A sweeping cultural survey reminiscent of Barzun's *From Dawn to Decadence*. "At irregular times and in scattered settings, human beings have achieved great things. Human Accomplishment is about those great things, falling in the domains known as the arts and sciences, and the people who did them." So begins Charles Murray's unique account of human excellence, from the age of Homer to our own time. Employing techniques that historians have developed over the last century but that have rarely been applied to books written for the general public, Murray compiles inventories of the people who have been essential to the stories of literature, music, art, philosophy, and the sciences—a total of 4,002 men and women from around the world, ranked according to their eminence. The heart of *Human Accomplishment* is a series of enthralling descriptive chapters: on the giants in the arts and what sets them apart from the merely great; on the differences between great achievement in the arts and in the sciences; on the meta-inventions, 14 crucial leaps in human capacity to create great art and science; and on the patterns and trajectories of accomplishment across time and geography. Straightforwardly and undogmatically, Charles Murray takes on some controversial questions. Why has accomplishment been so concentrated in Europe? Among men? Since 1400? He presents evidence that the rate of great accomplishment has been declining in the last century, asks what it means, and offers a rich framework for thinking about the conditions under which the human spirit has expressed itself most gloriously. Eye-opening and humbling, *Human Accomplishment* is a fascinating work that describes what humans at their best can achieve, provides tools for exploring its wellsprings, and celebrates the continuing common quest of humans everywhere to discover truths, create beauty, and apprehend the good.

Humans express love in countless ways, through physical actions, emotional reactions, or heartfelt words. Capturing the perfect words to show a person's love can be challenging, yet poets have done it for hundreds of years. What is love to a poet?  Among the most enduring poetry of all time, William Shakespeare's 154 sonnets address such eternal themes as love, beauty, honesty, and the passage of time. Written primarily in four-line stanzas and iambic pentameter, Shakespeare's sonnets are now recognized as marking the beginning of modern love poetry. The sonnets have been translated into all major written languages and are frequently used at romantic celebrations. Known as "The Bard of Avon," William Shakespeare is arguably the greatest English-language writer known. Enormously popular during his life, Shakespeare's works continue to resonate more than three centuries after his death, as has his influence on theatre and literature. Shakespeare's innovative use of character, language, and experimentation with romance as tragedy served as a foundation for later playwrights and dramatists, and some of his most famous lines of dialogue have become part of everyday speech. HarperPerennial Classics brings great works of literature to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. This book examines Shakespeare's fascination with the art of narrative and the visuality of language. Richard Meek complicates our conception of Shakespeare as either a 'man of the theatre' or a 'literary dramatist', suggesting ways in which his works themselves debate the question of text versus performance. Beginning with an exploration of the pictorialism of Shakespeare's narrative poems, the book goes on to examine several moments in Shakespeare's dramatic works when characters break off the action to describe an absent, 'offstage' event, place or work of art. Meek argues that Shakespeare does not simply prioritise drama over other forms of representation, but rather that he repeatedly exploits the interplay between different types of mimesis - narrative, dramatic and pictorial - in order to beguile his

audiences and readers. Setting Shakespeare's works in their literary and rhetorical contexts, and engaging with contemporary literary theory, the book offers new readings of *Venus and Adonis*, *The Rape of Lucrece*, *Hamlet*, *King Lear* and *The Winter's Tale*. The book will be of particular relevance to readers interested in the relationship between verbal and visual art, theories of representation and mimesis, Renaissance literary and rhetorical culture, and debates regarding Shakespeare's status as a literary dramatist.

This expansive four-volume work gives students detailed explanations of Shakespeare's plays and poems and also covers his age, life, theater, texts, and language. Numerous excerpts from primary source historical documents contextualize his works, while reviews of productions chronicle his performance history and reception. Shakespeare's works often served to convey simple truths, but they are also complex, multilayered masterpieces. Shakespeare drew on varied sources to create his plays, and while the plays are sometimes set in worlds before the Elizabethan age, they nonetheless parallel and comment on situations in his own era. Written with the needs of students in mind, this four-volume set demystifies Shakespeare for today's readers and provides the necessary perspective and analysis students need to better appreciate the genius of his work. This indispensable ready reference examines Shakespeare's plots, language, and themes; his use of sources and exploration of issues important to his age; the interpretation of his works through productions from the Renaissance to the present; and the critical reaction to key questions concerning his writings. The book provides coverage of each key play and poems in discrete sections, with each section presenting summaries; discussions of themes, characters, language, and imagery; and clear explications of key passages. Readers will be able to inspect historical documents related to the topics explored in the work being discussed and view excerpts from Shakespeare's sources as well as reviews of major productions. The work also provides a comprehensive list of print and electronic resources suitable for

student research.

Studienarbeit aus dem Jahr 2011 im Fachbereich Didaktik - Englisch - Literatur, Werke, Note: 1,3, Universität Paderborn, Sprache: Deutsch, Abstract: Is it truly love that lets a woman look like a divine beauty? Or does the poet just list the features of beauty within nearly each and every one of his sonnets? There are many different images of women in poetry and writers know how to present their beloved best. But actually, how important was beauty in order to love someone? Such questions have inspired me to pick this topic for the further analysis of the typical perception of women in some selected love sonnets. The man, who brought attention to the Italian sonnet, was Francesco Petrarca who was usually referred to as Petrarch. Especially his sonnets for his idealized girl, Laura, characterized the pan-European love poetry of the Renaissance up to the seventeenth century (c.f. 9.9.201 http://lo-net2.de/home/mario.leis/Download_Anglistik_Frauenbild.pdf) That is why many writers adopted Petrarch's conception of love, beauty and perfection. But of course there are just as many poets who have turned away from the pure admiration of the idealized female figure. In my following analysis I will take a closer look at the image of women in Sir Philip Sidney's sonnet 91 and Shakespeare's sonnet 130 in comparison to the traditional concept of Petrarch. It is important to establish the drastic changes which exist in these two works. How much do the ladies of Shakespeare and Sidney differ from Petrarch's Laura? Do their shared characteristics outweigh the differences? And more importantly: Is there a turning point in the historical development of literature with reference to the visual representation of feminine beauty? In my work, I have tried to find answers to these central questions. First of all, I would like to give a short overview on the Petrarchan tradition and then analyze sonnet 90 which was written for his beloved Laura. After that I will concentrate on Sir Philip Sidney's presentation of women. In doing so, I will analyze sonnet 91 from his sonnet sequence *Astrophil and Stella*. Then I will continue like this for sonnet 130 by Shakespeare. Finally, I would like to sum up my results and give a brief conclusion.

ROBERT HERRICK: SELECTED POEMS ROBERT HERRICK (1591-1674) was one of the Cavalier poets (other Cavalier poets included Suckling, Carew and Lovelace). He was born in London and lived much of his life in the rough remoteness of a parish in Devonshire. He studied at Cambridge (St John's College and Trinity Hall). His law studies were dropped in 1623, and he was ordained as a deacon and priest in 1624. Herrick's major work, *Hesperides* or *The Works Both Humane and Divine* of Robert Herrick Esq., was published in 1648. There are some 1130 poems in the first, secular part, *Hesperides*, and 272 in *Noble Numbers*, the religious pieces. Herrick's poetry (his *Hesperides*) followed the plan outlined in the poem 'The Argument of His Book', with its lyrical evocation of the natural world. Herrick was particularly well situated, geographically, to write nature poetry. Like Coleridge, Wordsworth and Brontë, Herrick lived in the midst of the countryside, in the relative isolation of Dean Prior, on the edge of Dartmoor in Devon. There are many poems in Robert Herrick's work of love - about love desired, lost and mourned. Herrick is very definitely a 'Museum poet', to use Robert Graves's term. There are many poems about various mistresses, 'my dearest Beauties' he calls them in 'To My Lovely Mistresses' (Anthea, Perilla, Electra, Blanch, Judith, Silvia, and the most beloved of all, Julia). There are many poems to certain 'muses' or 'maidens'. The sheer number (and quality) of Herrick's poems to Julia attests to his deep passion for the friendship and strength of women: 'To Julia', 'To Roses in Julia's Bosom', 'To Julia, Her Dawn, or Daybreak', 'The Parliament of Roses to Julia', 'Upon Julia's Recovery', 'On Julia's Fall', 'His Sailing From Julia', 'Her Legs', 'Her Bed', 'On Julia's Picture', 'The Bracelet to Julia', 'To Julia in the Temple' and so on. Apart from poems addressed 'To His Book', there are more poems in Robert Herrick's output 'To Julia' than to anything else. Julia is 'the prime of Paradise' ('To Julia, in Her Dawn, or Day-break'). She is utterly adored, often erotically. There are poems which eulogize her breasts and nipples, for instance: 'Display thy breasts.../ Between whose glories, there my lips I'll lay, / Ravish't', he writes (in 'Upon Julia's Breasts'); other paeans to Julia's breasts include 'Upon the Roses in Julia's Bosom', and 'Upon the Nipples of Julia's Breast'. Herrick makes the age-old connections between the fertility of nature outside (the rain, the lush vegetation, the rivers of the Paradisaal Earth) and the bounty of women inside (Julia's breasts form a valley of abundance, as in William Shakespeare's 'Venus and Adonis', in which the poet would like to languish). Women in Herrick's poetry are seen as the givers of pleasure (expressed as sex), nurturance (breast milk), and all things worthy in the world (love). 'All Pleasures meet in Woman-kind', he writes in 'On Himself'. They are just as important in his poetry as God, the King or Christianity.

Theory into Poetry HarperCollins

The Critical Survey of Shakespeare's Sonnets offers a collection of new essays on the Sonnets written by William Shakespeare, the most famous English playwright of all time. A basic part of the literature curriculum, Shakespeare's works—still being introduced to students, from high school through college, four centuries after their composition—have never lost their popularity.

The Extravagant Shepherd BRILL

At the beginning of the 21st century, there is still no generally accepted comprehensive definition of the lyric or differentiated modern toolkit for its analysis. The reception of poetry is largely characterised either by an empathetic identification of critics with the lyric persona or by exclusive interest in formal patterning. The present volume seeks to remedy this deficit. All the contributors 'theorise' the lyric to overcome the impasse of an impressionistic and narrowly formalistic critical debate on the genre. Their papers focus on a variety of different questions: the problem of establishing a framework for definition and classification; the search for dynamic and potent critical approaches; investigations of poetry's cultural performance and its fundamental relevance for the construction of group cohesion. The essays collected in this volume offer a consciously polyphonic range of theories and interpretations, suggesting to the reader a variety of theoretical frameworks and practical illustrations of how a discussion of poetry may be firmly grounded in modern literary theory.
