*Same-Sex Love in India* The Third Ear  
(Applause Libretto Library). Finally, an authorized libretto to this modern day classic! Rent won the 1996 Pulitzer Prize for Drama, as well as four Tony Awards, including Best Musical, Best Book, and Best Score for Jonathan Larson. The story of Mark, Roger, Maureen, Tom Collins, Angel, Mimi, JoAnne, and their friends on the Lower East Side of New York City will live on, along with the affirmation that there is "no day but today." Includes 16 color photographs of productions of Rent from around the world, plus an introduction ("Rent Is Real") by Victoria Leacock Hoffman.

## **The Road to Winter** Hal Leonard Corporation

Identifying the illusion is not enough. But smiling is sometimes the only ... option. You see ... when we connect to people, we also connect to their inner worlds. And we see so, so many ideas, emotions, perceptions ... such a large spectrum ... that we don't really understand most of the times. Sometimes ... we ignore them. Sometimes .. we connect to those universes .. believing they are real and we somehow become part of them. No one ever told us ... that we don't have to believe that something is ... real. We could simple look at the image from the front of our eyes ... just as we look at a beautiful painting, asking ourselves what is the meaning that the artist had in mind when created that scene?! And now the question is .... who is the artist behind the illusion?! What is the meaning of the illusion?! How do we

recognize this illusion if it said that all we see it's an illusion?! How can we get out of such stories, repeated on and on and on?! Is there any theory that we should know regarding the illusions?! What do we understand seeing and connecting to the human being spectrum?! Well ... i simple smile. I used to analyze and define a lot my life and everything that happened around myself, until the day when i realized i am a prisoner ... But it was all so weird ... cause i was the prisoner, the guardian of the prison, but also the prison itself. I was all ... so how could i get rid of that?! And all the time i was remembering ... that it's all and illusion. That is the moment when i had the power to smile again ... but being so silly, it all took such a long time to realize it. I was spending my life in a prison with invisible walls, jumping from my illusions to other's people illusory worlds. I was simple replacing an illusion with another illusion ... believing i escaped from the illusion. And still ... I was having a weird feeling ... that i was living the illusion of being part of an illusion. Each time a new story. And a new one. ... and another one.

Thirteenth-century Sufi poet, mystic, and legal scholar Muhyi al-Din ibn al-'Arabi gave deep and sustained attention to gender as integral to questions of human existence and moral personhood. Reading his works through a critical feminist lens, Sa'diyya Shaikh opens fertile spaces in which new and creative encounters with gender justice in Islam can take place. Grounding her work in Islamic epistemology, Shaikh attends to the ways in which Sufi metaphysics and theology might allow for fundamental shifts in Islamic gender ethics and legal formulations, addressing wide-ranging contemporary challenges including questions of women's

rights in marriage and divorce, the politics of veiling, and women's leadership of ritual prayer. Shaikh deftly deconstructs traditional binaries between the spiritual and the political, private conceptions of spiritual development and public notions of social justice, and the realms of inner refinement and those of communal virtue. Drawing on the treasured works of Sufism, Shaikh raises a number of critical questions about the nature of selfhood, subjectivity, spirituality, and society to contribute richly to the prospects of Islamic feminism as well as feminist ethics more broadly.

Erika's Story is one woman's account of the tragedy of the Holocaust. Erika is a survivor who recalls the difficult decisions her parents had to make and how those decisions have affected her life. Erika has a quiet hope and confidence which is sure to inspire readers. The exquisite illustrations of Roberto Innocenti are poignant and moving. The combination of words and pictures in this book speak not only to the reader's head but also to the heart. The foreign rights to Erika's Story have been sold in eleven countries.

**Anne & Gilbert** Simon and Schuster

We've all experienced or heard of surprising events and unexplainable coincidences—money that seems to come from nowhere, a spontaneous idea that turns into a life-changing solution, meeting our soulmate on a flight we weren't supposed to take, or families being reunited by "accident" after years of separation. Often these coincidences are explained as being controlled by a higher power or pure chance. But for the first time since Carl Jung's work, comes bold new research that explains

scientifically how we can identify, understand, and perhaps even control the frequency of coincidences in our everyday lives. Bernard Beitman, a leading expert on Coincidence Studies, proposes a greater personal responsibility which depends partly upon newly discovered "grid cells" located in the brain, near the hippocampus. But neuroscience cannot complete the entire puzzle, and in this fascinating guide, Beitman provides the missing piece. From analyzing true stories of synchronicity from around the globe and throughout history, he shares key personality characteristics and situational factors that contribute to the occurrence of meaningful coincidences in our lives. Where other books on coincidences tend to be theoretical, inspirational, or story collections only, Beitman's book is the first to provide a scientific understanding and practical ways in which readers can use them in their own lives. He reveals: How to activate your observing self so you don't miss synchronistic moments How serendipity can offer insights into solving problems or making difficult decisions Why stress activates meaningful coincidences Which states of mind impede our ability to experience synchronicity How to interpret the meaning of a coincidence Why being attuned to coincidences is a learned skill—and how to hone your sensitivity.

THE ILLUSION ... OF BEING PART OF AN ILLUSION Hal Leonard Corporation

Benny Lewis, who speaks over ten languages—all self-taught—runs the largest language-learning blog in the world, *Fluent In 3 Months*. Lewis is a full-time "language hacker," someone who devotes all of his time to finding better, faster, and more efficient ways to learn languages. *Fluent in 3 Months: How*

Anyone at Any Age Can Learn to Speak Any Language from Anywhere in the World is a new blueprint for fast language learning. Lewis argues that you don't need a great memory or "the language gene" to learn a language quickly, and debunks a number of long-held beliefs, such as adults not being as good of language learners as children.

*Same-Sex Love in India* presents a stunning array of writings on same-sex love from over 2000 years of Indian literature.

Translated from more than a dozen languages and drawn from Hindu, Buddhist, Muslim, and modern fictional traditions, these writings testify to the presence of same-sex love in various forms since ancient times, without overt persecution. This collection defies both stereotypes of Indian culture and Foucault's definition of homosexuality as a nineteenth-century invention, uncovering instead complex discourses of Indian homosexuality, rich metaphorical traditions to represent it, and the use of names and terms as early as medieval times to distinguish same-sex from cross-sex love. An eminent group of scholars have translated these writings for the first time or have re-translated well-known texts to correctly make evident previously underplayed homoerotic content. Selections range from religious books, legal and erotic treatises, story cycles, medieval histories and biographies, modern novels, short stories, letters, memoirs, plays

and poems. From the Rigveda to Vikram Seth, this anthology will become a staple in courses on gender and queer studies, Asian studies, and world literature.

Rent Cambridge Scholars Publishing

A beautifully illustrated picture book about values and positive affirmations for children. Every child is beautiful, unique, gifted, creative, unbroken, and powerful. Yet, heightened mental illness indicates that many have forgotten this truth at some point in their lives. This book serves to remind them of their infinite potential and that they are not alone as they pursue their endeavors in life. It encourages them to appreciate themselves physically, emotionally, mentally, and spiritually. It also fosters intimate and open communication between adults and children so that they mutually feel seen and heard. This book is a great foundation for a child's personal development and positive messaging. It is also a great gift for anyone who can use a simple reminder of their beauty and potential.

**Love Story** Almqvist & Wiksell International

One of the most famous science books of our time, the phenomenal national bestseller that "buzzes with energy, anecdote and life. It almost makes you want to become a physicist" (Science Digest). Richard P. Feynman, winner of the Nobel Prize in physics, thrived on outrageous adventures. In this lively work that "can shatter the stereotype of the stuffy

scientist" (Detroit Free Press), Feynman recounts his experiences trading ideas on atomic physics with Einstein and cracking the uncrackable safes guarding the most deeply held nuclear secrets—and much more of an eyebrow-raising nature. In his stories, Feynman's life shines through in all its eccentric glory—a combustible mixture of high intelligence, unlimited curiosity, and raging chutzpah. Included for this edition is a new introduction by Bill Gates.

You Can Learn Any Language -- Are you hesitating to learn a new language because you've heard it's difficult? Or are you trying right now but finding it harder than you imagined? What if you could become fluent in a new language in a very short period of time -- just months, or maybe even weeks? You can learn any new language quickly and easily. It doesn't require pain or frustration. It can be fun, exciting and enlightening. Of course, to have this experience you do need to know a few things. You need to find and use your hidden talent -- something we call the Third Ear. The Third Ear takes you step by step along a path to think about language learning in totally new ways. Ways that help you realise you already know how to learn any language. You just needed to be reminded.

The Third Ear Adrian Gabriel Dumitru

Büyülü ormandan geçip gizemli kapıları aşarak toprağın derinliklerine kurulmuş olan kadim Arsien Krallığı'nın kalıntıları arasında yol aldıktan sonra gezegenin kalbine ulaştı. Hayatta kalan son büyücünün ölmek üzere olduğunu gördüğünde çok az zamanının kaldığını anladı. Şimdi bir an önce Zaduma'da yaşayan son büyücünün ölmemesi için ruhu ile bedenini birleştirip

Dünya'dan ayrılması gerekiyordu. Ama bunun için önce geçmişin tozlu rafları arasında kan izlerini takip edip bilinmeyen bir gezegende hüküm süren büyücülerin, onlara bağlı canlıların ve çoktan öldüğü düşünülen insanların, onlar ile olan savaşlarının sebeplerini öğrenmesi gerekiyordu. Ya bunu başarıp dünyadan ayrılarak sonsuz bir yaşam sürecekti ya da Dünya'daki ölümlü bedeninin içine hapsolüp sonunun gelmesini bekleyecekti.

### **Arsien Krallığı** Simon and Schuster

Every musical form has had an impact on the linguistic practices of our society. French song is a vector of cultural, social, and stylistic values. Throughout the world, songs in the French language are used in the teaching of French: professors incorporate songs into the curriculum in order to illustrate differences of register and linguistic variation, as well as to raise lexical or grammatical questions. As a form of popular expression, song is a genre that has, in recent years, become the focus of serious academic scholarship and criticism. However, few linguists have paid attention to French song and its linguistic uses. This richly illustrated mini-dictionary about French singers fills this gap by offering a collection of portraits of the greatest singers of the French language and how they have constructed the musical landscape in both France and the larger francophone community and the world as a whole. Through (re)discovering these classic and contemporary artists who contribute to the creation of the sonorous universe of the 20th and 21st centuries, the volume determines how these musical genres influence the French language and nourish our collective imagination. By plunging into francophone song, one can achieve a better understanding of the culture and the language of its speakers.

The untamed, incandescent and battle-ready Srilaa grows up in her wealthy Marwari family's palatial house in Calcutta. After suffering her first heartbreak at the hands of a potential suitor, she is married and packed off to Bombay to live with her new husband. There she experiences womanhood and confronts her sexual curiosities, misgivings and desires, but continues to hope daringly and love fearlessly—refusing to live her life by the unrealistic standards society often sets on unconventional women. The young and vivacious Srilaa slowly but assuredly becomes the inimitable Srilaaji! And each time life starts crumbling around her, she manages to pick herself up ... and from the ashes of an uncertain life, a phoenix rises. Told with Shobhaa De's matchless blend of candour, humour and seductive earthiness, Srilaaji captures the soul of an indomitable spirit. A book that simmers and erupts at will, and presents us with one of the most unforgettable protagonists in years – the utterly delicious Srilaaji.

Science-loving Delia Bean is expecting to have a pretty boring summer vacation, but when her Uncle Lyndon offers her an internship in his Earth Time Museum, everything begins to look better.

Srilaaji Palgrave Macmillan

Since a deadly virus and the violence that followed wiped out his parents and most of his community, Finn has lived alone on the rugged coast with only his loyal dog Rowdy for company. He has stayed alive for two winters—hunting and fishing and trading food, and keeping out of sight of the Wilders, an armed and dangerous gang that controls the north, led by a ruthless man named Ramage. But Finn’s isolation is shattered when a girl runs onto the beach. Rose is a Siley—an asylum seeker—and she has escaped from Ramage, who had enslaved her and her younger sister, Kas. Rose is desperate, sick, and needs Finn’s help. Kas is still missing somewhere out in the bush. And Ramage wants the girls back—at any cost. ‘Tense and atmospheric...Mark Smith’s

debut is assured, gripping and leaves you wanting more.’ Best Books for Younger Readers 2016, Sydney Morning Herald ‘It’s easy to see why Mark Smith’s dystopian thriller has been compared with John Marsden’s Tomorrow When the War Began. I barely came up for breath as the pages flew. So strap yourself in for a high action ride.’ Kids Book Review ‘A riveting story of survival that questions the prices of freedom and safety as well as the value of an individual life...A breakout new series full of romance, danger, and a surprisingly engaging world.’ STARRED Review, Kirkus Reviews ‘A solid debut.’ Publishers Weekly ‘It’s been suggested more than once that dystopian fiction has had its day...but The Road to Winter is a welcome sign that there’s still life in the genre.’ Armadillo
