as an insert of the New
York Herald Tribune and

itself as the trusted
resource for readers
across the country. With
award-winning writing and
photography covering

everything from politics
and food to theater and
fashion, the magazine's
consistent mission has
been to reflect back to its

excitement of the city
itself, while celebrating
New York as both a place
and an idea.

The Architects and the
City Penguin

This book connects
architectural history with
urban history by looking
at the work of a major

architectural firm,
Holabird & Roche. No firm
in any large American city
had a greater impact.
With projects that ranged
from tombstones to
skyscrapers, boiler rooms
to entire industrial
complexes, Holabird &
Roche left an indelible
stamp on the city of
Chicago and, indeed, far
beyond. In this volume,
the first of two on
Holabird & Roche and its
successor, Holabird &

Root, Robert Bruegmann traces the firm's history from its founding in 1880 to the end of the First World War.

"I can't remember the last time I devoured a book so eagerly. Magnificent!" -- Elin Hilderbrand, New York Times bestselling author In this powerfully written and insightful novel, author Stacy Robinson explores the consequences of flawed choices, the complex nature of betrayal and forgiveness—and the intriguing possibility of second acts... Claire Montgomery has a lifetime of sensible

decisions behind her. Yet all it takes is one impulsive indiscretion to bring everything crashing down—her marriage to a wealthy entrepreneur, her status as half of one of Denver society's power couples, and the future she dreamed of for their seventeen-year-old son, Nick. Claire's husband, Michael, angrily blames her for the recklessness that has left Nick's life in the balance, though not nearly as much as Claire blames herself. But as Nick struggles to move forward, Claire too begins

inching toward a reimagined future. Along with a fresh perspective come new questions. Are there other reasons for her fractured relationship and Michael's increasingly erratic behavior? Has he, too, been harboring painful secrets? And does Claire dare to find the real truth, when her seamlessly decorated world of privilege and security is at stake?
