**The World of Ice &
Fire** Simon and
Schuster
Vol. 1, new series, was
edited by the late
William Armstrong
Crozier and published
posthumously by Mrs.
Wm. Armstrong

This book uses several
fantasy movies or
movie series and
television series to
explain political and
international relations
(IR) concepts and
theories. It begins with
an overview of the
importance of fantasy
in literature, film and

television, and its increasing impact on the field of International Relations. It then presents the political, IR, and social issues in each franchise, and in five chapters uses these tales' key story arcs or plot points to illustrate major political and IR themes. The volume pays particular attention to such fantasy franchises as Lord of the Rings, Game of Thrones, the Harry Potter films, recent fairytale and children's stories, and female-led fantasy projects.

Night of the Cooters

The Making of HBO's House of the Dragon Law & Order meets Men in Black in this graphic novel adaptation of an unproduced TV pilot script by the author of

A Game of Thrones—a never-before-seen story brought to life for the first time! SECOND CITY. FIRST CONTACT. Ten years ago, representatives from an interstellar collective of 314 alien species landed on Earth, inviting us to become number 315. Now, after seemingly endless delays, the Starport in Chicago is operational, a destination for diplomats, merchants, and tourists alike. Inside, visitors are governed by intergalactic treaty. Outside, the streets belong to Chicago's finest. Charlie Baker, newly promoted to the squad that oversees the Starport district, is eager to put to practical use his enthusiasm for all things extraterrestrial;

he just never expected to arrive on his first day in the back of a police cruiser. Lieutenant Bobbi Kelleher is married to the job, which often puts her in conflict with Lyhanne Nhar-Lys, security champion of Starport and one of the galaxy's fiercest warriors. Undercover with a gang of anti-alien extremists, Detective Aaron Stein has no problem mixing business with pleasure—until he stumbles upon evidence of a plot to assassinate a controversial trade envoy with a cache of stolen ray guns. Now the Chicago PD must stop these nutjobs before they piss off the entire universe. Based on a TV pilot script written by George R. R. Martin in 1994 and

adapted and illustrated by Hugo Award-nominated artist Raya Golden, this bold and brilliant graphic novel adaptation at last brings Martin's singular vision to rollicking life. With all the intrigue, ingenuity, and atmosphere that made *A Game of Thrones* a worldwide phenomenon, Starport launches a new chapter in the career of a sci-fi/fantasy superstar.

The Fall of Koli

Voyager
Melissa Bashardoust's *Girl, Serpent, Thorn* is “an alluring feminist fairy tale” (Kirkus) about a girl cursed to be poisonous to the touch and who discovers what power might lie in such a curse. There was and there was not, as all

stories begin, a princess cursed to be poisonous to the touch. But for Soraya, who has lived her life hidden away, apart from her family, safe only in her gardens, it's not just a story. As the day of her twin brother's wedding approaches, Soraya must decide if she's willing to step outside of the shadows for the first time. Below in the dungeon is a demon who holds knowledge that she craves, the answer to her freedom. And above is a young man who isn't afraid of her, whose eyes linger not with fear, but with an understanding of who she is beneath the poison. Soraya thought she knew her place in the world, but when her choices lead to consequences she never imagined, she

begins to question who she is and who she is becoming...human or demon. Princess or monster.

Fire Cannot Kill a Dragon Genealogical Publishing Com
For the first time in comic book history, two of the greatest teams of all time - the Justice League of America and The Avengers - join forces in a galaxy-crossing quest to battle Krona, the god-like being whose destructive quest for the Ultimate Truth threatens all creation with annihilation.

The Billingsley Family (Billingsly-Billingslea) in America Penguin
The Expanse meets Game of Thrones in J. S. Dewes's fast-paced, sci-fi adventure *The Last Watch*, the first book in the Divide

series, where a handful of soldiers stand between humanity and annihilation.

It's the edge of the universe. Now it's

collapsing—and taking everyone and everything with it. The only ones who can stop it are the Sentinels—the recruits, exiles, and court-martialed dregs of the military. At the Divide, Adequin Rake commands the Argus. She has no resources, no comms—nothing, except for the soldiers that no one wanted. Her ace in the hole could be Cavalon Mercer--genius, asshole, and exiled prince who nuked his grandfather's genetic facility for “reasons.” She knows they're humanity's last chance. The Divide series The Last Watch The Exiled Fleet At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Tinderbox Bantam

Don't miss this prequel to the hit crime series and Netflix film *Luther: The Fallen Sun* starring Idris Elba—written by the Edgar

Award-winning creator and sole writer of the show! A “gripping, taut” (Guillermo del Toro) thriller featuring homicide detective John Luther, “who is intelligent and almost freakishly intuitive [and] belongs not only to the Sherlock Holmes tradition but also to the newer crime-fiction model elaborated by Thomas Harris in his novels *Red Dragon*, *The Silence of the Lambs*, and *Hannibal*” (The New York Times). Is Luther a force for good or a man hell-bent on self-destruction? Meet Detective Chief Inspector John Luther.

He's a homicide detective with an extraordinary case-clearance rate. He's obsessive, instinctive, and intense. Nobody who ever stood at his side has a bad word to say about him. And yet there are rumors that Luther is bad—not corrupt, but tormented. After years of chasing the most depraved criminals in London's gritty underworld, he seethes with a hidden fury he can barely control, making him do things any other detective wouldn't and shouldn't do. A compulsively readable novel by the writer hailed by The Guardian as “Britain's own Stephen King,” this is the story of the serial killer case that tore Luther's personal and professional relationships apart and

propelled him over the precipice—beyond fury, beyond vengeance, all the way to the other side of the law.

Jla/Avengers Bantam
Grief brought high school senior Finley Sinclair to Ireland. Love will lead her home. Eighteen-year-old Finley Sinclair is witty, tough, talented, and driven. With an upcoming interview at the Manhattan music conservatory, she just needs to finish

composing her audition piece. But her creativity disappeared with the death of her older brother, Will. She decides to take a break and study abroad, following Will's travel journal to Ireland. Her brother felt closest to God there, and she hopes to find peace about his death. Meanwhile, Beckett Rush—teen heartthrob and Hollywood bad boy—is flying to Ireland to finish filming his latest vampire movie. On the flight, he bumps into Finley—the one girl who seems immune to his charm. Undeterred, Beckett convinces Finley to strike an unconventional bargain. As Finley deals with the loss of her brother, the pressures of school, and her impending

audition, she wonders if an unlikely romance is blossoming between her and Beckett. Then she experiences something that radically changes her perspective on life. Has everything she's been looking for been with her all along? Don't miss *Finding You*—the movie based on *There You'll Find Me*—released in 2021. Contemporary Young Adult romance. Stand-alone novel. Book length: 78,000 words. Includes discussion questions for book clubs. *Virginia County Records*. Michael Joseph Tinderbox tells the exclusive, explosive, uninhibited true story of HBO and how it burst onto the American scene and screen to detonate a revolution and

transform our relationship with television forever. The Sopranos, Game of Thrones, Sex and the City, The Wire, Succession...HBO has long been the home of epic shows, as well as the source for brilliant new movies, news-making documentaries, and controversial sports journalism. By thinking big, trashing tired formulas, and killing off cliches long past their primes, HBO shook off the shackles of convention and led the way to a bolder world of content, opening the door to all that was new, original, and worthy of our attention. In *Tinderbox*, award-winning journalist James Andrew Miller uncovers a bottomless trove of secrets and surprises, revealing new conflicts,

insights, and analysis. As he did to great acclaim with SNL in *Live from New York*; with ESPN in *Those Guys Have All the Fun*; and with talent agency CAA in *Powerhouse*, Miller continues his record of extraordinary access to the most important voices, this time speaking with talents ranging from Abrams (J. J.) to Zendaya, as well as every single living president of HBO—and hundreds of other major players. Over the course of more than 750 interviews with key sources, Miller reveals how fraught HBO's journey has been, capturing the drama and the comedy off-camera and inside boardrooms as HBO created and mobilized a daring new content universe, and, in doing

so, reshaped storytelling and upended our entertainment lives forever.

Heads of Families at the First Census of the United States Taken in the Year 1790:

Maryland Bantam

The perfect read and perfect gift for Game of Thrones fans The official, definitive oral history of the blockbuster show from Entertainment Weekly's James Hibberd, endorsed by George R. R. Martin himself (who calls it "an amazing read"), reveals the one Game of Thrones tale that has yet to be told: the thirteen-year behind-the-scenes struggle to make the show. Fire Cannot Kill a Dragon shares the incredible, thrilling, uncensored story of Game of

Thrones, from the creators' first meetings with George R. R. Martin and HBO through the series finale, including all the on-camera battles, off-camera efforts, and the many controversies in between. The book also features more than fifty candid new interviews, rare and stunning photos, and unprecedented access to the producers, cast, and crew who took an impossible idea and made it into the biggest show in the world.

The Making of HBO's House of the Dragon Voyager *Little Milestones* Bantam
 NEW YORK TIMES BESTSELLER • Taking place nearly a century before the events of A Game of Thrones, A Knight of the Seven Kingdoms compiles the first three official prequel novellas to George R. R. Martin's ongoing masterwork, A Song of Ice and Fire. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY LOS ANGELES TIMES AND BUZZFEED
 These never-before-collected adventures recount an age when the Targaryen line still holds the Iron Throne, and the memory of the last dragon has not yet passed from living consciousness. Before Tyrion Lannister and Podrick Payne, there

was Dunk and Egg. A young, naïve but ultimately courageous hedge knight, Ser Duncan the Tall towers above his rivals—in stature if not experience. Tagging along is his diminutive squire, a boy called Egg—whose true name is hidden from all he and Dunk encounter. Though more improbable heroes may not be found in all of Westeros, great destinies lay ahead for these two . . . as do powerful foes, royal intrigue, and outrageous exploits. Featuring more than 160 all-new illustrations by Gary Gianni, A Knight of the Seven Kingdoms is a must-have collection that proves chivalry isn't dead—yet. Praise for A Knight of the Seven Kingdoms

“Readers who already love Martin and his ability to bring visceral human drama out of any story will be thrilled to find this trilogy brought together and injected with extra life.”—Booklist “The real reason to check out this collection is that it’s simply great storytelling. Martin crafts a living, breathing world in a way few authors can. . . [Gianni’s illustrations] really bring the events of the novellas to life in beautiful fashion.”—Tech Times “Stirring . . . As Tolkien has his *Silmarillion*, so [George R. R.] Martin has this trilogy of foundational tales. They succeed on their own, but in addition, they succeed in making fans want

more.”—Kirkus Reviews (starred review) “Pure fantasy adventure, with two of the most likable protagonists George R. R. Martin has ever penned.”—Bustle “A must-read for Martin’s legion of fans . . . a rousing prelude to [his] bestselling *Song of Ice and Fire* saga . . . rich in human drama and the colorful worldbuilding that distinguishes other books in the series.”—Publishers Weekly

Shadowland Bantam
NOW THE ACCLAIMED
HBO SERIES *GAME OF
THRONES*—THE
MASTERPIECE THAT
BECAME A CULTURAL
PHENOMENON Winter
is coming. Such is the
stern motto of House
Stark, the
northernmost of the
fiefdoms that owe

allegiance to King Robert Baratheon in far-off King's Landing. There Eddard Stark of Winterfell rules in Robert's name. There his family dwells in peace and comfort: his proud wife, Catelyn; his sons Robb, Brandon, and Rickon; his daughters Sansa and Arya; and his bastard son, Jon Snow. Far to the north, behind the towering Wall, lie savage Wildings and worse—unnatural things relegated to myth during the centuries-long summer, but proving all too real and all too deadly in the turning of the season. Yet a more immediate threat lurks to the south, where Jon Arryn, the Hand of the King, has died under mysterious circumstances. Now Robert is riding north

to Winterfell, bringing his queen, the lovely but cold Cersei, his son, the cruel, vainglorious Prince Joffrey, and the queen's brothers Jaime and Tyrion of the powerful and wealthy House Lannister—the first a swordsman without equal, the second a dwarf whose stunted stature belies a brilliant mind. All are heading for Winterfell and a fateful encounter that will change the course of kingdoms. Meanwhile, across the Narrow Sea, Prince Viserys, heir of the fallen House Targaryen, which once ruled all of Westeros, schemes to reclaim the throne with an army of barbarian Dothraki—whose loyalty he will purchase in the only coin left to him: his beautiful yet

innocent sister, Daenerys. Official Congressional Directory Voyager Witness the genesis of a Targaryen dynasty with this deluxe book that explores the creation of HBO's hit series House of the Dragon. Based on visionary author George R. R. Martin's book Fire & Blood, House of the Dragon charts the earth-shattering events that led to the fall of Westeros's most powerful family, House Targaryen. From Humbug to Humble Bantam

The modern southwestern cities of Phoenix, Tucson, Las Vegas, Albuquerque, and El Paso occupy lands that once supported rich desert ecosystems. Typical development activities often resulted in scraping these desert lands of an ancient living landscape, to be replaced with one that is human-made and dependent on a large consumption of energy and natural resources. **Design with the Desert: Conservation and Sustainable Development** explores the natural and built environment of the American Southwest

and introduces development tools for shaping the future of the region in a more sustainable way. Explore the Desert Landscape and Ecology This transdisciplinary collaboration draws on insights from leading authorities in their fields, spanning science, ecology, planning, landscape development, architecture, and urban design. Organized into five parts, the book begins by introducing the physical aspects of the desert realm: the land, geology, water, and climate. The second part deals with the "living" and ecological aspects, from plants and animals to ecosystems. The third part, on planning in the desert, covers the ecological and social issues

surrounding water, natural resource planning, and community development. Bring the Desert into the City The fourth part looks at how to bring nature into the built environment through the use of native plants, the creation of habitats for nature in urban settings, and the design of buildings, communities, and projects that create life. The final part of the book focuses on urban sustainability and how to design urban systems that provide a secure future for community development. Topics include water security, sustainable building practices, and bold architecture and community designs. Design Solutions That Work with the Local

Environment This book will inspire discussion and contemplation for anyone interested in desert development, from developers and environmentalists to planners, community leaders, and those who live in desert regions. Throughout this volume, the contributors present solutions to help promote ecological balance between nature and the built environment in the American Southwest—and offer valuable insights for other ecologically fragile regions around the world.

[The Descendants of Francis Muncy I](#) Orbit
#1 NEW YORK TIMES BESTSELLER • The thrilling history of the Targaryens comes to life in this masterly work, the inspiration

for HBO's Game of Thrones prequel series House of the Dragon "The thrill of Fire & Blood is the thrill of all Martin's fantasy work: familiar myths debunked, the whole trope table flipped."—Entertainment Weekly Centuries before the events of A Game of Thrones, House Targaryen—the only family of dragonlords to survive the Doom of Valyria—took up residence on Dragonstone. Fire & Blood begins their tale with the legendary Aegon the Conqueror, creator of the Iron Throne, and goes on to recount the generations of Targaryens who fought to hold that iconic seat, all the way up to the civil war that nearly tore their dynasty

apart. What really happened during the Dance of the Dragons? Why was it so deadly to visit Valyria after the Doom? What were Maegor the Cruel's worst crimes? What was it like in Westeros when dragons ruled the skies? These are but a few of the questions answered in this essential chronicle, as related by a learned maester of the Citadel. Readers have glimpsed small parts of this narrative in such volumes as *The World of Ice & Fire*, but now, for the first time, the full tapestry of Targaryen history is revealed. With all the scope and grandeur of Gibbon's *The History of the Decline and Fall of the Roman Empire*, *Fire & Blood* is the first volume of the definitive two-part

history of the Targaryens, giving readers a whole new appreciation for the dynamic, often bloody, and always fascinating history of Westeros. Praise for *Fire & Blood* "A masterpiece of popular historical fiction."—*The Sunday Times* "The saga is a rich and dark one, full of both the title's promised elements. . . . It's hard not to thrill to the descriptions of dragons engaging in airborne combat, or the dilemma of whether defeated rulers should 'bend the knee,' 'take the black' and join the Night's Watch, or simply meet an inventive and horrible end."—*The Guardian*
