Taunton's Complete Illustrated Guide to Bandsaws Fox Chapel Publishing

A book for makers, for seekers of all kinds, an exhilarating look into the heart and soul of artisans—and how their collective wisdom can inspire us all. "Despite our technological advances, we're busier than ever, our lives more frazzled. That's why the handmade object, created with care and detail, embodying a history and a tradition, is enormously powerful. It can cut through so much and speak in ways that we don't often hear, or that we've forgotten." —Eric Gorges, from *A Craftsman's Legacy* In this joyful celebration of skilled craftsmen, Eric Gorges, a corporate-refugee-turned-metal-shaper, taps into a growing hunger to get back to what's real. Through visits with fellow artisans—calligraphers, potters, stone carvers, glassblowers, engravers, woodworkers, and more—many of whom he's profiled for his popular television program, Gorges identifies values that

are useful for all of us: taking time to slow down and enjoy the process, embracing failure, knowing when to stop and when to push through, and accepting that perfection is an illusion. Most of all, *A Craftsman's Legacy* shows how all of us can embrace a more creative and authentic life and learn to focus on doing what we love.

American Woodworker Algonquin Books

"Take full advantage of the most essential woodworking power tool. If there's one tool that no workshop should be without, it's the band saw. It's used to crosscut, rip, create a variety of woodworking joints, and more. Rick Peters helps you select and accessorize your band saw, describes the basic and advanced techniques it's capable of, explains how to make jigs and fixtures, and shows how to maintain your saw. There are also several great projects to test your skills" -- back cover.

American Woodworker Taunton

Carve woodland classics, stylized combs, Civil War busts, and more! This 87th issue of *Woodcarving Illustrated* magazine includes 11 exciting projects and ready-to-use patterns with step-by-step instructions and photography that are perfect for all skill levels! From a baby chickadee and summery coasters for beginners to an intricate green man spirit and humorous (and slightly snobby) gourmand caricature for advanced challenge-seekers, there's something for every carver to enjoy. Also featured are artist spotlights to learn about the carvers behind some project designs. Read about the best new carving tools (including the revolutionary Pegas Scroll Band Saw), gain access to online extras - like bonus patterns and action videos - learn to carve classic moldings, and so much more!
