Contents: common objections to graphology and their refutation; history of graphology; physiology and psychology of writing; random test of the correctness of methods explained; practical hints for drawing up of graphological analyses; specimens of analysis.

How Children Learn to Read and How to Help Them W. W. Norton & Company
The first biography of critically acclaimed then critically derided filmmaker Michael Cimino—and a reevaluation of the infamous film that destroyed his career The director Michael Cimino (1939–2016) is famous for two films: the intense, powerful, and enduring Vietnam movie The Deer Hunter, which won Best Picture at the Academy Awards in 1979 and also won Cimino Best Director, and Heaven's Gate, the most notorious bomb of all time. Originally budgeted at \$11 million, Cimino's sprawling western went off the rails in Montana. The picture grew longer and longer, and the budget ballooned to over \$40 million. When it was finally released, Heaven's Gate failed so completely with reviewers and at the box office that it put legendary studio United Artists out of business and marked the end of Hollywood's auteur era. Or so the conventional wisdom goes. Charles Elton delves deeply into the making and aftermath of the movie and presents a surprisingly different view to that of Steven Bach, one of the executives responsible for Heaven's Gate, who wrote a scathing book about the film and solidified the widely held view that Cimino wounded the movie industry beyond repair. Elton's Cimino is

a richly detailed biography that offers a revisionist history of a lightning rod filmmaker. Based on extensive interviews with Cimino's peers and collaborators and enemies and friends, most of whom have never spoken before, it unravels the enigmas and falsehoods, many perpetrated by the director himself, which surround his life, and sheds new light on his extraordinary career. This is a story of the making of art, the business of Hollywood, and the costs of ambition, both financial and personal.

Brilliant, illuminating criticism from a superstar poet—a refreshing, insightful look at how works of art, specifically poetry and popular music, can serve as essential tools for living. How can art help us make sense—or nonsense—of the world? If wrong life cannot be lived rightly, as Theodor Adorno had it, what weapons and strategies for living wrongly can art provide? With the same intelligence that animates his poetry, Michael Robbins addresses this weighty question while contemplating the idea of how strange it is that we need art at all. Ranging from Prince to Def Leppard, Lucille Clifton to Frederick Seidel, Robbins's mastery of poetry and popular music shines in *Equipment for Living*. He has a singular ability to illustrate points with seemingly disparate examples (Friedrich Kittler and Taylor Swift, to W.B. Yeats and Anna Kendrick's "Cups"). Robbins weaves a discussion on poet Juliana Spahr with the different subsets of Scandinavian black metal, illuminating subjects in ways that few scholars can achieve. *Equipment for Living* is also a wonderful guide to essential poetry and popular music.

Her love brought me to life. It also broke my heart. Far back as I can recall, not a day exists when I haven't loved Helena Williams. In my younger years, my love for her was more familial or akin to friendship. But as the years passed, something changed between us. The unrequited love I had for my sister's best friend was reciprocated. Like the seasons, our love fluctuated. Like the moon, some nights were dark and cold while others were bright and warm. I loved her. I love her. Nine years ago, I broke in two. She said goodbye, and I tried to let her go. She moved on and I did unthinkable things. With her gone, I fell apart. I let the darkness take over. Let myself drown. The dark was familiar. Comforting. Guaranteed. Constant. But now, I am ready to breathe again.

In the bloody aftermath of Suicide Lounge, Selena is lying low and putting

her life back together. When the freedom she has fought hard to secure is threatened, Selena is forced to take on a new enemy—an elusive young man who holds her fate in hand, a man with connections to the nastiest criminals in the south. In a desperate attempt to protect herself and those she's grown to love, Selena blazes a blistering, high-octane path through the southeast leaving blood-drenched carnage in her wake. *Road Carnage* is the fourth book in the Selena series. Praise for the SELENA SERIES: "Greg Barth cooked up something mean and served it up and I hope none of you choke on it because it's mighty tasty." —Eryk Pruitt, author of *Hashtag and Dirtbags* "It's like the wildest of the men's adventure novels of the '70s, updated for the new millennium. Definitely not for the faint of heart." —Bill Crider "Reminiscent of Larry Brown's *Fay*, but less innocent and more violent, Selena combines fine writing and an indelible character to help fill the gap of female protagonists in the world of noir." —Vicki Hendricks, author of *Miami Purity* "Greg Barth writes with a knife-like edge...A fast, crazy read." —Marietta Miles, author of *Route 12* "Greg Barth writes a hell of a book. He steps on the gas and doesn't let up for a second." —Michael Finamore "Mister Barth writes well—hard charging and fast paced." —Tony Knighton, author of *Three Hours Past Midnight* "This book had me turning pages and gritting my teeth...a total punch to the gut, and it hurts so good." —S. W. Lauden, author of *Crosswise* "Selena is a visceral pulp thriller that had me gripped from the outset." —Tom Leins, of *Dirty Books Blog* "This series is a literary legend in the making" —Will Viharo, author of *Love Stories Are Too Violent For Me* "Selena is a tour de force of unapologetic sex and

violence, not for the faint of heart but definitely for hardcore fans of fast paced, unrelenting pulp-noir in the fashion of nobody except Greg Barth." —Shane D. Keene

Braving Lily: An Opposites Attract Rock Star Romance The Simple Guide To "Country Girl is Edna O'Brien's exquisite account of her dashing, barrier-busting, up-and-down life."--National Public Radio When Edna O'Brien's first novel, *The Country Girls*, was published in 1960, it so scandalized the O'Briens' local parish that the book was burned by its priest. O'Brien was undeterred and has since created a body of work that bears comparison with the best writing of the twentieth century. *Country Girl* brings us face-to-face with a life of high drama and contemplation. Starting with O'Brien's birth in a grand but deteriorating house in Ireland, her story moves through convent school to elopement, divorce, single-motherhood, the wild parties of the '60s in London, and encounters with Hollywood giants, pop stars, and literary titans. There is love and unrequited love, and the glamour of trips to America as a celebrated writer and the guest of Jackie Onassis and Hillary Clinton. *Country Girl* is a rich and heady accounting of the events, people, emotions, and landscape that have imprinted upon and enhanced one lifetime.

A definitive book for students of dance and movement studies, *Labanotation* is now available in a fourth edition, the first complete revision of the text since 1977. Initiated by the movement genius Rudolf Laban, and refined through fifty years of work by teachers here and abroad, *Labanotation*, the first wholly successful system for recording human movement, is now having the effect on ballet and other forms of dance that the perfection of music notation in the Renaissance had on the development of music. This book makes it possible to record accurately, for study and reconstruction, the great dance creations of the theater, as well as such diverse activities as time/motion studies for industry, personnel assessment and physical therapy. So comprehensive that it can indicate even facial expressions, the system is also simple enough for a child to learn easily as an integral part of athletic or dance training.

In *Write Like This: Teaching Real World Writing Through Modeling and Mentor Texts*, author and teacher Kelly Gallagher recognizes that writing well starts with teaching students WHY they should write. He believes we need to move beyond the state standards by introducing young writers to real-world discourses and provide them with authentic texts to influence and develop life-long skills. Each chapter focuses on a specific writing purpose: Express and Reflect: View life experiences in reverse to move forward Inform and Explain: State a point and purpose with information to support it Evaluate and Judge: Focus' on the worth of an object, idea, or person and present' it as 'bad or 'good Inquire and Explore: Propose' a problem or question Analyze and Interpret: Examine phenomena that are difficult to understand or explain Take a Stand/Propose a Solution: Persuade audience to particular position and provide' justification' ' In teaching these lessons, Gallagher provides mentor texts (professional samples as well as models he has written in front of his students), student writing samples, and numerous assignments and strategies proven to elevate student writing. By helping teachers bring effective modeling practices into their classrooms, Write

Like This enables students to become better adolescent writers. More important, the practices found in this book will help our students develop the writing skills they will need to become adult writers in the real world. What if some of the artists we feel as if we know—Meryl Streep, Neil Young, Bill Murray—turned up in the course of our daily lives? This is what happens to Rose McEwan, an ordinary woman who keeps having strange encounters with famous people. In this engrossing, original novel-in-stories, we follow her life from age 17, when she takes a summer writing course led by a young John Updike, through her first heartbreak (witnessed by Joni Mitchell) on the island of Crete, through her marriage, divorce, and a canoe trip with Taylor Swift, Leonard Cohen and Karl Ove Knausgaard. (Yes, read on.) With wit and insight, Marni Jackson takes a world obsessed with celebrity and turns it on its head. In *Don't I Know You?*, she shows us how fame is just another form of fiction, and how, in the end, the daily dramas of an ordinary woman's life can be as captivating and poignant as any luminary tell-all.
