 As you were growing up, your mother's self-image likely impacted your own in many conscious and unconscious ways. Perhaps those things your mother disliked about herself-her looks, her lack of confidence, or even her personal failures-came to shape your own self-image. In *My Mother, My Mirror*, an experienced psychotherapist explores how mothers unwittingly pass on their self-esteem and body image issues to their daughters, helps you break the cycle when parenting your own daughters, and guides you through the process of overcoming the hidden negative messages that keep you from reaching your fullest potential. Without blaming your mother, you will learn to rethink and rebuild your self-image. A thoughtful and engaging perspective on mother-daughter relationships in all of their complexity. - Melinda Parisi, Ph.D., psychologist at the University Medical Center at Princeton

The first presentation of John Wesley's doctrinal teachings in a systematic form that is also faithful to Wesley's own writings in ebook format. Wesley was a prolific writer and commentator on Scripture, yet it is commonly held that he was not systematic or internally consistent in his theology and doctrinal teachings. On the contrary, Thomas C. Oden intends to demonstrate here that Wesley displayed a remarkable degree of consistency over sixty years of preaching and ministry. The book helps readers to grasp Wesley's essential teachings in an accessible form so that the person desiring to go directly to Wesley's own writings (which fill eighteen volumes) will know exactly where to turn. This volume focuses on Wesley's doctrinal teaching. Other volumes in this series deal with his ethical and pastoral care teachings. Invitation to the Apocrypha Farrar, Straus and Giroux  
 The planet is sick. Human beings are guilty of damaging it. We have to pay. Today, that is the orthodoxy throughout the Western world. Distrust of progress and science, calls for individual and collective self-sacrifice to 'save the planet' and cultivation of fear: behind the carbon commissars, a dangerous and counterproductive ecological catastrophism is gaining ground. Modern society's susceptibility to this kind of thinking derives

from what Bruckner calls “the seductive attraction of disaster,” as exemplified by the popular appeal of disaster movies. But ecological catastrophism is harmful in that it draws attention away from other, more solvable problems and injustices in the world in order to focus on something that is portrayed as an Apocalypse. Rather than preaching catastrophe and pessimism, we need to develop a democratic and generous ecology that addresses specific problems in a practical way.

Each of these chapters includes a detailed outline and complete citations. This is an unparalleled, affordable resource for ministers and laymen alike who want a more in-depth resource at their fingertips, and who long to be more thoroughly grounded in their faith. Special Features: - Includes approximately 35,000 Scripture references from the popular New International Version God and Soul Care Simon and Schuster

In almost 500 years of evangelical praying, there has never been a book like this. *Teach Us to Pray* is in effect four books in one. It begins with a detailed analysis of the biblical theology of prayer, surveying each part of the Scriptures in turn. Next comes an investigation of prayer and spirituality within Hinduism, Buddhism, Islam, historic Christianity (Puritanism) and a different Christian contemporary tradition (Roman Catholicism). In addition, expert commentators offer *Lessons in Prayer from the Worldwide Church*, featuring Korea, China, Latin America and Africa. Finally a group of Christian leaders write about prayer in their individual experience, adding a personal dimension to this comprehensive book. This is a full library on the subject of prayer, conserving the best insights of the past and breaking new ground with penetrating original thinking.

The true crime story of a New York mother who killed and a daughter who wouldn't die, from the author of *A Killer's Touch* and *Watch Mommy Die*. *Anti-Freeze For A Husband* It looked like a suicide. A man's corpse on the bathroom floor—next to a half-empty glass of anti-freeze. But fingerprints on the glass belonged to the deceased's wife, Stacey Castor. And a turkey baster in the garbage had police wondering if she force-fed the toxic fluid down her husband's throat. *Pills For A Daughter* In desperation, Stacey concocted a devious plan. She mixed a deadly cocktail of vodka and pills, then served it to her twenty-year-old daughter Ashley. The authorities would find Ashley with a suicide note, confessing to the anti-freeze murder. But Stacey's plan backfired—because Ashley refused to die . . . *A Killer For A Mother* Charged with murdering her second husband—and attempting to kill her oldest daughter—Stacey Castor sparked a media frenzy. But when police dug up her first husband's grave—and found anti-freeze in his body, too—this New York housewife earned a nickname that would follow her all the way to prison. They called her “The Black Widow.” And with good reason. The story that inspired the Lifetime film, *Poisoned Love: The Stacey Castor Story*, starring Nia Vardalos. *Sins of the Mother* is a powerful and inspiring story of a family whose love was tested but never broken, who finally found the strength to heal the past. Irene Kelly was brought up in poverty and abused by her mammy from an early age. But home life was still better than the time she spent in one of Dublin's industrial orphanages. In that harsh regime she was beaten and sexually assaulted. Set to work in the nursery, she saw the nuns treat the babies with horrifying cruelty. As an adult those experiences haunted Irene. When she fell in love with Matt, who was fighting his own demons, they moved to England for a new start. They wanted their daughter Jennifer to have a better life, but in trying to protect her by hiding their past they only succeeded in pushing her away. Until, one day, Irene had a phone call from Ireland that changed everything . . . 'An epic and stirring story which shows that it is possible to overcome the worst start in life.' Sunday Mirror

This book boldly states and deeply analyzes a commonplace observation about us all: our mothers play a powerful role in making us the kind of people we are. By the age of three, four, or five, virtually all children have learned to walk, talk, eat, sleep, control bodily functions, interact with other people, be male, or be female—insofar as these things are learned—from their mothers (or a mother surrogate who is female). Every mother has known and knows this. Most social analysts, according to the author, both know it and ignore it. If our mothers are asymmetrically influential in shaping our initial years, and our fathers usually in the background, what does it reveal about the social sources of human sex roles, including the universal precedence of males over females in all known societies? These are fundamental, normative, and often deeply emotional matters. Professor Levy seeks to consider them in a scientific spirit, clear the path for better understandings of the role of mothers, and inspire new research on early socialization. This title is part of UC Press's *Voices Revived* program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. NEW YORK TIMES BESTSELLER Every woman makes choices. And no one has made more difficult choices than Olivia Grayson. The enormously successful businesswoman missed out on much of her children's lives while she built her legendary home-furnishings empire. In Danielle Steel's character-rich new novel, Olivia faces the past, tries to balance the present, and makes amends where due, while still running her vastly successful business. THE SINS OF THE MOTHER As a way of making up to them for time lost, Olivia spends months every year planning a lavish holiday that everyone in her family will enjoy. This summer she has arranged a dream trip in the Mediterranean on a luxurious yacht, which she hopes will be the most memorable vacation of all. Her lavish gesture every year expresses her love for them, and regret at all the important times she missed during her children's younger years. Her younger daughter, Cassie, a hip London music producer, refuses the invitation altogether, as she does every year. Her older daughter, Liz, lives in her mother's shadow, with a terror of failure as she tries to recapture her dream of being a writer. And her sons, John and Phillip, work for Olivia, for better or worse, with wives who wish they didn't. In the splendor of the Riviera, this should be a summer to remember, with Olivia's children, grandchildren, and daughters-in-law on board. But as with any family gathering, there are always surprises, and no matter how glamorous the setting things don't always turn out as ones hopes. Family dynamics are complicated, old disappointments die hard, and as forgiveness and surprising revelations enter into it, new bonds are formed, and the future takes on a brighter hue. And one by one, with life's irony, Olivia's children find themselves committing the same "sins" for which they blamed their mother for so many years. It is a summer of compassion, important lessons, and truth. The Sins of the Mother captures the many sides of family love: complex, challenging, funny, passionate, and hopefully enduring. Along the way, we are enthralled by an unforgettable heroine, a mother strong enough to take more than her fair share of the blame, wise enough to respect her children for who they really are, and forgiving enough to love them unconditionally. BONUS: This edition includes an excerpt from Danielle Steel's *Winners*.

The activist and TED speaker Megan Phelps-Roper reveals her life growing up in the most hated family in America At the age of five, Megan Phelps-Roper began protesting homosexuality and other alleged vices alongside fellow members of the Westboro Baptist Church in Topeka, Kansas. Founded by her grandfather and consisting almost entirely of her extended family, the tiny group would gain worldwide notoriety for its pickets at military funerals and celebrations of death and tragedy. As Phelps-Roper grew up, she saw that church members were close companions and accomplished debaters, applying the logic of predestination and the language of the King James Bible to everyday life with aplomb—which, as the church's Twitter spokeswoman, she learned to do with great skill. Soon, however, dialogue on Twitter caused her to begin doubting the church's leaders and message: If humans were sinful and fallible, how could the church itself be so confident about its beliefs? As she digitally jostled with critics, she started to wonder if sometimes they had a point—and then she began exchanging messages with a man who would help change her life. A gripping memoir of escaping extremism and

falling in love, Unfollow relates Phelps-Roper's moral awakening, her departure from the church, and how she exchanged the absolutes she grew up with for new forms of warmth and community. Rich with suspense and thoughtful reflection, Phelps-Roper's life story exposes the dangers of black-and-white thinking and the need for true humility in a time of angry polarization.

In this volume a leading biblical scholar helps readers rediscover the ancient books of the Old Testament Apocrypha. INVITATION TO THE APOCRYPHA provides a clear, basic introduction to these important--but often neglected--ancient books that is ideal for personal study, churches, and classroom settings. Using the latest and best scholarship yet writing for those new to the Apocrypha, Daniel Harrington guides readers through the background, content, and message of each book. A distinctive feature of this primer is that it focuses throughout on the problem of suffering, highlighting what each book of the Apocrypha says about this universal human experience.

**John Wesley's Teachings, Volume 1** Wipf and Stock Publishers Beliefs That Really Matter is both exegetical and theological in nature and gives clarity to contemporary readers of subject matter that they may find themselves struggling with, in living the Christian life. Just to name a few topics, that the author has discussed in Beliefs That Really Matter are (a) God - Breathed Scripture, (b) Gods Plan of Grace, (c) A New Beginning, and (d) The Faith of One Man. Beliefs That Really Matter makes people think about why they believe certain doctrines and to examine

the doctrines whether if it is biblically sound. The Christian life is unique which we cannot deny, but the real challenge for us is to live the Christian life according to Gods standards and not ours. These concerns should be relevant and timely to the practicing Christian that this book represents. Each chapter of Beliefs That Really Matter is thought provoking and engages the readers not to settle for cheap messages of the gospel that our culture is so quickly to accept that lead many astray from the Bible. For example, cheap messages of the gospel do not develop the believer into a spiritual mature person, but only leaves the believer to sink in their Christian experience and causes confusion for many and disappointment for others. No wonder many Christians face numerous spiritual challenges and find themselves drifting from the sacred writings. Beliefs That Really Matter points the professing Christian to study the Scriptures and to scoop out the meaning for themselves from Gods Word that they begin to apply in their lives as having to form a firm foundation. Quite often, we may read a book that does nothing for our spiritual growth and does not challenge certain teachings or examine the Scripture. In Beliefs That Really Matter the author exposes shallow Christian beliefs that resemble a grab bag, and calls attention to the unique Word of God that shapes our lives for a firm foundation. Beliefs That Really Matter is written for college students, pastors and lay leaders and for those who desire to grow in their spirituality and to experience a hunger for Gods presence in their lives. For example, the reader would benefit tremendously from the book by doing a Bible study on their own, share in a small group discussion, to be used as a text for a Sunday school class or to be used as a college text book in the discipline of Christian theology, especially in the area of apply soteriology. The contents of the book are clear and specific that does not leave the reader in the dark, but rather motivate the reader to strengthen his faith and to connect with the sacred writings that feeds his soul. Beliefs That Really Matter is a wealth of information to the readers that enjoy responsible exegesis and theological explanation of words and there meanings, grammatical tenses, expressions, misunderstandings and contradictions. Each chapter is concluded with a short study guide that enables the readers to think about their need for spiritual growth and enrichment and to dig into Gods Word as hidden treasure. Sincerely, Veerasammy Carpen

The book is a challenge and a wake-up call on the current Muslim Umma exposing their apparent ineptitude and disregard to the warnings signs lessons and proofs in the Holy Qur'ān and the Aḥādīth of the Holy Apostle. Muslim Ummas' knowledge is abundant but without spiritual leader (an Imām/Caliph). This leads to distorting the Sunnah. Knowledge becomes subsequently not substantiated by action. Opinion has replaced firmness comprehensiveness conclusiveness and grasp of the Universal Message. There is no way out or an alternative to the woes of the Muslim Umma, but to remember Muḥammad Rasūlullah and his Ṣaḥābas and then act upon their examples. There is no Muslim who is not a Muqallid (imitator) of the Holy Apostle for the Sunnah is self explanatory. He is the only one. A Muslim should avoid begging Allah to return him to earth to work righteous deeds other than the deed he had done. Therefore imitating one other than the Holy Apostle is not allowed.

*A Quest for Truth* New Harbinger Publications

Christianity, at its heart, is a therapeutic faith—a theocentric form of soul care. God's therapeutic agenda begins in the perfect triune communion of Father, Son, and Holy Spirit who created human beings to flourish by participating in his glory. But they are now alienated from God and subject to different forms of psychopathology—sin, suffering, and biopsychosocial damage. So God intervened in Jesus Christ to manifest even greater glory. Through union with his incarnation, life, death, resurrection, and exaltation, Jesus has overcome the soul-disordering consequences of sin and now is bringing about a new creation by the Holy Spirit and faith. The church as the body of Christ is where God's therapy is put into action—where people can learn to flourish in communion with God and each other as God originally intended. Told in this way, the deep connection between Christianity and psychology becomes evident. In *God and Soul Care*—a companion to his *Foundations for Soul Care*—Eric L. Johnson explores the riches of Christian theology from the heights of the Trinity to the mysteries of eschatology, uncovering ample resources for engaging in dialogue with modern psychology. Each chapter not only serves as an overview of a key doctrine but also highlights its therapeutic implications for Christian counseling and psychology. A groundbreaking achievement in the synthesis of theology and psychology, *God and Soul Care* is an indispensable resource for students, scholars, pastors, and clinicians.
