Genetic Studies of Genius ...: The early mental traits of three hundred geniuses Simon and Schuster
Deceived—Rae cannot stand his job as secretary to Prince Benedict, and the feeling is entirely mutual. In the aftermath of yet another fight, Rae lights upon the idea of giving Benedict a taste of his own seduction throughout the three day masque about to take place.

But a deception meant to put a rakish prince in his place reveals a man Rae never expected, and a secret he never anticipated... Scandalous—Since the death of his parents, who lived and died scandalously, Gideon has tried to make up for their mistakes by leading a strict, quiet life, and giving his little brother the stability he never had. On a journey home, he is waylaid by a storm—and distracted by a handsome man who proves to be more temptation than he can resist... From Afar—Pierce has all that anyone could want in life: a doting

brother, the fame and adoration from being an accomplished fencer, and his best friend. What he wants most, however, is to know the identity of the person who leaves him ardent love letters and why his admirer will not step forward... Lessons—Bored and alone one night, Jude chances upon Crispin, who despairs of ever catching the eye of the man he loves because he's too innocent to be appealing. Jude, a notorious rake, impulsively offers to teach him all he needs to know... Seconds—Called to be the second to a brash young man, Alexis seeks out the appointed second of the challenger. But the man he encounters has Alexis considering things he swore off long ago, when he decided one broken heart was more than enough. The Wager—While serving as

ambassador on his mother's orders, Prince Lazare spends most of his time either confused and frustrated by his peers, or struggling uselessly against his growing feelings for Maitland, appointed to be his guide and assistant throughout his stay. Neither situation is improved when he learns of a mysterious wager concerning Maitland and a dead man... Runaways—Addison hates the city, and he really hates spending all his time dancing attendance upon his brat cousin. When his cousin falls sick, Addison seizes the rare chance for solitude and flees to the park. But he is not there long before he is accosted by a stranger who is like no one Addison has ever met, and who shows him a world he actually enjoys—a world to which he will never truly belong.

Addison Schacht and his best friend Digger become obsessed with investigating the murder of a classmate as they travel through Washington DC's underworld in this "thoughtful coming-of-age story and engaging teenage noir" (The New York Times). High school senior Addison Schacht is taking the prompt for his college entry essay to the

University of Chicago to heart: What are your best and worst qualities? He begins to look back on his life so far and considers what getting into college, selling some pot to his classmates, his relationship with his best friend—not girlfriend—Digger, Virgil's Aeneid, and his growing obsession with the murder of a classmate, Kevin Broadus, all mean. The more he digs into his own past, the farther he stumbles into the middle of the murder investigation. Filled with classic adolescent reflection and an intriguing mystery, *The November Criminals* is “one of the funniest, most heartfelt novels in recent memory—a book every bit as worthy of Mark Twain and J.D. Salinger” (*The Chicago Tribune*). *Harlequin Knives Out* meets *One of Us is Lying!* In

Killer Content Capstone

Christopher Knowlton, author of *Cattle Kingdom* and former *Fortune* writer, takes an in-depth look at the spectacular Florida land boom of the 1920s and shows how it led directly to the Great Depression. The 1920s in Florida was a time of incredible excess, immense wealth, and precipitous collapse. The decade there produced the largest human migration in American history, far exceeding the settlement of the West, as millions flocked to the grand hotels and the new cities that rose rapidly from the

teeming wetlands. The boom spawned a new subdivision civilization—and the most egregious large-scale assault on the environment in the name of “progress.” Nowhere was the glitz and froth of the Roaring Twenties more excessive than in Florida. Here was Vegas before there was a Vegas: gambling was condoned and so was drinking, since prohibition was not enforced. Tycoons, crooks, and celebrities arrived en masse to promote or exploit this new and dazzling American frontier in the sunshine. Yet, the import and deep impact of these historical events have never been explored thoroughly until now. In *Bubble in the Sun* Christopher Knowlton examines the grand artistic and entrepreneurial visions behind Coral

Gables, Boca Raton, Miami Beach, and other storied sites, as well as the darker side of the frenzy. For while giant fortunes were being made and lost and the nightlife raged more raucously than anywhere else, the pure beauty of the Everglades suffered wanton ruination and the workers, mostly black, who built and maintained the boom, endured grievous abuses. Knowlton breathes dynamic life into the forces that made and wrecked Florida during the decade: the real estate moguls Carl Fisher, George Merrick, and Addison Mizner, and the once-in-a-century hurricane whose aftermath triggered the stock market crash. This essential account is a revelatory—and riveting—history of an era that still affects our country today.

At 5:41 P.M. on May 22, 2011, an EF5 tornado hit Joplin, Missouri. It was a huge twister that destroyed miles of properties down its path, leaving houses, businesses, crops, and everything it hit devastated, in rubble. Then as if it had been forever, the forty-five-second catastrophe left 161 deaths, injuries and disbelief, and stories of survival . . . stories of faith. Scott Hettinger's interviews with many survivors provides a real picture of what that afternoon was like, in multiple points of view. Some were in their homes doing chores, some attending graduation, some shopping, while others stayed with their families

for barbecue and such. But there were dark clouds over Joplin, strong winds, purple lightning . . . and everything was okay. Then the tornado sirens went off. 5/22: Stories of Survival, Stories of Faith provides powerful examples of how powerful God's hands are in times of need.
