Provides information on accommodations, restaurants, attractions, outdoor activities,

and driving and walking tours for Kansas, Oklahoma, and Texas.

Museums of the World San Juan

Settled by Spanish explorers more than three centuries ago, San Antonio has a rich haunted history. Ghosthunting San Antonio by local author Micharl Varhola covers 30 haunted locations in or around the cities of San Antonio and Austin and throughout the region known as Texas Hill Country. Each site combines history, haunted lore and phenomena, and practical visitation information. The book is organized into four geographical sections, "City of San Antonio," "Greater

San Antonio," "Austin," and "Texas Hill Country." This hands-on guide also includes an introduction to the subject of ghosthunting in the Lone Star State and all the information readers need to visit the places described within it. It also has an appendix that briefly describes nearly 100 other haunted places. Sites covered include bridges, churches, colleges and universities, cemeteries and graveyards, government buildings, historic sites, hotels, museums, parks, restaurants and bars, and much more. They include the Crockett Hotel, built on the spot where David Crockett and the final defenders of

the Alamo are believed to have been slain; the Ghost Tracks, where spectral children are known to move people's stopped cars and the Devil's Backbone, the haunted highway that wends through the hills north of San Antonio.

Ghosthunting San Antonio, Austin, and Texas Hill Country Arcadia Publishing Interdisciplinary in terms of both its coverage and contributions, *The Routledge Handbook of Diversity, Equity, and Inclusion Management in the Hospitality Industry* provides an informative and systematic guide to the current state of knowledge on workforce diversity and its management. Providing empirical knowledge and reflective practice on diversity issues and their management in the hospitality industry, this handbook includes chapters written by a plethora of experts in the diversity management (DM) field, including scholars, academics, and industry experts, such as managers from leading hospitality industry firms. Logically structured and embellished with illustrative figures throughout, the volume provides critical reviews and an appraisal of current research and the future development of conceptual and theoretical

approaches to diversity, equity, and inclusion (DEI) management in the hospitality industry, including dimensions of diversity in hospitality, such as gender, cultural/ethnic, age, disability, sexual orientation, and Indigenous workers. Elucidative examples are used from different countries such as Australia, Austria, Canada, Japan, United Arab Emirates, and India, and the volume takes a solution-based approach, providing future directions for emerging diversity researchers. Global in perspective, this book is a pivotal teaching resource for academics, an illustrative reference resource for Ph.D. students and early career researchers who work on workforce diversity and a practical guide for managers and HR consultants. It will also appeal to wider audiences, including those in tourism, recreation and leisure studies, and other professional fields.

Best Tales of Texas Ghosts Peterson's Now available in PDF format. *DK Eyewitness Travel Guide: USA* is your indispensable guide to every corner of America. The fully updated guide includes unique illustrated cutaways, floor plans, and reconstructions of the must-see

"For many years there had never been any doubt in the mind of Robert Worth as to the ultimate destiny of Texas, though he was by no means an adventurer, and had come into the beautiful land by a sequence of natural and business-like events. He was born in New York. In that city he studied his profession, and in eighteen hundred and three began its practice in an office near Contoit's Hotel, opposite the City Park. One day he was summoned there to attend a sick man. His patient proved to be Don Jaime Urrea, and the rich Mexican grandee conceived a warm friendship for the young physician..."_x000D_ _x000D_ _x000D_ _x000D_

Peterson's Two-Year Colleges 2011 includes information on nearly 2,000 accredited two-year undergraduate institutions in the United States and Canada, as well as some international schools. It also includes scores of detailed two-page descriptions written by admissions personnel. College-bound students and their parents can research two-year colleges and universities for information on campus setting, enrollment, majors, expenses, student-faculty ratio, application deadline, and contact information. **SELLING POINTS:** Helpful articles on what you need to know about two-year colleges: advice on transferring and returning to school for adult students; how to survive standardized tests; what international students need to know about admission to U.S. colleges; and how to manage paying for college State-by-state summary table allows comparison of institutions by a variety of characteristics, including enrollment, application requirements, types of financial aid available, and numbers of sports and majors offered

Informative data profiles for nearly 2,000 institutions, listed alphabetically by state (and followed by other countries) with facts and figures on majors, academic programs, student life, standardized tests, financial aid, and applying and contact information Exclusive two-page in-depth descriptions written by college administrators for Peterson's Indexes offering valuable information on associate degree programs at two-year colleges and four-year colleges-easy to search alphabetically

The Californians Arcadia Publishing Tradition meets tragedy in the chilling local lore of the Rio Grande Valley. Hidden in the dense brush and around oxbow lakes wait sinister secrets, unnerving vestiges of the past and wraiths of those claimed by the winding river. The spirit of a murdered student in Brownsville paces the locker room where she met her end. Tortured souls of patients lost in the Harlingen Insane Asylum refuse to be forgotten. Guests at the LaBorde Hotel in Rio Grande City report visions of the Red Lady, who was spurned by the soldier she loved and driven to suicide. Author David Bowles explores these and more of the

most harrowing ghost stories from Fort Brown to Fort Ringgold and all the haunted hotels, chapels and ruins in between.

The Ninety-Nines Inc. e-artnow

The All-America City of Pharr was incorporated in 1916 and holds precedence as the heart of the Rio Grande Valley. The late Henry Newton Pharr, a sugarcane grower, engineer, and manufacturer, along with his partner John C. Kelly, founded the city for their interest in establishing a sugarcane empire. This borderland is located approximately eight miles from the mighty Rio Grande, and it prospered to become the ideal agricultural grounds that attracted star investors from as far as Louisiana. Pharr benefitted from the fruit and vegetable boom, the introduction of the railroad, great feats in civic progress, and success in international commerce. Now, Pharr is the only city in the state of Texas to be designated as a "Triple Crown City." Pharr's feats include the Preserve America City, National Main Street City, and All-America City awards. *Construction Index* CreateSpace An illustrated history of Loreda, Texas, paired with histories of the local companies.

Texas Monthly Clerisy Press

In 1904, when the railroad completed its expansion westward from Brownsville through the Rio Grande Valley, small towns were aligning the tracks. Rich, fertile valley territory was attractive to new settlers during the early 1900s, and land developers promoted a place where one could buy a piece of the American dream. Around the same time, immigrants

from south of the border were arriving with dreams of starting a new life away from the tumult of the Mexican Revolution. Situated at the crossroads of both rail and roadways, San Juan was the optimal place to settle. Rapid agricultural growth had in turn fostered community growth. As San Juan celebrates 100 years of vitality, this book reflects and recalls why this city was known as the "friendly city in the heart of the Rio Grande Valley."

Since 1973, TEXAS MONTHLY has chronicled life in contemporary Texas, reporting on vital issues such as politics, the environment, industry, and education. As a leisure guide, TEXAS MONTHLY continues to be the indispensable authority on the Texas scene, covering music, the arts, travel, restaurants, museums, and cultural events with its insightful recommendations.
