"Russian up" your lessons with this cute notebook!

*Complete Russian with Two Audio CDs: A Teach Yourself Guide* Createspace Independent Publishing Platform

Cases are the backbone of the Russian sentence structure. However, for many Russian language learners, cases remain a stumbling stone. This is because nouns, pronouns, and adjectives conjugate in Russian (change their endings) which makes these words look different within a text. The good news is: you can actually learn the conjugation rules and understand the context for using each case. Everything else you learn in Russian will group around cases, just like the walls of a house are built on its foundation. This e-book will help you understand the Russian case system. What is included: ✓ Each chapter dedicated
to a specific case describes the exact situations when each case is used ✓ Easy-to-use color-coded conjugation tables (tables with endings along with 500 examples) ✓ Exercises for each case ✓ Keys to all exercises at the end of the book ✓ Bonus: a text in Russian where each noun is "decoded" to illustrate the use of cases within phrases. This way you can go back to the book chapters and review the usage. This 2nd edition is significantly improved based on readers' feedback: tables are enlarged, more examples are given. A special focus is put on immediate practice: short exercises at the end of each chapter along with the keys. This will help you put the newly acquired knowledge into action and check if you understood everything correctly. Complementary chapters give an overview of the gender system of Russian nouns and their plural forms. "Russian Cases: Conjugate Russian Nouns, Pronouns, and Adjectives Like a Pro" is probably the most comprehensive resource on Russian cases you may come across. Keep it nearby and refer to it when necessary. Happy learning! Russian for Beginners Large Print Hodder & Stoughton Educational Division It's easy to teach yourself Russian! Complete Russian with Two Audio CDs: A Teach Yourself Guide
provides you with a clear and comprehensive approach to Russian, so you can progress quickly from the basics to understanding, speaking, and writing Russian with confidence. Within each of the 20 thematic chapters, important language structures are introduced through life-like dialogues. You'll learn grammar in a gradual manner so you won't be overwhelmed by this tricky subject. Exercises accompany the texts and reinforce learning in listening, speaking, reading, and writing. This program also features current cultural information boxes that reflect recent changes in society. The accompanying audio CDs include audio exercises--performed by native speakers--that reinforce communicative skills.

How to Learn Russian
Routledge

"Student-Centred Approaches to Russian Language Teaching looks at how the field of Russian language pedagogy has evolved in recent years due to advances in technology along with shifts in attitudes to language pedagogy, and how the pandemic has compounded and accelerated these changes. This edited collection brings together different perspectives from the field of Russian language pedagogy. With pedagogical conversations now centered around students and their needs, as well as the evolving role of the
teacher in the 21st century, this volume highlights the diverse ways in which instructional practices have evolved, making curriculum and assessment more student-centered and Russian language learning more engaging. The collection will be of interest to current and future instructors of Russian as a foreign or additional language who wish to diversify their instruction, as well as students of Russian language pedagogy and second language learning and teaching”--

**Complete Russian Beginner to Intermediate Course**

Teach Yourself Beginner's Script series books feature: Origins of the language A systematic approach to mastering the script Lots of "hands-on" exercises and activities Practical examples from real-life situations

Get Started in Russian Mcgraw-hill

This is an excellent Beginning Russian textbook supplied by the connection links to many UTube lectures of this fruitful multilingual educator, a native speaker of Russian. The book consists of 12 basic lectures, vocabulary, translation exercises with the keys, and has the world of UTube audio/video posts, where the author is singing, explaining, reading, teaching, enlightening the wide audience on a few European languages, and the big part of the lectures and translated songs is devoted to teaching about Russian language and culture. The book will have its Kindle alternative and e-device owners will be able to connect right away from the links in the book. The users of physical book can always enter a lecture
title in a general internet search and use the book to their full benefit. The book is presented in a larger print for a convenience of people of all ages. Zoia Eliseyeva lives in USA for many years, and she has been published since 1996: her books are both Russian and multilingual. She is an educator with a Master's Degree, and, linguistically, she goes far beyond her initial trilingual concentration in English, Russian, Spanish. Open the world of a talented and devoted multilingual educator, and with that knowledge you will open your horizons to the more colorful ones. The book can be used by teachers, students, and everybody who is interested in Russian language and culture. **Teacher Education in Russia** Darya Gunay This a Russian language course for children 7-9 years old. This course is suitable for speakers of all languages. The components of the course are a Student's Book, an Activity Book and a Teacher's Book. All the books are connected and work together. **Teaching Languages Online** Teach Yourself Whether your child already speaks Russian but needs to learn to read it or has no knowledge of the Russian Language and wants to start - Reading Russian for Children can help you with that. Based on our bestselling Reading Russian Workbook for adults, in this book we kept 90% of the content but adapted it
to the children ages 6+. The vocabulary has been adjusted (milk instead of beer, etc.) and we added a child-friendly cover too! Many schools and language tutors use this book to teach school-aged children to read Russian. Upon completion of this book the children will be able to sound out all the words in Russian and will learn some basic Russian grammar and vocabulary.

**Teaching Materials for Russian** Real Russian Club
Get this funny notebook for your favorite teacher. Great for notetaking or anything else that involves pen and paper. Convenient to bring around at 6x9 inches. Comes with 108 pages of lined writing paper

*Echoing Their Lives*
Routledge
This book examines the history, recent developments, and direction of travel of Russian teacher education. It draws on scholarly expertise and professional experience in Russia and locates the policies and practices that are discussed within the context of the continuing global reform of teacher education. Providing a rich description of the trajectory of teacher education in Russia, the book analyses the processes of change between the history, current practice, and future directions for Russian teacher education. The chapters consider the relationship between research, policy, and practice and examine...
the respective influences of the former USSR, of processes of wider reform in the Russian Federation since 'glasnost' and 'perestroika', and of globalisation within education. What emerges from the book is that the Russian case is a prime example of 'vernacular globalisation' in teacher education. Many important insights into processes of education reform and some of the major themes in teacher education are discussed, thus providing new perspectives that are likely to be of interest to scholars and researchers of comparative education and teacher education, as well as policymakers.

Package (Book + 2 
CDs) Taylor & Francis

Excerpt from How to 
Learn Russian: A 
Manual for Students of 
Russian, Based Upon 
the Ollendorffian 

System of Teaching 
Languages, and 
Adapted for Self-
Instruction Hitherto 
students of Russian 
who attempted to learn 
the language without 
the help of a teacher 
have been met by a 
grave initial difficulty - 
the want of a good 
Grammar. As a general 
rule they availed 
themselves of Reiff's 
"English-Russian 
Grammar," but it left 
much to be desired. 
There existed, it is 
true, in French and 
German, Grammars on 
the Ollendorff System, 
but in English there 
was little aid to be 
obtained beyond what 
Reiff could give. In 
order to meet the 
demand caused by the 
growing interest in the 
Russian language - a 
language which has 
been neglected in a 
manner for which it is
difficult to account, but to which political circumstances have lately given a novel importance - Mr. Trübner has caused the present work to be prepared, and he has asked me to supply it with a few lines of Preface, which I do willingly. I am far from thinking Ollendorff's System the best possible, but in the present instance there was not much choice. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works. Russian Grammar You Really Need To Know McGraw-Hill The Art of Teaching Russian offers Russian-language practitioners current research, pedagogy, and specific methodologies for teaching the Russian language and culture in the twenty-first century. With
contributions from the leading professionals in the field, this collection covers the most important aspects of teaching the Russian language. *The Art of Teaching Russian* McGraw-Hill Education

This new edition of *Teaching Languages Online* supports the professional development of language educators as they teach all or part of their courses online. Containing extensive additions, this revised edition includes new models, illustrations and heuristics to further support research-based conceptualization, creativity and practice. In non-technical prose with emphasis on excellence in pedagogical practice, the text takes both the new and experienced language instructor through the nuts and bolts of online teaching practices, using a wide range of examples to illustrate these practices. As well as providing new resources and models, this new edition also considers the impact of broader technological and pedagogical changes, including mobility (learning on the move) and learning in 3D environments.
