For 30 years, Pulitzer Prize-winning journalist Linda Greenhouse chronicled the activities of the U.S. Supreme Court and its justices as a correspondent for the New York Times. In this Very Short Introduction, she draws on her deep knowledge of the court's history and of its written and unwritten rules to show readers how the Supreme Court really works. Greenhouse offers a fascinating institutional biography of a place and its people--men and women who exercise great power but whose names and faces are unrecognized by many Americans and whose work often appears cloaked in mystery. How do cases get to the Supreme Court? How do the justices go about deciding them? What special role does the chief justice play? What do the law clerks do? How does the court relate to the other branches of government? Greenhouse answers these questions by depicting the justices as they confront deep constitutional issues or wrestle with the meaning of confusing federal statutes. Throughout, the author examines many individual Supreme Court cases

to illustrate points under discussion, ranging from Marbury v. Madison, the seminal case which established judicial review, to the recent District of Columbia v. Heller (2008), which struck down the District of Columbia's gun-control statute and which was, surprisingly, the first time in its history that the Court issued an authoritative interpretation of the Second Amendment. To add perspective, Greenhouse also compares the Court to foreign courts, revealing interesting differences. For instance, no other country in the world has chosen to bestow life tenure on its judges. The second edition of Greenhouse's Very Short Introduction tracks the changes in the Court's makeup over the last eight years, considers the landmark decisions of the Obama and Trump eras, and reexamines the precarious fates of such precedents as Roe v. Wade. A superb overview packed with telling details, this volume offers a matchless introduction to one of the pillars of American government.

Thomas Merton's deep roots in his own Cistercian tradition are on display in the two sets of conferences on the early days of the Order included in the present volume. The first surveys the relevant monastic background that led up to the foundation of the Abbey of Cîteaux in 1098 and goes on to consider the contributions of each of the first three abbots of the "New Monastery" that would become the epicenter of the most dynamic religious movement of the early twelfth century. The second set investigates the arc of medieval Cistercian history in the two centuries following the death of Saint Bernard, in which the Order moves from being ahead of its time, in its formative stages, to being representative of its time in its most powerful and influential phase, to becoming regressive with the rise of new religious currents that begin to flow in the thirteenth century. Merton stresses the need to respect the complexity of the actual lived reality of Cistercian life during this period, to "beware of easy generalizations" and instead consider the full range of factual data. The result is a richly nuanced picture of the development of early Cistercian life and thought that serves as a fitting concluding volume to the series of Merton's novitiate conferences

providing a thorough "Initiation into the Monastic Tradition."

For many years, conspiracy theories have been among the most popular story elements in Hollywood films. According to the "conspiracy culture," Government, Big Business, the Church, even aliens—all of which, bundled together, comprise the ubiquitous "Them"—are concealing some of the biggest secrets in American and world history. From *The Manchurian Candidate* (1962) to JFK (1991), *The Matrix* (1999) to *The Da Vinci Code* (2006), this decade-by-decade history explores our fascination with paranoia. The work paints a vivid picture of several of the more prevalent conspiracy theories and the entertainment they have inspired, not only in theatrical films but also in such television series as *The X-Files*, *Lost* and *V*.

Read what life was like in Newark's firehouses while waiting for the bell to hit. "Life Between Alarms" takes you into the private world of the firehouse where firemen eat, sleep, drill, and do the housework (someone has to clean the place). The bonds formed last a lifetime as do the laughs (boys will be boys). Members of the NFD appointed from 1942 to 1978 talk about the daily routine of the firehouse, the responsibilities of the housed watch, the unique camaraderie shared by firefighters, studying for promotion and then adjusting to new responsibilities after being promoted, and finally the humor used by firemen to break up the monotony of waiting for the ""big one."" Find out what it was like to be a member of the ""best men's club in the world.""

When the lights go dim and you're sitting in the dark with your popcorn...that's the magic time that Ruby Miller loves best. And then the music creeps in, and the lion roars, or maybe the moon kid goes fishing...For Ruby, age twelve and a half, movies are better than real life. The ones she writes, why, those are the best of all. Those stories work out. The dads in her movies always show up when they've promised. The moms don't hold onto secrets. The little brothers don't curl up with sorrow over some missing stuffed animal. All right, it's Ruby's fault he's missing...But the terrible red-painted graffiti on the concrete riverbanks -- is that her fault, too? She's blamed for it. And here she is on a chain gang with two stupid classmates -- the Dumb and Dumber of Hayes Middle School -- doing community service to make up for it.If she were writing the script, the setup would be intriguing, the middle exciting, and the ending a complete and happy surprise. She has seven pages ready for Spielberg. But then, real life keeps interrupting.Theresa Nelson's novel is an Oscar-worthy wonder, starring a cast easy to care about and impossible to forget.

Boxiana: Volume 1 is an anthology of never before published boxing writing and takes an in-depth look at the sport's past, present and future. Original, startling and thought-provoking, Boxiana examines pugilistic themes, characters and issues ranging from the personal to the universal, combining exclusive interview material with meticulous research. The book's fresh approach will both intrigue and delight all serious followers of boxing. Featured in Volume 1: comic book legend Trevor Von Eeden analyses the significance of Jack Johnson; Mario Mungia tries his hand at amateur boxing; Ben Williams uncovers his grandfather's bareknuckle boxing career; Matthew Ogborn considers the issues boxers face on retirement; James Hernandez catches up with Jon Thaxton; rising light heavyweight Chris Hobbs recounts his life in the military and the ring; Rowland Stone recalls a heady night in 1992; Corey Quincy attempts to solve the Wladimir Klitschko conundrum and Luke G. Williams examines the meteoric rise of Deontay Wilder and the

under-rated career of Chris Byrd. No other boxing anthology can match Boxiana's eclectic range of subject matter, or its in-depth examination of issues and characters from boxing's past, present and future. Boxiana will appeal to fans of adult boxing and sports, as well as students of sports and boxing history.

**Michigan School Moderator** JP Medical Ltd

I'm so totally screwed. The hottest man I've ever seen just came onto me. And he's my cousin. I never meant to be so naughty. It started as a game. My cousin tried to get me into bed, and I put him in his place. Turns out his place is with me. I couldn't say no to that jazzy voice and sculpted body. His abs are hotter than California asphalt, and the second he touched me I turned to goo. But our parents are gonna murder us. Especially when they find out I'm pregnant. Sam's music won't pay our rent, and his family's billions won't help if his accounts are frozen. There's no way out of this, so we'll just have to keep our secret. But Sam's done with secrets. He's ready to tell, even if the crud hits the fan. I just wish I knew where it would fall.

**Tempting Fate** Crabtree Pty Ltd

The Historical Dictionary of Basketball is a comprehensive account of all forms of basketball\_amateur, professional, men's, women's, Olympic, domestic, and international\_from its invention in 1891 by Dr. James Naismith through the present day. This is done through a chronology, an introductory essay, an extensive bibliography, and over 600 cross-referenced dictionary entries on the people, places, teams, and terminology of the game.

**Oral History in Southeast Asia** BoD – Books on Demand

My name is Becky. I arrived home to find my husband, Chris, stabbed to death and a gang of men ransacking our house. Turns out that Chris had something that belonged to them. And if I want to stay alive, I have to find it and return it. They've given me seven days. And a beating. There is nowhere to hide and no time left to look. So I will stand my ground as the deadline approaches. All I have is a head full of lies and a very bad plan. This is my story. If you like fast-paced psychological thrillers with a gripping twist, and characters that grab you by the throat, you'll love Andrew Barrett's *The End of Lies*. What's Becky really up against? And what happens at the end of the seven days? To find out what's inside Becky's head, buy *The End of Lies* now. What people say about *The End of Lies* One of my top reads of the year. Truly stunning. Exceptional, the best crime thriller I have read this year – possibly ever! This is a fast-paced story that doesn't leave room for the reader to think, let alone breathe! If you're a fan of thrillers, this is one you have to read now. The plot is tight and well executed. Characterisation is also top notch as expected from this author. It's a dark, gritty, enthralling, nail biting, spine tingling Psychological Thriller that you really won't be able to Put Down!!! An addictive psychological thriller that keeps you guessing to the end. The book starts with a bang and keeps up the momentum. This is one of the top 10 books I've read this year and I'd recommend it to crime lovers, and noir enthusiasts. Wow! A must for thrill seekers and adrenalin junkies! There are very few authors who can grip you straight away, Andrew Barrett is one of them. There is lots of action in this book and if you start it you won't want to put it down. Be warned!

*St. George's Gazette* Liturgical Press

Never Say Uncle invokes that childhood catchphrase seniors know all too well. When need be remembering that old saying will offer the needed strength to face any adversity. The story you're about to embark upon is not about in-depth characterizations or intricate plots. Pure and simple it's about being entertained. Nostalgic fun-filled comedy that'll have you laughing like a kid again. Join Sonny as he discovers his long lost uncle Luigi Fettuccini is a resident at Dumpsters', a home for the aged. The 93-year old Luigi is the inspirational leader of the constipated gang residing at Dumpsters. In *Revisiting The Good Old Days*, Sonny rediscovers his proud Italian beginnings. In *A Day At The Races* you'll ride side-by-side as residents jockey for position, as they race to the cafeteria via souped-up wheelchairs. Wet your drawers as you listen to Luigi tell his nephew Sonny about his scary encounters in *Nightmares For Nincompoops*. In *Married To The Devil's Daughter* and *The Second Time Around*, Luigi discovers the idiosyncrasies and frustrations of married life. Sit front-row-center as old-time burlesque comic Jorge` Washington Rabinowitz delivers material never heard before, in *Showtime At Dumpsters*. At the conclusion of *Even Rainbows End*, the

reader will be left both laughing and crying. PLEASE NO PEEKING!

**Not Just Your Average Joe** Crown

*The Levant: A Short History of the Middle East*, by G.S. Willmott is one of those unclassifiable books that moves seamlessly between fact and fiction. From the stone age to modern times, the author follows the fortunes of the Middle East, giving a broad historical perspective as well as more intimate stories about characters, familiar and not familiar, from different eras. We follow Orr and his tribe as they go hunting for deer and find an elephant instead, Hugues de Payens, a young man soon to be a knight, Saul, the boy who would become a king, David with his sling, the Knights Templar, and, in more modern times, Vida, a Jewish woman who lost her family in the holocaust, but who lived on to become an associate of Benjamin Netanyahu. Storytelling about individual people renders broad history much more interesting, and the fortunes of these characters, real, imagined or a combination of both, makes the story feel real. Readers of G.S. Willmott's other books will know what to expect, and will probably be moved to do some extra research on their own. - Sally Odgers, Editor and Author

**The Serpent and the Walking Stick 2** Christian Faith Publishing, Inc.

Few island nations have stirred the soul like Cuba. From Hemingway's intoxicating Havana to Ry Cooder's Buena Vista Social Club, outsiders have persistently been fascinated by Cuba for its music (jazz to rumba), its rich literature, its art and dance (danzón to mambo) and perhaps above all for its bold experiment of a socialist revolution in action. Antoni Kapcia shows how the thaw in relations between Cuba and the USA now makes a fresh appraisal of the country and its modern history essential. He authoritatively explores the 'essence' of the Cuban revolution, revealing it to be a maverick phenomenon tied not so much to socialism or Communism for their own sakes but instead to an idealistic vision of postcolonial nationalism. Reassessing the Cuban Missile Crisis of 1962, the author examines the central personalities: not just the famous trio of Che Guevara, Fidel and Raúl Castro in shaping the ideas of the revolution but, still further back, the visionary ideology of José Martí. Kapcia's book reflects on the future of the revolution as aúl nd his government began to cede power to a new generation.

*Natural History* Mia Ford

Reprint of the original, first published in 1871. The publishing house Anatiposi publishes historical books as reprints. Due to their age, these books may have missing pages or inferior quality. Our aim is to preserve these books and make them available to the public so that they do not get lost.

*A Roach Family History* Hillcrest Publishing Group

This accessible, narrative account follows Indian history over its 9,000 year trajectory, from the ancient Harappans to today, emphasizing events and issues of the 20th and 21st centuries. Written for high school students and general readers who have little background on the world's largest democracy, this second edition of a popular work provides an objective overview of Indian history with a particular focus on the modern nation. Approximately half of the book deals with developments since the beginning of the 20th century, with new chapters covering events and issues that made news between 2002 and 2014. Readers can learn about the Bollywood craze, 21st-century economic growth, and concerns about the safety and equality of women today, as well as about such traditional topics as Buddhism and Hinduism, the Mughal Dynasty, and the British East India Company. Caste politics and the establishment of the Republic of India are covered, as is the life of Mahatma Gandhi. Completely revised and expanded, the second edition features fresh content throughout and includes photographs that were not in the earlier volume. The Notable Figures section, Appendix of Leaders, timeline, and glossary are also updated, and the bibliography now features electronic resources for students.

*Filthy Dirty Brother* Lulu.com

Randy has written a memoir of his love life by recalling the pieces of clothing that remind him of his former beaus. Who was the expensive suit that he really couldn't afford? Who was the printed t-shirt from the discount rack? And who was the favourite pair of blue jeans that he could never throw away? Step into his closet and find out!
