Credit Union Directory Springer Science & Business Media Considers S. 1312, to exempt from the antitrust laws certain combinations and arrangements necessary for the survival of failing newspapers. Includes report "Newspaper Monopolies and the Antitrust Laws, a Study of the Failing Newspaper Act;" by International Typographical Union, 1967 (p. 125-172).

Standard Directory of Advertising Agencies SP Books

As pointed out in my last two publications, no comprehensive study has been undertaken about the American Learned Men and Women with Czechoslovak roots. The aim of this work is to correct this glaring deficiency, with the focus on immigration from the period of mass migration and beyond, irrespective whether they were born in their European ancestral homes or whether they have descended from them. Whereas in the two mentioned monographs, the emphasis has been on scholars and social and natural scientists; and men and women in medicine, applied sciences and engineering, respectively, the present compendium deals with notable Americans of Czechoslovak ancestry in arts and letters, and in education. With respect to women, although most professional fields were closed to them through much of the nineteenth century, the area of arts and letters was opened to them, as noted earlier and as this compendium authenticates.

AIGA Membership Directory AuthorHouse

"Broadway in the Box shines a television-centric light on the cross-industry presence of a seminal American art form. Over seven chapters, it works to unearth, explore, and analyze pockets of over seventy years of television programming which embraced, nodded toward, and satirized the American musical in its various forms. This concentrated exploration of the genre across American television allows for an explication of America's shifting and at times wavering feelings toward the musical, its songs, and its stars. Further, examining these texts alongside constantly changing and at times intersecting entertainment industries uncovers forms of symbiosis and synergy that linked the cultural and economic futures of the musical across platforms. In the end,

Mitzi Gaynor titillating America in a revealing and bejeweled Bob Mackie dress was not just the seventies being the seventies, but a single event reflecting a larger confluence of Broadway, film, Vegas, ratings, genre, and programming trends within a specific television model. Perhaps in a style similar to various Broadway and film retrospectives, *Broadway in the Box* takes individual events and brings them together to craft a larger commentary on American entertainments, economics, and industries. Broadway has always been in the box; someone just needed to plug it in to see what was on"--

A study of King's fiction, including a chapter on criticism and a chronology of King's works.

Notable Americans of Czechoslovak Ancestry in Arts and Letters and in Education Bangzoom Publishers

Founded in 1957, Chase's observes its 60th anniversary with the 2018 edition! Users will find everything worth knowing and celebrating for each day of the year: 12,500 holidays, historical milestones, famous birthdays, festivals, sporting events and much more. "One of the most impressive reference volumes in the world."--Publishers Weekly.

TV Guide Almanac TV GuideTV Guide

From the tiny shrew to the black bear, Pennsylvania's hills and valleys are teeming with sixty-three species of wild mammals. Many of these animals are rarely seen except when pursued by an interested biologist, mammalogist, or nature photographer. Now, with the publication of this book, student, scholar, and nature lover alike will have a ready reference to distinguish between a deer mouse and a white-footed mouse, to identify raccoon tracks, and to learn about Pennsylvania's other inhabitants. An attractive backpack-size volume, written in lively prose, the *Guide to the Mammals of Pennsylvania* opens with a short introduction to Pennsylvania's environment and the characteristics defining a mammal. The bulk of the book consists of species accounts of the mammals grouped into families and orders. Each account includes a short list of data, a Pennsylvania range map, a North American range map, and a narrative of the physical, ecological, and behavioral characteristics of the species. Exciting photographs of each of the species in its natural habitat,

17 in color, and drawings of animal tracks are especially useful for identification, and a glossary and a bibliography provide definitions and references for the serious reader. Naturalists, whether amateur or professional, will find the book useful in the field; it will be an indispensable tool in the classroom.

Chase's Calendar of Events 2018 Routledge

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Hearings, Reports and Prints of the Senate Committee on the Judiciary Wildside Press LLC

Whether you need to check out the competition, recruit top personnel, or find a new agency or vendor, the *Standard Directory of Advertising Agencies TM* gives you an inside advantage into the busy world of advertising. The new, 1999 edition profiles nearly 10,000 agencies and over 21,000 key executives. With 160 new listings -- including categories for Children's Market and Senior's Market -- the *Agency Red Book TM* gives you complete coverage on the entire advertising industry.

Effect of Pornography on Women and Children Scarecrow Press

This book looks at the origins and growth of television through the pages of *TV Guide* and covers the complete run of this American icon from the first guides in 1953 to the last issue in guide format on October 9, 2005. It includes full color reproductions of every cover ever printed, and is both a collector's guide with pricing included, and a retrospective view of the medium.

Personalized Digital Television Bernan Press

TV viewers today are exposed to overwhelming amounts of information, and challenged by the plethora of interactive functionality provided by current set-top boxes. To ensure broad adoption of this technology by consumers, future Digital Television will have to take usability issues thoroughly into account. In particular, serious attention must be paid to facilitate

the selection of content on an individual basis, and to provide easy-to-use interfaces that satisfy viewers' interaction requirements. This volume collects selected research reports on the development of personalized services for Interactive TV. Drawing upon contributions from academia and industry in the US, Europe and Asia, this book represents a comprehensive picture of leading edge research in personalized television.

Resources in Education University of Pittsburgh Pre

This book is a valuable tool for those interested in publicizing their activities. All states & Canada are represented alphabetically & information is given regarding radio, TV, newspapers & periodicals. The method of contact & whom to contact is covered in great detail. Designed to save you time & work, it covers this subject well.

Shirley Jones is the Oscar-winning actress who became the Partridge Family mom after movies like Oklahoma. Marty Ingels is a Brooklyn comedian who starred in the Sixties TV comedy I'm Dickens, He's Fenster. Here is the true story of Hollywood's most improbable and heartwarming romance. Photos.

Forthcoming Books

This brief, thought-provoking text evaluates the performance of recent presidents from Johnson to Bush, finding that, overall, each has failed to live up to public expectations. Written by one of the top presidency scholars today, *The Presidential Dilemma* reflects on the idea that as our country's problems grow, our politicians seem to shrink. Arguing that American presidents of the last 40 years have largely failed to meet the needs, expectations, and responsibilities placed upon them, the book discusses how presidents might better maximize their opportunities for leadership and suggests a distinctive theory of presidential politics: presidents, facing a system of multiple veto points, seek to maximize power and influence. The third edition of Genovese's stimulating book is thoroughly updated to reflect presidential development in recent years, and a new introduction brings his arguments current. As he demonstrates, the emergence of democracy as a new social and political paradigm undermined traditional authority and legitimacy. Subjects no longer automatically follow; now citizens must be persuaded. They may

give to a leader their authority and power, or not. As Genovese notes, in a world of mass consumerism, those wishing to lead have precious little to offer by way of inducement. Genovese's goal is to examine the reasons why the performance of recent presidents has been underwhelming, discuss how they might maximize their opportunities for leadership, and ask a key question: Can presidents be both powerful and accountable? The book follows a clear format and tries to show why America's officeholders have so rarely been leaders and how presidents can become leaders instead of mere officeholders.

In *Contemporary Collecting: Objects, Practices, and the Fate of Things*, Kevin M. Moist and David Banash have assembled several essays that examine collecting practices on both a personal and professional level. These essays situate collectors and collections in a contemporary context and also show how our changing world finds new meaning in the legacy of older collections. Arranged by such themes as "Collecting in a Virtual World," "Changing Relationships with Things," "Collecting and Identity—Personal and Political," and "Collecting Practices and Cultural Hierarchies," these essays help illuminate the role of objects in our lives.
