Have you always wanted to start an online business that didn't require you to store anything or handle any shipping yourself? Have you always wished that you could make money selling items on your own website, but didn't know how? If so, then dropshipping is exactly what you've been looking for. These days, a lot of emphasis is placed on the value of working from home and earning money through your computer. For many, online marketing and

e-commerce is a powerful opportunity to step out of financial ruin and into a state of financial freedom, with the added benefit of time freedom as well. With the way the economy seems to be going, I suspect that one day everyone will have some form of involvement in e-commerce as a way to subsidize or supplement their income, if not replace their income altogether. This book will teach you how to sell a product from your own website that is shipped from halfway across the world without ever leaving your home. It will also show you how to leverage social media and incorporating affiliate marketing in your business to make big

money. If you are interested in learning more about e-commerce business marketing, grab this book now and learn how you can take advantage of the boom in e-commerce business opportunities today!

DIGITAL PAYBACK Live in Fantasy Land, LLC. Summary of Traffic Secrets Digital marketing is still new. With all the new trends, services, and concepts, it seems to be staying that way for a while. Every social network is rolling out ad networks and introducing new features, retargeting is growing in popularity, and experts continue to pop up and endorse various tactics. Next year, or heck, next month, a slew of new experts, tactics, and networks will rise. So where does that leave us? Well, with a huge burden. Ever really try to keep up with digital marketing? It's nearly impossible. If your job is to know the ins-and-outs of digital marketing and you

love doing so, then you might be okay. But for everyone else out there, particularly the business owners with enough going on between work and personal life, there's no chance. There's just too much clutter to always know what's valuable or a fad. Don't get me wrong - us digital marketers have it tough also. We might live in this world, but that means it's our job to make sense of it all. And if you don't have a system to link all the tactics into, it becomes a huge headache. That's why I tested out different concepts and mindsets when I approached digital marketing, leaving me with one central theory. We only need two things: a digital sales funnel and a strategy. We still need

to invest endless hours discovering and testing the latest tools and tactics. But when we know that the tools and tactics have to fit into a funnel and strategy, we begin to understand how the whole machine works. It's how digital marketing changes from being a business expense into a business investment. When I discovered that I just need to focus on the funnel and strategy, I didn't want to stop learning. Maybe in my position, I don't have a choice to stop learning each day, assuming I want to stay as an expert. But the fact that it didn't bother me anymore was a huge advantage. Sounds simple, doesn't it? Just two things. And you already know what a sales funnel and

strategy is, right? But don't worry; we're going to get much more in-depth than that as we go through this book. As you'll see, this book isn't about digital marketing tools and tactics. I frankly couldn't care less whether you know how to code your own website, design beautiful graphics, or run detailed analytics. I just want you to know two things: digital sales funnels and strategy. When it comes time to get something technical done, you'll find that you can hire help to take care of those high skill, technical, and creative jobs. And if you're cash-strapped, don't worry either. I can't think of anything you'll ever need that hasn't been commoditized by the internet, making

potentially extremely expensive initiatives affordable for the solopreneur. Here is a Preview of What You Will Get: - A Full Book Summary - An Analysis - Fun quizzes - Quiz Answers - Etc. Get a copy of this summary and learn about the book.
