CHASE ZIMMERMAN

Uh-Oh, Max Soho Press
Alex, whose birthday it is, hijacks a story about Birthday Bunny on his special day and turns it into a battle between a supervillain and his enemies in the forest--who, in the original story, are simply planning a

surprise party.
Frank Einstein and the Electro-Finger (Frank Einstein series #2)
Candlewick Press
At the beginning of summer vacation Joe, Sam, and Fred find themselves trapped inside their summer reading list, involved in a battle between good and evil characters from well-known children's books.
Who Done It? Candlewick

Press
A beloved Bright and Early Board Book by P. D. Eastman, now in a larger size! A sturdy board book edition of P. D. Eastman's Go, Dog. Go!, now available in a bigger size perfect for babies and toddlers! This abridged version of the classic Beginner Book features red dogs, blue dogs, big dogs, little dogs—all kinds of wonderful dogs—riding

bicycles, scooters, skis, and roller skates and driving all sorts of vehicles on their way to a big dog party held on top of a tree! A perfect gift for baby showers, birthdays, and happy occasions of all kinds, it will leave dog lovers howling with delight!

Pete's Party Jimmy Patterson

The Trucktown trucks follow the road signs directing them to Pete's party.

Hey Kid, Want to Buy a Bridge? #11 Routledge
In the fifth book of the

New York Times bestselling Frank Einstein series, Frank Einstein (kid genius, scientist, and inventor) and his best friend, Watson, pair up with Klink (a self-assembled artificial-intelligence entity) and Klank (a mostly self-assembled and artificial almost intelligence entity) to compete with T. Edison, their classmate and archrival. This time they're studying the science and mysteries of our very own home planet: Earth!
Winnie Wagtail Houghton

Mifflin Harcourt
A star-studded anthology with a devilish hook, whose proceeds benefit 826nyc: the fabulous literacy non-profit founded by Dave Eggers. Can you imagine the most cantankerous book editor alive? Part Voldemort, part Cruella de Vil (if she were a dude), and worse in appearance and odor than a gluttonous farm pig? A man who makes no secret of his love of cheese or his disdain of unworthy authors? That man is Herman Mildew. The anthology opens with

an invitation to a party, care of this insufferable monster, where more than 80 of the most talented, bestselling and recognizable names in YA and children's fiction learn that they are suspects in his murder. All must provide alibis in brief first-person entries. The problem is that all of them are liars, all of them are fabulists, and all have something to hide...

The Lost Lake Random House Books for Young Readers

What makes funny FUNNY? An esteemed

anthologist interviews thirteen favorite children's authors -- and asks them to share their trade secrets. (Age 12 and up) DO YOU EVER MAKE YOURSELF LAUGH WHILE YOU ARE WRITING? "A joke isn't a joke if you need to explain it," notes Leonard S. Marcus. "Even so, the hidden clockwork of comedy . . . has long been considered one of the great riddles of life." There are many kinds of humor, but capturing their essence on paper is a remarkably difficult (and often undervalued) skill.

So how do authors create books that not only stand the tests of time but also make us laugh? In thirteen fascinating interviews, well-loved writers of humorous books for children discuss an array of topics, from their sources of inspiration to the ways they began writing, from their revision processes to childhood anecdotes to the value they place on comedy in their work and lives. Beautifully designed and thoughtfully edited, this collection is bound to tickle the fancy of children

and adults alike.

Flora & Ulysses Simon and Schuster

Jack Truck and his best friend Dump Truck Dan are spending the day doing their favorite thing... Smashing and Crashing throughout the whole town! Along the way the meet up with their friends and give us a rollicking tour! But when a mysterious shadow falls and a strange voice calls, is the duo in trouble? Or has a new friend come to town to join in all the smashing fun.

I Even Funnier Jimmy

Patterson

With this first book in Russell Brand's Trickster Tales series, the famed comedian, actor, and bestselling author delivers a hilarious retelling of an old fairytale favorite that will appeal to adults and children alike. Once upon a time, long ago, in a time that seemed, to those present, exactly like now except their teeth weren't so clean and more things were wooden, there was a town called Hamelin. The people of Hamelin were a pompous bunch who loved themselves and

their town so much that if it were possible they would have spent all day zipped up in a space suit smelling their own farts. But space suits hadn't been invented yet so they couldn't. Then one day without warning a gang of rats bowled into the town and began causing a right rumpus... So begins Russell Brand's wildly funny and surprisingly wise retelling of the classic tale The Pied Piper of Hamelin. Whether you're a kid or a grown-up kid, you'll be chuckling the whole way through

this zany story that bypasses Brand's more adult humor for the outrageous, the madcap, and the just plain silly. Maybe you've heard about the Pied Piper before, with his strange music and those pompous townspeople and pesky rats. Or maybe you haven't. But one thing is for sure: you've never heard it quite like this. Funny Business Abrams Discover how great philosophers can help you live a more purposeful and peaceful life. This inspiring new book from

the bestselling author of *Little Big Minds* reveals how the heartbeats of philosophy- clear thinking, quiet reflection, and good conversation- are essential ingredients in a well-lived life. Full of great discussion ideas and activities you can do with a group, *How Philosophy Can Save Your Life* is framed around ten "big ideas"-themes that, according to McCarty, are necessary to grasp if one wants to live a truly fulfilling life. They are: 1. Simplicity (philosophers include Epicurus and

Charlotte Joko Beck) 2. Communication (philosophers include bell hooks and Karl Jaspers) 3. Perspective (philosophers include Bertrand Russell and Mary Wollstonecraft) 4. Flexibility (philosophers include Socrates, Plato and Alan Watts) 5. Empathy (philosophers include the Dalai Lama and Martin Luther King, Jr.) 6. Individuality (philosophers include Jean-Paul Sartre and Elizabeth Spelman) 7. Belonging (philosophers include Albert Camus and Rita Manning) 8. Serenity

(philosophers include Epictetus and Lao Tzu) 9. Possibility (philosophers include John Stuart Mill and Simone de Beauvoir) 10. Joy (philosophers include Shunryu Suzuki and Jane Addams) So join the greatest thinkers of all time to discover the ideas that will help you live a happier, healthier life! The Pied Piper of Hamelin Simon and Schuster A wry exchange between an IT-savvy donkey, a book-loving ape and a mouse forms this very funny picture book that's perfect for both digital

natives and book lovers. With a subversive and signature Lane Smith twist, this satisfying and perfectly executed picture book has something to say to children and adults alike about the importance and joy of reading. It's a Book is another bold and funny story from the creator of the CILIP Kate Greenaway Medal-winning *There Is a Tribe of Kids*, Lane Smith. *Summer Reading Is Killing Me* Candlewick Press Here is one of Will Cuppy's three classic "How-To's," considering

notable birds and animals whose habits (and often existence) seem to have disturbed Cuppy ("Birds Who Can't Even Fly," "Optional Insects," "Octopuses and Those Things"), as well as more mundane creatures like the frog, the gnat, and the moa, who have no visible vices but whose virtues are truly awful. Spanning the breadth of the animal kingdom, Cuppy neatly classes his observations for easy reference: Problem Mammals, Pleasures of Pond Life, Birds Who Can't Sing and

Know It. Included with 50 shorter pieces are longer meditations like ‘The Poet and the Nautilus,’ ‘Swan-
upping, Indeed!’ and ‘How to Swat a Fly,’ which codifies the essentials of this simple activity in ten hilarious principles. All this, plus over 100 delightful Nofziger drawings! But the seat of honor is, of course, occupied by the Wombat, the nocturnal star of three essays. Whether asleep in Rossetti’s silver epergne or tunneling under the lawn, the wombat never

fails to fascinate Cuppy, clearly supplying his alter ego for the animal kingdom.

A Family of Readers Red Robin Books

In this volume, Jan Susina examines the importance of Lewis Carroll and his popular Alice books to the field of children’s literature. From a study of Carroll’s juvenilia to contemporary multimedia adaptations of Wonderland, Susina shows how the Alice books fit into the tradition of literary fairy tales and continue to influence

children’s writers. In addition to examining Carroll’s books for children, these essays also explore his photographs of children, his letters to children, his ill-fated attempt to write for a dual audience of children and adults, and his lasting contributions to publishing. The book addresses the important, but overlooked facet of Carroll’s career as an astute entrepreneur who carefully developed an extensive Alice industry of books and non-book items based on the success of

Wonderland, while rigorously defending his reputation as the originator of his distinctive style of children's stories.

Frank Einstein and the BrainTurbo (Frank Einstein series #3)

Viking Juvenile

Did you ever wake up to one of those days where everything is a problem? You have 10 things to do, but only 30 minutes until your bus leaves. Is there enough time? You have 3 shirts and 2 pairs of pants. Can you make 1 good outfit? Then you

start to wonder: Why does everything have to be such a problem? Why do 2 apples always have to be added to 5 oranges? Why do 4 kids always have to divide 12 marbles? Why can't you just keep 10 cookies without someone taking 3 away? Why? Because you're the victim of a Math Curse. That's why. But don't despair. This is one girl's story of how that curse can be broken.

The Frog Prince, Continued Candlewick Press
Madcap revisions of

familiar fairy tales.

Go, Dog. Go! Simon and Schuster

How can teachers make their literacy classrooms a place of joy? Fun, caring, and passion are the keys to a shame-free, healthy classroom that nurtures students in mind, body, and spirit. Full of simple strategies and activities for building community, this practical book is committed to promoting strong literacy skills. It illustrates concrete ways to build mindful classrooms where students are free to speak

with compassion, write with conviction, and read with joy.
How Philosophy Can Save Your Life Penguin
 Everyone's favorite time-travelers are changing their styles! The Time Warp Trio series now features a brand-new, eye-catching design, sure to appeal to longtime fans, and those new to Jon Scieszka's wacky brand of

humor.
The Place of Lewis Carroll in Children's Literature
 Macmillan Children's Books
 What's So Funny? Simon and Schuster
Battle Bunny Abrams
 Marcus offers this animated history of the visionaries--editors, illustrators, and others-- whose books have

transformed American childhood and American culture.
The Good, the Bad, and the Goofy #3 Abrams
 When the teacher tells his class that they can hear the poetry of science in everything, a student is struck with a curse and begins hearing nothing but science verses that sound very much like some well-known poems.
