CANTRELL LILLIANNA

Slavery and Sentiment Penguin

This supplement offers a wide range of primary-source documents in sets built around a historical "problem." Each set comprises several documents, including excerpts from letters, diaries, speeches, and petitions, as well as song lyrics, political cartoons, and advertisements. Introductions and questions guide readers in understanding and interpreting the documents.

Memories of Carolinian Immigrants Cengage Learning

This is a book about identity and remembrance. This anthology presents personal narratives and historical photographs that illuminate the diversity of immigrant experiences in North and South Carolina since 1700. The broad focus of the book encompasses all walks of life and documents three centuries of social, political, artistic, and cultural history. The chapters follow historical timelines starting with colonial experiences leading up to the American Revolution, followed by immigrant accounts before and during the Civil War, experiences in the New South, and memories of twentieth century immigrants and the most recent arrivals. The common denominators of the autobiographies, diaries, and letters hinge on the confluence of American patriotism and immigrant pride, coupled with old world loyalties and new world ambitions that reflect the demographic shift from European to Asian and Hispanic immigrants in the American Southeast.

Sociology for the South Yale University Press

Kidnapped at the age of 11 from his home in Benin, Africa, Olaudah Equiano spent the next 11 years as a slave in England, the U.S., and the West Indies, until he was able to buy his freedom. His autobiography, published in 1789, was a bestseller in its own time. Cameron has modernized and shortened it while remaining true to the spirit of the original. It's a gripping story of adventure, betrayal, cruelty, and courage. In searing scenes, Equiano describes the savagery of his capture, the appalling conditions on the slave ship, the auction, and the forced labor. . . . Kids will read this young man's story on their own; it will also enrich curriculum units on history and on writing.

The New Negro 1st World Publishing

Sociology for the South: Or, The Failure of Free Society by George Fitzhugh, first published in 1854, is a rare manuscript, the original residing in one of the great libraries of the world. This book is a reproduction of that original, which has been scanned and cleaned by state-of-the-art publishing tools for better readability and enhanced appreciation. Restoration Editors' mission is to bring long out of print manuscripts back to life. Some smudges, annotations or unclear text may still exist, due to permanent damage to the original work. We believe the literary significance of the text justifies offering this reproduction, allowing a new generation to appreciate it.

Illuminates the political dimensions of American and British antislavery texts written by blacks

The African American National Biography: Dihigo-Gwynn Black Classics

King provides a jarring snapshot of children living in bondage. This compellingly written work is a testament to the strength and resilience of the children and their parents. Kathleen Hughes, Booklist Stolen Childhood is a wonderful book with manifold strengths of research and analysis. Nell Irvin Painter, The Journal of Southwest Georgia History She [King] takes an enormous step toward filling some of the voids in the literature of slavery. . . . Adele Logan Alexander, Washington Post Book World Wilma King has done a service in correcting a major problem in slave history. Her writing style gracefully conveys both the joys and the terrors of youth under slavery. David Libby, Southern Historian King's deeply researched, well-written, passionate study places children and young adults at center stage in the North American slave experience. J. D. Smith, Choice Stolen Childhood is a welcome addition to the burgeoning literature on the slave experience in the United States. V. P. Franklin, History of Education Quarterly Stolen Childhood mines the major American archives in order to present the ways in which enslaved men and women created a semblance of family life and cultural heritage. Mary Warner Marien, Christian Science Monitor Wilma King argues that childhood was stolen from these children—they were forced into the workplace at an early age, subjected to arbitrary plantation authority and punishment, and were separated from family. King follows the slave child's experience through work, play and leisure, education, socialization, resistance to slavery, and the transition to freedom.

Slave Narratives of the Underground Railroad Yearling

The Blind African Slave recounts the life of Jeffrey Brace (né Boyrereau Brinch), who was born in West Africa around 1742. Captured by slave traders at the age of sixteen, Brace was transported to Barbados, where he experienced the shock and trauma of slave-breaking and was sold to a New England ship captain. After fighting as an enslaved sailor for two years in the Seven Years War, Brace was taken to New Haven, Connecticut, and sold into slavery. After several years in New England, Brace enlisted in the Continental Army in hopes of winning his manumission. After five years of military service, he was honorably discharged and was freed from slavery. As a free man, he chose in 1784 to move to Vermont, the first state to make slavery illegal. There, he met and married an African woman, bought a farm, and raised a family. Although literate, he was blind when he decided to publish his life story, which he narrated to a white antislavery lawyer, Benjamin Prentiss, who published it in 1810. Upon his death in 1827, Brace was a well-respected abolitionist. In this first new edition since 1810, Kari J. Winter provides a historical introduction, annotations, and original documents that verify and supplement our knowledge of Brace's life and times.

An Account of the Slave Trade on the Coast of Africa Wadsworth Publishing Company

What does it mean to be Black? If Blackness is not biological in origin but socially and discursively constructed, does the meaning of Blackness change over time and space? In *Physics of Blackness: Beyond the Middle Passage Epistemology*, Michelle M. Wright argues that although we often explicitly define Blackness as a "what," it in fact always operates as a "when" and a "where." By putting lay discourses on spacetime from physics into conversation with works on identity from the African Diaspora, *Physics of Blackness* explores how Middle Passage epistemology subverts racist

assumptions about Blackness, yet its linear structure inhibits the kind of inclusive epistemology of Blackness needed in the twenty-first century. Wright then engages with bodies frequently excluded from contemporary mainstream consideration: Black feminists, Black queers, recent Black African immigrants to the West, and Blacks whose histories may weave in and out of the Middle Passage epistemology but do not cohere to it. *Physics of Blackness* takes the reader on a journey both known and unfamiliar—from Isaac Newton's laws of motion and gravity to the contemporary politics of diasporic Blackness in the academy, from James Baldwin's postwar trope of the Eiffel Tower as the site for diasporic encounters to theoretical particle physics' theory of multiverses and superpositioning, to the almost erased lives of Black African women during World War II. Accessible in its style, global in its perspective, and rigorous in its logic, *Physics of Blackness* will change the way you look at Blackness.

Notes on the State of Virginia Univ of Wisconsin Press

In an adventurous and extraordinary life, Equiano (c.1745-c.1797) criss-crossed the Atlantic world, from West Africa to the Caribbean to the USA to Britain, either as a slave or fighting with the Royal Navy. His account of his life is not only one of the great documents of the abolition movement, but also a startling, moving story of danger and betrayal. *Great Journeys* allows readers to travel both around the planet and back through the centuries – but also back into ideas and worlds frightening, ruthless and cruel in different ways from our own. Few reading experiences can begin to match that of engaging with writers who saw astounding things: Great civilisations, walls of ice, violent and implacable jungles, deserts and mountains, multitudes of birds and flowers new to science. Reading these books is to see the world afresh, to rediscover a time when many cultures were quite strange to each other, where legends and stories were treated as facts and in which so much was still to be discovered.

The Slave Ship Bedford/st Martins

Prince — a slave in the British colonies — vividly recalls her life in the West Indies, her rebellion against physical and psychological degradation, and her eventual escape in 1828 in England.

How the Other Half Lives Univ of North Carolina Press

Slave Portraiture in the Atlantic World is the first book to focus on the individualized portrayal of enslaved people from the time of Europe's full engagement with plantation slavery in the late sixteenth century to its final official abolition in Brazil in 1888. While this period saw the emergence of portraiture as a major field of representation in Western art, 'slave' and 'portraiture' as categories appear to be mutually exclusive. On the one hand, the logic of chattel slavery sought to render the slave's body as an instrument for production, as the site of a non-subject. Portraiture, on the contrary, privileged the face as the primary visual matrix for the representation of a distinct individuality. Essays address this apparent paradox of 'slave portraits' from a variety of interdisciplinary perspectives, probing the historical conditions that made the creation of such rare and enigmatic objects possible and exploring their implications for a more complex understanding of power relations under slavery.

The History of Mary Prince University of Georgia Press

An 8-volume reference set containing over 4,000 entries written by distinguished scholars, 'The African American National Biography' is the most significant and expansive compilation of black lives

in print today.

ORATION BY FREDERICK DOUGLASS Cambridge University Press

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Bury the Chains Courier Corporation

The Impending Crisis of the South is a book by Hinton Rowan Helper. It provides info and stats to make the case that slavery in the US was less lucrative than free labor and essentially disadvantaged the South instead enriching it.

Personal Narrative of the First Voyage of Columbus to America Good Press

Features portraits of some six hundred noteworthy African Americans representing a wide variety of fields of endeavor.

The Impending Crisis of the South Aladdin

With a basis in environmental history, this groundbreaking study challenges the idea that a meaningful attachment to nature and the outdoors is contrary to the black experience. The discussion shows that contemporary African American culture is usually seen as an urban culture, one that arose out of the Great Migration and has contributed to international trends in fashion, music, and the arts ever since. However, because of this urban focus, many African Americans are not at peace with their rich but tangled agrarian legacy. On one hand, the book shows, nature and violence are connected in black memory, especially in disturbing images such as slave ships on the ocean, exhaustion in the fields, dogs in the woods, and dead bodies hanging from trees. In contrast, though, there is also a competing tradition of African American stewardship of the land that should be better known. Emphasizing the tradition of black environmentalism and using storytelling techniques to dramatize the work of black naturalists, this account corrects the record and urges interested urban dwellers to get back to the land.

Walker's Appeal, in Four Articles Richmond, Virginia : [s.n.]

Designed to expose students to a variety of sources on United States history from the colonial era to the present day. The collection includes speeches, letters, paintings, artifacts, poems, short stories, photographs, lyrics, book excerpts, articles, and news accounts encompassing multicultural and regional perspectives. The selected readings address important episodes in politics, economics, and foreign policy, as well as social and cultural changes, and come from both famous and "ordinary" Americans.

Physics of Blackness e-artnow

Draws on three decades of research to chart the history of slave ships, their crews, and their enslaved passengers, documenting such stories as those of a young kidnapped African whose slavery is witnessed firsthand by a horrified priest from a neighboring tribe responsible for the slave's capture. 30,000 first printing.

Amistad U of Minnesota Press

A first-person narrative of Olaudah Equiano's journey from his native Africa to the New World, that follows his capture, introduction to Christianity and eventual release. His story is an eye-opening depiction of personal resilience in the face of structural oppression. Olaudah Equiano's origins are

rooted in West Africa's Eboe district, which is modern-day Nigeria. He details the shocking events that led up to his kidnapping and subsequent trade into slavery. His journey starts at 11 years old, forcing him to come of age in a society that abuses him at every turn. During his plight, he attempts to find new ways to survive, educating himself and eventually formulating a plan to obtain his freedom. In *The Interesting Narrative of the Life of Olaudah Equiano*, the author illustrates the harsh realities of slavery. Upon its release, the book was well-received and translated into multiple languages including German and Dutch. It set the precedent for many first-person narratives that would highlight their own unfathomable experiences. With an eye-catching new cover, and professionally typeset manuscript, this edition of *The Interesting Narrative of the Life of Olaudah Equiano* is both modern and readable.
