, an Arab-Israeli summer camp--and explains how simple, specific changes can invigorate any group experience. The result is a book that's both journey and guide, full of exciting ideas with real-world applications. *The Art of Gathering* will forever alter the way you look at your next meeting, industry conference, dinner party, and backyard barbecue--and how you host and attend them.
