This new, bi-
lingual picture
book is the
perfect story
for young
children to
learn the
basics of the

Russian
language.
Colourful, fun
and
educational!
Mo has a
confident
spirit and a
new thirst for
knowledge. He
wants to learn
Russian to
make more
friends! Being
small he starts
at the
beginning,
learning about
essentials like
greeting
people,
counting to 10
and how to
say his name!
As we follow
Mo's character
and the other
children
through the
story we
discover more
of the basics

of the Russian language including subjects such as: Talking about Age Likes and Dislikes Games and Playtime Colours of the Rainbow Different Pets Bedtime Routine On every page the text is printed in both English and Russian so that parents or whoever reads the story can read to the child in both languages. Adults (or the readers) are provided with the perfect, fun and

colourful platform to allow the child to repeat the Russian language back and practice learning the words and pronunciation at ground level with the aid of playful images as well as fun phonetics to show how the words should sound! Whether a bilingual parent or just keen to teach a child a new language, this book is the perfect stepping stone to begin their Russian education! A Catalogue of Dictionaries

and Grammars of the principal languages and dialects of the world; with a list of the leading works in the science of language Courier Corporation Traveling in a foreign country such as Russia suddenly becomes a lot more exciting when you can engage in elegant small talk with the locals. Russian Phrases For Dummies is your handy guide to everyday words and phrases you can start

using immediately to make your visit more rewarding and a whole lot easier. This user-friendly phrasebook will jump-start your comprehension and have you speaking basic Russian in no time. Its quick-and-easy approach gives you language fundamentals up front, the Words to Know section helps you find the right word fast, and the easy-to-use pronunciation key helps other people understand

what you're trying to say. You'll learn how to: Get directions, shop, and eat out Talk numbers, dates, and time Chat about family and work Discuss sports and the weather Deal with problems and emergencies Pronounce familiar English words and phrases in Russian and English Beware of words that sound to English but don't mean the same thing Read signs that use

the Russian alphabet Follow the conventions of Russian pronunciation Use basic Russian grammar correctly Keep ten commonly used Russian phrases on the tip of your tongue Use basic telephone vocabulary and send letters, emails, and faxes Don't have time to study the language before you get to Russia? No worries. Just flip through Russian Phrases For Dummies, find

the section that fits your needs, and start talking! *On Subjects and Predicates in Russian* T&p Books "First Published in 1998, Routledge is an imprint of Taylor & Francis, an informa company." *Russian Readers with Explanatory Notes and Vocabulary* Universal-Publishers This is the latest edition of the bestselling Collins Russian Gem Dictionary, revised and

[Russian Phrases For Dummies](#) Collins Millions of people learn Russian but only a very small

percentage of learners can actually speak it fluently. Why is that? People in general are quick to point out that some are naturally built more than others to learn Russian and other languages. This is not necessarily true, however, since we have all come to learn and speak our native language fluently. If you find yourself overwhelmed trying to study and review thousands of Russian phrases and

vocabulary words or are struggling to speak Russian with native speakers, try this book! This is not a basic Russian for beginners textbook designed to teach the Russian language but a book that will teach you how to learn Russian the smart way and get you to fluency faster using highly effective language learning methods and techniques. There exists hundreds of Russian language

coursebooks, Russian phrase books, and online resources to learn Russian, but without smart language learning techniques and strategies, you are likely to forget what you have studied and reviewed and especially during a conversation. There exists an easier and more fun way to build your overall Russian language ability. In How to Get Really Good at Russian,

discover how you can easily conquer the Russian language using highly effective methods and strategies used by polyglots (language learning experts). These methods and techniques can even be used to learn Russian phrases, vocabulary, and grammar from TV shows, movies, videos, music, and video games. Learn Russian smarter and faster starting

The Language of Russian Peasants in the Twentieth

Century: A Linguistic Analysis and Oral History analyzes the social dialect of Russian peasants in the twentieth century through letters and stories that trace their tragic history. In 1900, there were 100,000,000 peasants in Russia, but by mid-century their language was no longer passed from parents to children, resulting in no speakers of the dialect left today. In this study, Alexander D.

Nakhimovsky argues that for all the variability of local dialects there was an underlying unity in them, which derived from their old shared traditions and oral nature. Their unity is best manifested in word formation, syntax, phraseology, and discourse. Different social groups followed somewhat different paths through the maze of Soviet history, and peasants' path was one of the most

painful. The chronological organization of the book and the analysis of powerful, concise, and simple but expressive language of peasant letters and stories culminate into an oral history of their tragic Soviet experience. [Look At Me I'm Learning Russian](#) Circassian Exploring Russian as a pluricentric language, this book provides a panoramic view of its use within and outside the

nation and discusses the connections between language, politics, ideologies, and cultural contacts. Russian is widely used across the former Soviet republics and in the diaspora, but speakers outside Russia deviate from the metropolis in their use of the language and their attitudes towards it. Using country case studies from across the former Soviet Union and beyond, the

contributors analyze the unifying role of the Russian language for developing transnational connections and show its value in the knowledge economy. They demonstrate that centrifugal developments of Russian and its pluricentricity are grounded in the language and education policies of their host countries, as well as the goals and functions of cultural institutions,

such as schools, media, travel agencies, and others created by émigrés for their co-ethnics. This book also reveals the tensions between Russia's attempts to homogenize the 'Russian world' and the divergence of regional versions of Russian reflecting cultural hybridity of the diaspora. Interdisciplinary in its approach, this book will prove useful to researchers of Russian and

<p>post-Soviet politics, Russian studies, Russian language and culture, linguistics, and immigration studies. Those studying multilingualism and heritage language teaching may also find it interesting.</p> <p><i>Coloring Book Large Medium Small Learn Sizes in English for Children Everyone Who Wants to Learn English for Russian Language Speakers</i> AuthorHouse</p>	<p>Advances in Formal Slavic Linguistics 2016 initiates a new series of collective volumes on formal Slavic linguistics. It presents a selection of high quality papers authored by young and senior linguists from around the world and contains both empirically oriented work, underpinned by up-to-date experimental methods, as well as more theoretically grounded contributions. The volume covers all</p>	<p>major linguistic areas, including morphosyntax, semantics, pragmatics, phonology, and their mutual interfaces. The particular topics discussed include argument structure, word order, case, agreement, tense, aspect, clausal left periphery, or segmental phonology. The topical breadth and analytical depth of the contributions reflect the vitality of the</p>
--	---	---

<p>field of formal Slavic linguistics and prove its relevance to the global linguistic endeavour. Early versions of the papers included in this volume were presented at the conference on Formal Description of Slavic Languages 12 or at the satellite Workshop on Formal and Experimental Semantics and Pragmatics, which were held on December 7-10, 2016 in Berlin.</p>	<p>Language Mastery Publishing For over five hundred years the Russians wondered what kind of people their Arctic and sub-Arctic subjects were. "They have mouths between their shoulders and eyes in their chests," reported a fifteenth-century tale. "They rove around, live of their own free will, and beat the Russian people," complained a seventeenth-century Cossack. "Their actions</p>	<p>are exceedingly rude. They do not take off their hats and do not bow to each other," huffed an eighteenth-century scholar. They are "children of nature" and "guardians of ecological balance," rhapsodized early nineteenth-century and late twentieth-century romantics. Even the Bolsheviks, who categorized the circumpolar foragers as "authentic proletarians,"</p>
--	--	--

were repeatedly puzzled by the "peoples from the late Neolithic period who, by virtue of their extreme backwardness, cannot keep up either economically or culturally with the furious speed of the emerging socialist society." Whether described as brutes, aliens, or endangered indigenous populations, the so-called small peoples of the north have consistently remained a

point of contrast for speculations on Russian identity and a convenient testing ground for policies and images that grew out of these speculations. In Arctic Mirrors, a vividly rendered history of circumpolar peoples in the Russian empire and the Russian mind, Yuri Slezkine offers the first in-depth interpretation of this relationship. No other book in any language links

the history of a colonized non-Russian people to the full sweep of Russian intellectual and cultural history. Enhancing his account with vintage prints and photographs, Slezkine reenacts the procession of Russian fur traders, missionaries, tsarist bureaucrats, radical intellectuals, professional ethnographers, and commissars who struggled to reform and conceptualize this most

"alien" of their subject populations. Slezkine reconstructs from a vast range of sources the successive official policies and prevailing attitudes toward the northern peoples, interweaving the resonant narratives of Russian and indigenous contemporaries with the extravagant images of popular Russian fiction. As he examines the many ironies and ambivalences involved in

successive Russian attempts to overcome northern—and hence their own—otherness, Slezkine explores the wider issues of ethnic identity, cultural change, nationalist rhetoric, and not-so-European colonialism.

Learning Russian Language
Createspace Independent Publishing Platform
PREFACE. THE Author of this very practical treatise on Scotch Loch - Fishing

desires clearly that it may be of use to all who had it. He does not pretend to have written anything new, but to have attempted to put what he has to say in as readable a form as possible. Everything in the way of the history and habits of fish has been studiously avoided, and technicalities have been used as sparingly as possible. The writing of this book has afforded him pleasure in his leisure

moments, and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general. This section is interleaved with blank sheets for the readers notes. The Author need hardly say that any suggestions addressed to the case of the publishers, will meet with consideration in a future edition. We do not pretend to

write or enlarge upon a new subject. Much has been said and written-and well said and written too on the art of fishing but loch-fishing has been rather looked upon as a second-rate performance, and to dispel this idea is one of the objects for which this present treatise has been written. Far be it from us to say anything against fishing, lawfully practised in any form but

many pent up in our large towns will bear us out when we say that, on the whole, a days loch-fishing is the most convenient. One great matter is, that the loch-fisher is depend- ent on nothing but enough wind to curl the water, -and on a large loch it is very seldom that a dead calm prevails all day, -and can make his arrangements for a day, weeks beforehand whereas the stream- fisher is dependent for a good

take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river, it is quite another matter to arrange for a days river-fishing, if one is looking forward to a holiday at a date some weeks ahead. Providence may favour the expectant angler with a good day, and the water in order but experience has taught most of us

that the good days are in the minority, and that, as is the case with our rapid running streams, -such as many of our northern streams are, - the water is either too large or too small, unless, as previously remarked, you live near at hand, and can catch it at its best. A common belief in regard to loch-fishing is, that the tyro and the experienced angler have nearly the same chance in fishing, -the one from the

stern and the other from the bow of the same boat. Of all the absurd beliefs as to loch-fishing, this is one of the most absurd. Try it. Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy, or even a cast similar to those which a crack may be using and if he catches one for every three the other has, he may consider himself very lucky. Of course there are lochs where the fish are not

abundant, and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught, and where each has a fair chance. Again, it is said that the boatman has as much	to do with catching trout in a loch as the angler. Well, we dont deny that. In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream-	fishing... <i>The Syntax of Russian</i> Macritchie Press An essential guide to Russian syntax, which examines major syntactic structures and grammatical puzzles of the language.
