Books

The confidence,
courage, and resolve in
many of the greatest
Bible heroes and world-
changers are the result
of a single, powerful,

biblical principle. It's a
principle woven into
the very foundation of
creation that, when
applied, has the power
to calm chaos,
overcome obstacles,
and win every battle.
The secret? Activating
the power of God's
spoken Word.
Activating the Power of
God's Word Edwin
Mellen Press

Just as she's done in her previous books, Cynthia Bourgeault asks us to take a look at an idea from traditional Christianity—this time the formula of Father, Son, and Holy Spirit—as though we're looking at it for the first time. And as usual, she reveals it to be something we hadn't expected at all. She finds in the idea of the Holy Trinity a striking vision of the nature of reality. What she claims, in a nutshell, is that embedded within this theological formula that Christians recite mostly on autopilot lies a powerful metaphysical principle that could change our understanding of Christianity and give us the tools so long and so sorely needed to reunite our shattered

cosmology, rekindle our visionary imagination, and cooperate consciously with the manifestation of Jesus's "Kingdom of Heaven" here on earth. She looks to the history of Christian theology, to her own years of contemplative practice, and to the ideas of G. I. Gurdjieff. Her tone is, as ever, as accessible as it is compelling, and it's a wild ride. "I will do my best to make the ride as smooth as possible," she says, "but in the end, my commitment is to getting there, because I know beyond all personal doubt that there is indeed a ham radio concealed inside this Trinitarian tea cupboard. And in the midst of this long winter of our Christian discontent, when spiritual imagination

and boldness are at an all-time low and the church itself hovers at the edge of demise for lack of an animating vision, perhaps now more than ever the time is ripe to remove the packing boards from this tea cupboard and release its contents."

"A provocative extension of Jefferson's original plan."—Kirkus Reviews
Thomas Jefferson believed that every generation of Americans should rewrite our Constitution from scratch—to mirror the progress of the human mind and, most of all, to maintain the revolutionary spirit. He would be dismayed

that it's considered untouchable these days. Taking up Jefferson's cause, Christopher Phillips leads a motley group of Americans across the fruited plain in an offbeat Constitutional Convention. His Constitution Café project is sparking a much-needed conversation about our founding document and forging common ground at a time when our country needs it most.

The Laws of Spirit

This book is summarized by teaching you about the tabernacle, which was under the Mosaic Law. It explains the meaning of some objects that were there that had a symbolic meaning. Moreover, you will understand why God

was not happy with the Mosaic Law. It will also explain to you the meaning of sanctification and why we must be sanctified as well. You will see why Abraham and some of the other patriarchs were so important in the scriptures. In addition, this book will explain to you the proper way to be baptized and to prepare you for the indwelling of God's Spirit and why you need it. You will also know what to expect when it takes place. Besides, this book will teach you the importance of repentance before you're baptized. You'll understand how to be identified with Christ when he comes back, likewise your understanding of what strongholds are in the

spiritual realm and how to free yourself from them. In fact, you'll learn about what kind of angel Satan was before he fell. Another thing that you will learn from reading this book is how fasting and prayer can give you power with God. You'll learn the proper way to fast. You'll also learn how to do warfare with the flesh and the devil. Likewise, this book will teach you more in depth what took place in the Upper Room. Also, it will explain to you who was there. Then it will explain to you why this particular book is so important. Consequently, I also have written down scriptures so that you can verify what I have written. Equally important, you'll learn the different operations of the Spirit of God and

how he operates in the spiritual realm. In addition, you'll learn about the different gifts that are in the body of Christ. Another thing that this book will teach you about is the Corinthian Church and why Paul wrote some of the things that he did about judging. It will teach you various kinds of judging that is biblical. I also wrote some of my own supernatural experiences in this book as well. May the peace of God be with you all.

Perhaps the most important section in Dan Millman's best-selling book, *The Life You Were Born to Live* was titled *Laws that Change Lives*. These

laws, as described, were key to overcoming the specific hurdles on a given individual's life path. Different laws played critical roles for different paths. But the author considers these laws so central to all our lives that they needed a book of their own, and a more universal treatment, since anyone could benefit from applying any of these laws. As he writes: "Within the mystery of our existence, the universe operates according to spiritual laws as real as the law of gravity and as constant as the turning of the heavens. Aligning our lives to these laws can transform our relationships, careers, finances, and health. Simply put, they make life work better." The

Laws of Spirit, Dan Millman's "little book of big wisdom," offers a teaching tale in which he encounters an ageless woman sage while on a mountain hike. There, in the wilderness, she takes Dan and his readers through experiences and tests in the natural world that demonstrate the power of spiritual laws of balance, choice, process, presence, compassion, faith, action, patience, , surrender, and unity. As the sage relates, "These laws belong to all of us. They rest within our hearts and at the heart of every religion and spiritual tradition." As you make your own journey through the pages of this book, you will find universal solutions to the varied challenges of our lives, leading to

perspective and wisdom about the meaning and purpose of our lives here, and our connection with all of creation It begins with a single step: Open the first page of a book you will refer to again and again for inspiration and guidance on life's journey, up the mountain path.

Drawing Out Law

Modern Library

This is one of Shakespeare's darkest comedies, for the romantic story of a young man, Bassanio, who has squandered his fortune and must borrow money to woo the wealthy lady he loves is set against the more disturbing story of the Jewish moneylender Shylock and his demand for the "pound of flesh" owed him by the Venetian

merchant, Antonio. Here pathos and farce combine with moral complexity and romantic entanglement to display the extraordinary power and range of Shakespeare at his best. Each Edition Includes: • Comprehensive explanatory notes • Vivid introductions and the most up-to-date scholarship • Clear, modernized spelling and punctuation, enabling contemporary readers to understand the Elizabethan English • Completely updated, detailed bibliographies and performance histories • An interpretive essay on film adaptations of the play, along with an extensive filmography How to Receive the Holy Ghost Irving Risch Combining his

logician's eye with his artistic sensibilities, Thomas Troward was able to communicate truths on the most esoteric of subjects, giving them the intellectual and spiritual respect they deserve. This 1921 collection of brief essays from one of the most respected forefathers of New Age thought covers topics from the sacred to the sublime, shedding new light on mysteries that have challenged mankind for centuries. For any explorer of Being and Thought, Troward here provides invaluable insights into positive psychology, the self, God, beauty, and truth. English judge, philosopher, and painter THOMAS TROWARD (1847-1916) lived most of his life in India, in the service of

the imperial monarchy. Among his publications, many of which profoundly affected the New Thought Movement, are *The Law and the Word*, *Bible Mystery and Meaning*, and *The Creative Process in the Individual*.

A study of Paul's

theology in the Bible,

focusing on his view of the old covenant God made with Israel and the new covenant Jesus announced at the Last Supper.

The Laws of the Spirit
World Aneko Press

The person to whom I had addressed the three books entitled *De Peccatorum Meritis et Remissione*, in which I carefully discussed also the baptism of infants, informed me, when acknowledging my communication, that he was much disturbed because I declared it to be possible that a man might be without sin, if he wanted not the will, by the help of God, although no man either had lived, was living, or would live in this life so perfect in righteousness. He asked how I could say that it was possible of

which no example could be adduced. Owing to this inquiry on the part of this person, I wrote the treatise entitled *De Spiritu et Littera*, in which I considered at large the apostle's statement, "The letter kills, but the spirit gives life." In this work, so far as God enabled me, I earnestly disputed with those who oppose that grace of God which justifies the servances of the Jews, who abstain from sundry meats and drinks in accordance with their ancient law, I mentioned the "ceremonies of certain meats" [*quarumdam escarum cerimoniae*] - a phrase which, though not used in Holy Scriptures, seemed to me very convenient, because I remembered that *cerimoniae* is

tantamount to carimoniae, as if from carere, to be without, and expresses the abstinence of the worshippers from certain things. If however, there is any other derivation of the word, which is inconsistent with the true religion, I meant no reference whatever to it; I confined my use to the sense above indicated. This work of mine begins thus: "After reading the short treatise which I lately drew up for you, my beloved son Marcellinus," etc.

The Seven Spiritual Laws of Success The Spirit of Islamic Law This open access book seeks to identify the ethical spirit of European Union (EU) law, a context in which we can observe a trend towards increasing

references to the terms 'ethics' and 'morality'. This aspect is all the more important because EU law is now affecting more and more areas of national law, including such sensitive ones as the patentability of human life. Especially when unethical behaviour produces legal consequences, the frequent lack of clearly defined concepts remains a challenge, particularly against the background of the principle of legal certainty. This raises the question to which extent the content of these references is determined and whether it is possible to identify an ethical spirit of EU law. Answering that question, in turn, entails addressing the following questions: In

references to ethics concerning EU law, can we identify references to a particular theory of practical philosophy at all; and, if so, to one or more normative ethical theories (deontology, consequentialism, or virtue ethics)? Further, should these non-legal concepts be imported in an unaltered way (“absolute approach”), or be adapted to the legal context (“relative approach”)? This book explores the different layers of EU law (primary law, agreements, secondary law, and tertiary law), including the role of ethics in EU lawmaking and in EU case law, as well as the implementation of relevant EU directives in selected Member States. In addition to the above-mentioned

normative philosophical lens, the book also analyzes the findings from the legal lens of EU integration, i.e., especially EU values, human rights and the cornerstone of human dignity.

In the Pauline literature of the New Testament, the characteristics of the Spirit and Christian life are described through the use of metaphor. An interpreter of Paul must understand his metaphors in order to arrive at a complete understanding of the Pauline pneumatological perspective. Thus, *The Pauline Metaphors of the Holy Spirit* examines how the Pauline Spirit metaphors express the intangible Spirit's tangible presence in the life of the Christian. Rhetoricians prior to and contemporary with Paul discussed the appropriate usage of metaphor. Aristotle's thoughts provided the foundation from which these rhetoricians framed their

arguments. In this context, *The Pauline Metaphors* surveys the use of metaphor in the Greco-Roman world during the NT period and also studies modern approaches to metaphor. The modern linguistic theories of substitution, comparison, and verbal opposition are offered as representative examples, as well as the conceptual theories of interaction, cognitive-linguistic, and the approach of Zoltán Kövecses. In examining these metaphors, it is important to understand their systematic and coherent attributes. These can be divided into structural, orientational, and ontological characteristics, which are rooted in the

conceptual approach of metaphor asserted by George Lakoff and Mark Johnson. This book evaluates these characteristics against each of the Pauline Spirit-metaphors.

The Hidden Power and Other Papers Upon Mental Science Xlibris Corporation

Have you ever asked yourself what changed when you were "born again?" You look in the mirror and see the same reflection - your body hasn't changed. You find yourself acting the same and yielding to those same old temptations - that didn't seem to change either. So you wonder, Has anything really changed? The correct answer to that question is foundational for receiving from God. If you lack this basic

understanding, you'll forever ask yourself doubt-filled questions like: "How could God love somebody like me?" and "How can I possibly expect to receive anything from the Lord? I don't deserve it, I'm not good enough!" Spirit, Soul, and Body will help you eliminate those and other doubt-filled questions that destroy your faith. If you have trouble receiving from God, this is a must-read!

Constitution Café: Jefferson's Brew for a True Revolution Jaico Publishing House

Focuses on a Muslim legal science known in Arabic as *usul al-fiqh*. Whereas the kindred science of *fiqh* is concerned with the articulation of actual rules of law, this science attempts to

elaborate the theoretical and methodological foundations of the law. It outlines the features of Muslim juristic thought.

Vodou has often served as a scapegoat for Haiti's problems, from political upheavals to natural disasters. This tradition of scapegoating stretches back to the nation's founding and forms part of a contest over the legitimacy of the religion, both beyond and within Haiti's borders. *The Spirits and the Law* examines that vexed history, asking why, from 1835 to 1987, Haiti banned many popular ritual practices. To find out, Kate Ramsey begins

with the Haitian Revolution and its aftermath. Fearful of an independent black nation inspiring similar revolts, the United States, France, and the rest of Europe ostracized Haiti. Successive Haitian governments, seeking to counter the image of Haiti as primitive as well as contain popular organization and leadership, outlawed "spells" and, later, "superstitious practices." While not often strictly enforced, these laws were at times the basis for attacks on Vodou by the Haitian state, the Catholic Church, and occupying U.S. forces. Beyond such offensives, Ramsey argues that in prohibiting practices considered essential for maintaining

relations with the spirits, anti-Vodou laws reinforced the political marginalization, social stigmatization, and economic exploitation of the Haitian majority. At the same time, she examines the ways communities across Haiti evaded, subverted, redirected, and shaped enforcement of the laws. Analyzing the long genealogy of anti-Vodou rhetoric, Ramsey thoroughly dissects claims that the religion has impeded Haiti's development.

The Apostle Paul

challenged Christians

to live by the Holy

Spirit. But how is such

a Spirit-orientated life

to be envisaged? How

might it be defined? In

answering these

questions, this

remarkable book

investigates Paul's

concept of living by the

Spirit. The radical

conclusion of the book

is that the Spirit-

influenced Christian;

engaged in a Spirit-endowed Church; aware of a Spirit-ordered world; under the authoritative guidance of a Spirit-

inspired Word, lives a Spirit-coordinated life to the glory of God. A must read for those who wish to walk in God's ways.
