Contractors, Architects, Skilled Labor. Brick Yard, Corn Meal, Grist and Wheat Mills. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

The Industrial Digest

The story of the civil rights movement is well-known, popularized by both the media and the academy. Yet the version of the story recounted time and again by both history books and PBS documentaries is a simplified one, reduced to an inspirational but ultimately facile narrative framed around Dr. King, the Kennedys, and the redemptive days of Montgomery and Memphis, in which black individuals become the rescued survivors. This story renders the mass of black people invisible, refusing to take seriously everyday people whose years of persistent struggle often made the big events possible. Time Longer than Rope unearths the ordinary roots of extraordinary change, demonstrating the

depth and breadth of black oppositional spirit and activity that preceded the civil rights movement. The diversity of activism covered by this collection extends from tenant farmers' labor reform campaign in the 1919 Elaine, Arkansas massacre to Harry T. Moore's leadership of a movement that registered 100,000 black Floridians years before Montgomery, and from women's participation in the Garvey movement to the changing meaning of the Lincoln Memorial. Concentrating on activist efforts in the South, key themes emerge, including the under appreciated importance of historical memory and community building, the divisive impact of class and sexism, and the shifting interplay between individual initiative and structural constraints. More than

simply illuminating a hitherto marginalized fragment of American history, *Time Longer than Rope* provides a crucial pre-history of the modern civil rights movement. In the process, it alters our entire understanding of African American activism and the very meaning of “civil rights.”
