Whether you are building
a personal blog or a
corporate website, there
is a lot more to web
design than div's and CSS
selectors, but what do you
really need to know? With

this book, you'll learn the
secrets of designing
effective, user-friendly
sites, from customer
requirements to hand-
drawn storyboards all the
way to finished HTML and
CSS creations that offer
an unforgettable online
presence.

*The Everything Guide to
Writing a Romance Novel*
SAGE

Fantasy-roman.

Shadows Linger Simon

and Schuster
Every year, thousands of
romance manuscripts are
submitted to publishers,
but only the best are
eventually published. This
simple guide—written by
two awardwinning
romance novelists—will
show readers what it
takes to break into this
highly competitive market
and will provide them the
information they need to
get their manuscript out

of the slush pile and onto the bookshelf. Readers will learn how to do the following techniques: build a story from premise to plot; add a fresh twist to a classic storyline; create compelling characters; write sizzling sex scenes that carry an emotional punch; research agents and markets; write a story that an editor can't reject; and promote themselves and their work. New writers, and even experienced writers, will find the solid howto information here

invaluable. This is a musthave for aspiring writers who want to write the perfect love story. *The Ultimate Guide to Video Game Writing and Design* Profile Books Do you struggle with research papers for school? Is business writing one of your weak areas? Are you at a loss for what to include in thank-you notes? *The Everything Improve Your Writing Book, 2nd Edition* can help! With a few simple rules and a little guidance, you, too, can write clearly and

concisely. Publishing professional Pamela Rice Hahn outlines simple steps for you to follow for various types of writing, including: Social writing, such as thank-you and get-well notes, congratulatory messages, and invitation responses Journalism, such as letters to the editor, press releases, and freelance article writing Personal and biographical essays Business writing, including sales letters, requests for proposals, and press packets With this practical guide, you'll learn to

choose the appropriate tone, use the correct format, and communicate effectively. Whether for school, for work, or just for fun, writing will be a chore no more! Pamela Rice Hahn is the author of *The Everything Writing Well Book* and *Alpha Teach Yourself Grammar and Style in 24 Hours* and coauthor of *Writing for Profit*. Hahn's work has appeared in *Glamour*, *Country Living*, *Business Venture*, *Current Notes*, and other national publications. She lives in Celina, OH.

 A complete, task-based guide to developing, implementing, and tracking a video marketing strategy Online video marketing is crucial in today's marketplace. This guide teaches you proven, practical guidelines for developing and implementing video marketing for your organization. If you're a marketer, advertising professional, consultant, or small business owner, here's a relevant guide to understanding video

marketing tactics, developing a strategy, implementing the campaign, and then measuring results. You'll find extensive coverage of keyword strategies and video optimization, distribution and promotion strategies to other sites and blogs, YouTube advertising opportunities, and crucial metrics and analysis. Written in the popular "Hour a Day" format, which breaks intimidating topics down to easily approachable tasks
 Covers previously

undocumented optimization strategies, distribution techniques, community promotion tactics, and more Explores the crucial keyword development phase and best practices for creating and maintaining a presence on YouTube via brand channel development and customization Examines effective promotional tactics, how to optimize video for YouTube and search engine visibility, and metrics and analytics Includes case studies, additional resources, a

glossary, information about creating and editing video, step-by-step guides, and valuable tutorials YouTube and Video Marketing: An Hour A Day gives you the tools to give your clients or your organization a visible, vital marketing presence online *Authors Access* Penguin War is over, democracy an illusion, real power now lies not with nation-states but huge corporations engaged in a silent war for global domination. Their number one weapon: highly-

skilled, technologically-enhanced operatives trained since childhood to pledge their allegiance to the corporate flag. But what happens when one such operative breaks free of his mental chains and decides to bring the whole system down? Can one "Ronin" make a difference?

Blade of Tyshalle Simon and Schuster
Don't let the revision process intimidate you any longer. Discover how to successfully transform your first draft into a polished final draft

readers won't be able to forget. In *Write Great Fiction: Revision & Self-Editing*, James Scott Bell draws on his experience as a novelist and instructor to provide specific revision tips geared toward the first read-through, as well as targeted self-editing instruction focusing on the individual elements of a novel like plot, structure, characters, theme, voice, style, setting, and endings. You'll learn how to: • Write a cleaner first draft right out of the gate using

Bell's plotting principles • Get the most out of revision and self-editing techniques by honing your skills with detailed exercises • Systematically revise a completed draft using the ultimate revision checklist that talks you through the core story elements Whether you're in the process of writing a novel, have a finished draft you don't know what to do with, or have a rejected manuscript you don't know how to fix, *Revision & Self-Editing* gives you the guidance you need to

write and revise like a pro. **Engaging Theories in Interpersonal Communication** Everything Every Character Has a Voice Point of view isn't just an element of storytelling—when chosen carefully and employed consistently in a work of fiction, it is the foundation of a captivating story. It's the character voice you can hear as clearly as your own. It's the unique worldview that intrigues readers—persuading them to empathize with your characters and invest in

their tale. It's the masterful concealing and revealing of detail that keeps pages turning and plots fresh. It's the hidden agenda that makes narrators complicated and compelling. It's also something most writers struggle to understand. In *The Power of Point of View*, RITA Award-winning author Alicia Rasley first teaches you the fundamentals of point of view (POV)—who is speaking, why, and what options work best within the conventions of your chosen genre. Then, she

takes you deeper to explain how POV functions as a crucial piece of your story—something that ultimately shapes and drives character, plot, and every other component of your fiction. Through comprehensive instruction and engaging exercises, you'll learn how to:

- choose a point of view that enhances your characters and plots and encourages reader involvement
- navigate the levels of a character's point of view, from objective viewing to action to emotion
- craft

unusual perspectives, including children, animal narrators, and villains. A story changes depending on who's telling it, and *The Power of Point of View* will help you determine which of your characters can make your story come to life.

Little Horrors Macmillan
This title focuses on the behaviors necessary to succeed in the dog-eat-dog world of fiction writing by asking successful authors how they practice their craft. Readers will learn how to adopt those habits on

their quest to become novelists. The book will inspire, nourish, and provide the needed kick in the pants to turn the wannabes into doers! The 101 Habits of Highly Successful Novelists is full of "aha" experiences as the reader uncovers the collected wisdom from the cream of today's fiction writers.

Faithful in Small Things

IGI Global

Zombies, werewolves and chainsaw-wielding maniacs are tried-and-true staples of horror films. But none can match

the visceral dread evoked by a child with an innocent face and a diabolical stare. Cinema's evil children attack our cherished ideas of innocence and our innocent bystander status as the audience. A good horror film is a scary ride—a "devil child" movie is a guilt trip. This book examines 24 international films—with discussions of another 100—that in effect "indict" viewers for crimes of child abuse and abandonment, greed, social and ecological

negligence, and political and war crimes, and for persistent denial of responsibility for them all. For 75 years evil children have ritually rebuked audiences and, in playing on our guilt, established a horror subgenre that might be described as a blood-spattered rampage on an ethical mission.

• Authors are top game designers • Aspiring game writers and designers must have this complete bible There are other books about creating video games out there.

Sure, they cover the basics. But The Ultimate Guide to Video Game Writing and Design goes way beyond the basics. The authors, top game designers, focus on creating games that are an involving, emotional experience for the gamer. Topics include integrating story into the game, writing the game script, putting together the game bible, creating the design document, and working on original intellectual property versus working with licenses. Finally, there's complete

information on how to present a visionary new idea to developers and publishers. Got game? Get The Ultimate Guide to Video Game Writing and Design.

The Art of Peace and Relaxation Workbook

Macmillan

This book is a reference guide to basic documentary production, from the technical specifics of camerawork, lighting, and sound to the practical considerations of finding a crew, conducting interviews, and stealth shooting. While it is

documentary-specific, most of the advice and techniques apply equally to event video or narrative projects. Includes a bonus DVD with video and audio tutorials, useful forms, and interviews with Albert Maysles (Grey Gardens), Sam Pollard (4 Little Girls), and others. Also includes bonus pages with jump start charts, links to online resources, releases, storyboards, checklists, equipment guides, and shooting procedures.
Kinomuseum Xlibris

Within the Frame is a book about finding and expressing your photographic vision, specifically where people, places, and cultures are concerned. A personal book full of real-world wisdom and incredible images, author David duChemin (of pixelatedimage.com) shows you both the how and the why of finding, chasing, and expressing your vision with a camera to your eye. Vision leads to passion, and passion is a cornerstone of great

photography. With it, photographs draw the eye in and create an emotional experience. Without it, a photograph is often not worth—and can't capture—a viewer's attention. Both instructional and inspirational, *Within the Frame* helps you on your photographic journey to make better images of the places and people you love, whether they are around the world or in your own backyard. duChemin covers how to tell stories, and the technology and tools we

have at our disposal in order to tell those narratives. Most importantly, he stresses the crucial theme of vision when it comes to photographing people, places, and cultures—and he helps you cultivate and find your own vision, and then fit it within the frame.

Metropolis Lone Eagle

For many years, there has been a quest to discover the best teaching and learning methods in order to strengthen the classroom and the mind. Researchers now know

more than ever before about the brain's impact on learning, historical triggers that lead to deep learning, and how to scale education with technology. Yet much of what is known is underutilized in the classrooms of today, if leveraged at all. Education 3.0 and eLearning Across Modalities showcases effective practices based on innovative initiatives, research, and practitioner experiences from the past two decades. The effective practices of multi-modal learning,

which are well known to practitioners but largely unknown to the general academic, are explained in detail while making each technique approachable and attainable regardless of institution, size, or modality. Covering topics such as distance learning, modern learning technologies, and learning innovation, this book is essential for teachers, educational software developers, IT consultants, instructional designers, curriculum developers, graduate

students, undergraduate students, academicians, administrators, higher education faculty, and researchers.

Write Great Fiction

Revision And Self-Editing

"O'Reilly Media, Inc."

Are you uncomfortable—even afraid—about the prospect of speaking before a group of people? Do you have trouble getting your message across? When you speak, do others listen, or can you feel their attention wandering? Effective communication is

essential in business and in everyday life. The most powerful communicators reach not just our minds but our hearts: They win our trust. You can learn to impress and persuade other people by following Bert Decker's program in *You've Got to Be Believed to Be Heard*. In this revised and updated edition of his bestselling book, he distills his expertise into a fresh new approach to speaking, with examples and how-to exercises that anyone can follow. Decker rounds out the behavioral focus of

the first edition to include his powerful tool to organize content. Now you can learn to create focused, listener-based messages in half the time. Spend a few evenings with this complete book of speaking, and you will discover how to win the emotional trust of others—the true basis of communicating in any situation. You'll learn:

- How to conquer "stage fright"
- How to inject dynamic energy into your voice
- Why eye contact helps win trust
- When and how to use humor to

make a point · A proven technique to eliminate "Umm" and "Ahh" from your speech · A process to quickly organize your thoughts into a focused message · How to move your communications from information to influence · How to make an impact and be yourself—to an audience of one or one hundred · Eight steps to transforming your communications experience
Education 3.0 and eLearning Across Modalities John Wiley &

Sons
 What makes someone covet a Kelly bag? Why are Cirque Du Soleil or Grey Goose so successful despite breaking all the conventions of their categories? What does Gucci's approach to marketing have in common with Nespresso's? And why do some people pay a relative fortune for Renova toilet paper or Aesop detergent even though they hardly ever 'advertise' and seem to have none of the 'functional performance

advantages' conventional marketers would seek to demonstrate? Prestige brand experts JP Kuehlwein and Wolfgang Schaefer have dedicated themselves to studying what drives the success of prestige brands.
 Rethinking Prestige Branding collects their insights. Uncovering the secrets of why and how some brands are created more equal than others, Rethinking Prestige Branding includes over 100 case studies from Apple and Abercrombie & Fitch to Tate Modern and

Tesla. Rather than re-telling brand success stories or re-hashing long-standing marketing principles, it takes readers on a colourful journey behind the scenes of today's marketing pros. This book will fascinate marketing professional just as much as those who are simply curious as to how premium brands tick.

The Business Shrink - The Disgruntled

Employee Bloomsbury Publishing USA

Build a fully developed, multi-layered story from the ground up! Writing a

story is not that much different than building a house. Both require some brainstorming (to provide a clear vision), a blueprint or outline (to lay a solid foundation upon which that vision can be built), building or drafting (to make the vision a reality), and decorating or revising (to polish the masterpiece and make it presentable to the public). In From First Draft to Finished Novel, novelist Karen S. Wiesner carefully explores each of these stages, showing you how to:

- Create a quick outline to

- help organize and expand your original idea
- Develop a detailed Story Plan Checklist to solidify your story's details
- Combine and effectively use tools like your outline and story checklist to weave together a cohesive draft
- Put together a strong query letter and submission package

This book also features exclusive worksheets, checklists, and detailed examples designed to help you: Improve your outlining techniques through the use of character, plot, and

setting sketches Write a strong Story Plan Checklist that ensures your characters evolve and your plot progresses Develop your editing skills using revision and

"punch" checklists Whether you're working on a new story or a project in development, From First Draft to Finished Novel is your blueprint to a story readers won't be able to

resist.
