MCCULLOUGH BURKE

Backpacker Troubador Publishing Ltd
For fans of American Horror Story. After the death of his wife by his own failing, William flees the hardship of Depression-era Sydney with his young daughter, Rosa. Battling his addictions, William travels far south and finds work on a remote island whaling station. But when Rosa finds a small scrimshaw marionette under the wharf, a restless spirit

awakens to puppeteer the living and drag them into the sea. Grappling with his sanity and reason, William must confront the truth of the past and put the restless marionette ghost to rest to save his daughter and himself. From the pen of Mike Jones, this is Australian gothic horror at its finest

Each Victory is another day I get to continue breathing. Each Victory is a reprieve from Death. Ever since I was betrayed and taken from my home planet, ever since they pumped me with poison and abandoned me on this asteroid to fight or die, I've been surviving. But I'm not alone. There are others with me, alien to me, just as I am to them. Separated into Houses we fight as a team on the blood-soaked sands while the elite watch. Each day is about survival until him. An outsider, he brings death, but he might also be our salvation. There can be no us and them. There can be no prejudice. There can only be the team, because together we are stronger.

Introduction to Probability Holt McDougal

In this imaginative adventure from Newbery Medal-winning author Beverly Cleary, a young mouse named Ralph is thrown into a world of excitement when a boy and his shiny toy motorcycle check in to the Mountain View Inn. When the ever-curious Ralph spots Keith's red toy motorcycle, he vows to ride it. So when Keith leaves the bike unattended in his room one day, Ralph makes his move.

But with all this freedom (and speed!) come a lot of obstacles. Whether dodging a rowdy terrier or keeping his nosy cousins away from his new wheels, Ralph has a lot going on! And with a pal like Keith always looking out for him, there's nothing this little mouse can't handle. This timeless classic now features a foreword written by New York Times bestselling author Kate DiCamillo, as well as an exclusive interview with Beverly Cleary herself. *The Mouse and the Motorcycle* is perfect for independent reading or for shared reading at home or in a classroom. This fun story is the first of a trilogy, along with *Runaway Ralph* and *Ralph S. Mouse*, all inspired by the author's hope to create appealing books for boys and girls—and by the sight of her son playing

with toy cars.

Transgressions Cycle: The Scrimshaw
Marionette McGraw Hill Professional
Death Grip chronicles a top climber's near-fatal struggle with anxiety and depression, and his nightmarish journey

through the dangerous world of prescription drugs. Matt Samet lived to climb, and craved the challenge, risk, and exhilaration of conquering sheer rock faces around the United States and internationally. But Samet's depression, compounded by the extreme diet and fitness practices of climbers, led him to seek professional help. He entered the murky, inescapable world of psychiatric medicine, where he developed a dangerous addiction to prescribed medications—primarily "benzos," or benzodiazepines—that landed him in institutions and nearly killed him. With dramatic storytelling, persuasive research data, and searing honesty, Matt Samet reveals the hidden epidemic of benzo addiction, which some have suggested can be harder to quit than

heroin. Millions of adults and teenagers are prescribed these drugs, but few understand how addictive they are—and how dangerous long-term usage can be, even when prescribed by doctors. After a difficult struggle with addiction, Samet slowly makes his way to a life in recovery through perseverance and a deep love of rock climbing. Conveying both the exhilaration of climbing in the wilderness and the utter madness of addiction, *Death Grip* is a powerful and revelatory memoir.

Imagine an Earth where following a series of bizarre nuclear accidents, the landmasses, languages, cultures, and political structures have drastically changed. One third of the population,

which consists of Androids, Soligrams, Homo sapiens, and Homo radians, have been blessed (or cursed) with supernatural abilities, thanks to alien intervention. Split into three warring Regions, the tightly-knit World Leaders have closets brimming with skeletons. Welcome to Ecliptic Earth. *The Glyph Saga: Book One, A Great Escape*, is the first installment of this seven book series. Set in the year 2098 SF, this book centers on the activities in the super region Panga Uno Animo. The PUA is an opulent, yet grueling, oligarchy with a fierce loathing of nature. The time has come for the Elder Dictators to initiate their highly trained children as future Leaders, with a lifelong commitment of unmitigated corruption and terror. However, a few of these Chosen Ones

have had their fill of the despotism and autocracy in their dystopian home, and decide to make a break for it using their special superpowers to their advantage. It is up to these deserter offspring, with mysterious assistance from a remnant rebel, to escape the force field-protected gates of pretty oppression and attempt to usher in a new era of world peace and prosperity. Not, of course, without the obstructions of forbidden knowledge, lust, alien invasion, betrayal, loss, rejection, personal growth, and Life Form Warfare.

"No one seems to refer to it by name."

While London journalist, Richard, prepares to visit an anonymous Adriatic island, a girl on the island bides her time to escape its clutches as she is groomed for a sophisticated prostitution and human trafficking racket. When Richard's suspicions about the island are aroused he decides to investigate. Used to sharing professional success with girlfriend Trish and to enjoying the ups and downs of their sexually charged relationship, his investigations uncover a very different and merciless world of violence and cruelty and one girl's

attempts at freedom. As he and Trish become caught up in the intrigues of this world, the disturbing consequences force Richard to face up to his laddish preconceptions and take a stand against the devastating effects of female exploitation. From Nemesis Island is a

dark tale of relationships and intrigue, which propels chick lit into the world of the thriller. It tells of love, loyalty, corruption and revenge, and is suitable for those concerned with the effects on women of a sexualised society.
