## LISA HURLEY

---

**NY Times 36 Hours USA Canada** Three Rivers Press  
Bestselling author David Shields analyzed over a decade's worth of front-page war photographs from *The New York Times* and came to a shocking conclusion: the photo-editing process of the "paper of record," by way of pretty, heroic, and lavishly aesthetic image selection, pulls the wool over the eyes of its readers; Shields forces us to face not only the media's complicity in dubious and catastrophic military campaigns but our own as well. This powerful media mouthpiece, the mighty *Times*, far from being a check on governmental power, is in reality a massive amplifier for its dark forces by virtue of the way it aestheticizes warfare. Anyone baffled by the willful American involvement in Iraq and Afghanistan can't help but see in this book how eagerly and invariably the *Times* led the way in making the case for these wars through the manipulation of its visuals. Shields forces the reader to weigh the consequences of our own passivity in the face of these images' opiate numbing. The photographs gathered in *War Is Beautiful*, often beautiful and always artful, are filters of reality rather than the documentary journalism they purport to be.

The "*New York Times*" has been offering up dream weekends with practical itineraries in its popular weekly *36 Hours* column since 2002. Over the years, the column's writers have brought careful research, insider's knowledge, and a sense of fun to hundreds of cities and destinations, always with an eye to getting the most out of a short trip.

**The Midwest Survival Guide** Random House Trade Paperbacks  
"The guidelines to correct hyphenation, punctuation, capitalization and foreign and English spelling are crisp and compact, created for instant reference in the rush of deadlines.

Rewritten for the first time in twenty-three years and greatly expanded since the last edition, the manual tackles issues that will follow writers into the new century: how to respect the equality of the sexes without self-conscious devices such as "he or she"; how to choose thoughtfully between terms like African-American and black; Hispanic and Latino; American Indian and Native American; and how to translate the vocabulary of e-mail and cyberspace for everyday readers, and how to cope with the eccentric capitalization and punctuation of Internet company names and Web site addresses." "The authors also offer a thumbnail guide to newsroom ethics and standards in their entries on anonymous sources, attribution, fairness and obscenity. And they seed the rules with wry humor." "For writers, editors, students, researchers and all who love language *The New York Times Manual of Style and Usage* is an entertaining tool as well as an essential reference."--BOOK JACKET.

Offers cogent, sensible advice on staying healthy, participating in our medical care, responding correctly to disease and disablement, and maintaining a personal commitment to health, addressing all major health issues

[The New York Times Manual of Style and Usage, 5th Edition](#) Times Books (NY)  
From the host of NPR's *Planet Money*, the deeply-investigated story of how one visionary, dogged investor changed American finance forever. Before Bill Gross was known among investors as the Bond King, he was a gambler. In 1966, a fresh college grad, he went to Vegas armed with his net worth (\$200) and a knack for counting cards. \$10,000 and countless casino bans later, he was hooked: so he enrolled in business school. The Bond King is the story of how that whiz kid made American finance his casino. Over the course of decades, Bill Gross turned the sleepy bond market into a destabilized game of high risk, high reward; founded Pimco, one of today's most powerful, secretive, and cutthroat investment firms; helped to reshape our financial system in the aftermath of the Great Recession—to his own advantage; and gained legions of admirers, and enemies, along the way. Like every American antihero, his ambition would also be

his undoing. To understand the winners and losers of today's money game, journalist Mary Childs argues, is to understand the bond market—and to understand the bond market is to understand the Bond King.

**The New York Times Dictionary of Money and Investing** PublicAffairs

The inspiration for Chloé Zhao's 2020 Golden Lion award-winning film starring Frances McDormand. "People who thought the 2008 financial collapse was over a long time ago need to meet the people Jessica Bruder got to know in this scorching, beautifully written, vivid, disturbing (and occasionally wryly funny) book." —Rebecca Solnit  
From the beet fields of North Dakota to the campgrounds of California to Amazon's CamperForce program in Texas, employers have discovered a new, low-cost labor pool, made up largely of transient older adults. These invisible casualties of the Great Recession have taken to the road by the tens of thousands in RVs and modified vans, forming a growing community of nomads. *Nomadland* tells a revelatory tale of the dark underbelly of the American economy—one which foreshadows the precarious future that may await many more of us. At the same time, it celebrates the exceptional resilience and creativity of these Americans who have given up ordinary rootedness to survive, but have not given up hope.

**Discovering Vintage New York** W. W. Norton & Company  
'Hugely enjoyable' AN Wilson, *Sunday Times* 'Thoughtful, entertaining and enjoyable' Michael Gove, *Book of the Week*, *The Times* Inspired by William Makepeace Thackeray, the first great analyst of snobbery, and his trail-blazing *The Book of Snobs* (1848), D. J. Taylor brings us a field guide to the modern snob. Short of calling someone a racist or a paedophile, one of the worst charges you can lay at anybody's door in the early twenty-first

century is to suggest that they happen to be a snob. But what constitutes snobbishness? Who are the snobs and where are they to be found? Are you a snob? Am I? What are the distinguishing marks? Snobbery is, in fact, one of the keys to contemporary British life, as vital to the backstreet family on benefits as the proprietor of the grandest stately home, and an essential element of their view of who of they are and what the world might be thought to owe them. The New Book of Snobs will take a marked interest in language, the vocabulary of snobbery - as exemplified in the 'U' and 'Non U' controversy of the 1950s - being a particular field in which the phenomenon consistently makes its presence felt, and alternate social analysis with sketches of groups and individuals on the Thackerayan principle. Prepare to meet the Political Snob, the City Snob, the Technology Snob, the Property Snob, the Rural Snob, the Literary Snob, the Working-class Snob, the Sporting Snob, the Popular Cultural Snob and the Food Snob.

**The New York Times Guide to Essential Knowledge, Second Edition** Macmillan

NEW YORK TIMES BESTSELLER • Bill Bryson, bestselling author of *A Short History of Nearly Everything*, takes us on a head-to-toe tour of the marvel that is the human body—with a new afterword for this edition. Bill Bryson once again proves himself to be an incomparable companion as he guides us through the human body—how it functions, its remarkable ability to heal itself, and (unfortunately) the ways it can fail. Full of extraordinary facts (your body made a million red blood cells since you started reading this) and irresistible Brysonesque anecdotes, *The Body* will lead you to a deeper understanding of the miracle that is life in general and you in particular. As Bill Bryson writes, “We pass our existence within this wobble of flesh and yet take it almost entirely for granted.” *The Body* will cure that indifference with generous doses of wondrous, compulsively readable facts and information. As addictive as it is comprehensive, this is Bryson at his very best, a must-read owner’s manual for every body.

**The New York Times Book Review** Johns Hopkins University Press+ORM

The #1 New York Times bestseller. Over 10 million copies sold! *Tiny Changes, Remarkable Results* No matter your goals, *Atomic Habits* offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: make time for new habits (even when life gets crazy); overcome a lack of motivation and willpower; design your environment to make

success easier; get back on track when you fall off course; ...and much more. *Atomic Habits* will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.

**The New York Times Practical Guide to Practically Everything** Taschen

The premier source for journalists, now revised and updated for 2015. Does the White House tweet? Or does the White House post on Twitter? Can "text" be a verb and also a noun? When should you link? For anyone who writes--short stories or business plans, book reports or news articles--knotty choices of spelling, grammar, punctuation and meaning lurk in every line: Lay or lie? Who or whom? That or which? Is Band-Aid still a trademark? It's enough to send you in search of a Martini. (Or is that a martini?) Now everyone can find answers to these and thousands of other questions in the handy alphabetical guide used by the writers and editors of the world's most authoritative news organization. The guidelines to hyphenation, punctuation, capitalization and spelling are crisp and compact, created for instant reference in the rush of daily deadlines. The 2015 edition is a revised and condensed version of the classic guide, updated with solutions to problems that plague writers in the Internet age: · How to cite links and blogs · How to handle tweets, hashtags and other social-media content · How to use current terms like “transgender,” or to choose thoughtfully between “same-sex marriage” and “gay marriage” With wry wit, the authors have created an essential and entertaining reference tool.
