### Rising Troublemaker

Baker Books

\*AN INSTANT NEW  
YORK TIMES

BESTSELLER!\* In this  
young readers edition  
of her New York Times  
bestseller Professional  
Troublemaker, Luvvie  
Ajayi Jones uses her  
honesty and humor to  
inspire teens to be  
their bravest, boldest,  
truest selves, in order

to create a world they would be proud to live in. The world can feel like a dumpster fire, with endless things to be afraid of. It can make you feel powerless to ask for what you need, use your voice, and show up truly as your whole self. Add the fact that often, people might make you feel like your way of showing up is TOO MUCH. BE TOO MUCH, and use it for good. That is what it means to be a troublemaker. In this book, Luvvie Ajayi Jones - bestseller of books, sorceress of side-eyes and critic of culture - gives you the permission you might need to be the troublemaker you are, or wish to be. This is the book she needed when she was the kid who got in trouble for

her mouth when she spoke up about what she felt was not fair. This is the book she needed when kids made fun of her Nigerian accent. This is the book that she needed when it was time to call herself a writer, but she was too scared. As a Rising Troublemaker, you need to know that the beautiful, audacious life you want is on the other side of doing the things that will scare you. This book will help you face and fight your fear and start living that life ASAP.

Calling it 'a virtual cinemath'que on video', the Telluride Film Festival gave its coveted Silver Medallion award to Facets Video Encyclopedia. The Encyclopedia lists more than 35,000 rare films on video, laser disc and DVD. Included are foreign, independent, classic American, silent, documentary, experimental, cult and children's films. Each is carefully described and lists director, country of origin, year and running time credits and is categorized and cross-referenced by director and country. All films are available for sale or rent from Facets Multimedia.

**Trivia Why's, Volume**

**3** Bloomsbury  
Publishing USA

From 1985 to 1995, Mark Gruenwald was the head writer for Captain America. During this decade, Gruenwald wrote some of the most essential stories in Captain America's history and guided the comic through an eventful period of both world history and comic book history. This book dissects the influence of the world at large on Gruenwald's stories and the subsequent influence of Gruenwald's work on the world of comics. The book's ten chapters discuss a wide range of topics including the generational tensions inherent in a comic about a G.I. Generation hero, written by a baby

boomer, for an audience of Gen Xers; the enduring threat of the Red Skull and the never-ending aura of World War II; the rising popularity of vigilante characters during the '90s; and how Captain America fits into the war on drugs and its "just say no" mentality. Set against the declining American patriotism of the 1980s and 1990s, this book places special emphasis on the symbolism of the most American of superheroes.

*Los Angeles Magazine*  
Trivia Why's, Volume 3  
Over 50 years of an iconic classic! This international bestseller and inspiration for a beloved movie is a heroic story of friendship and belonging. No one ever said life was easy. But

Ponyboy is pretty sure that he's got things figured out. He knows that he can count on his brothers, Darry and Sodapop. And he knows that he can count on his friends—true friends who would do anything for him, like Johnny and Two-Bit. But not on much else besides trouble with the Socs, a vicious gang of rich kids whose idea of a good time is beating up on "greasers" like Ponyboy. At least he knows what to expect—until the night someone takes things too far. *The Outsiders* is a dramatic and enduring work of fiction that laid the groundwork for the YA genre. S. E. Hinton's classic story of a boy who finds himself on the outskirts of regular society remains as

powerful today as it was the day it was first published. "The Outsiders transformed young-adult fiction from a genre mostly about prom queens, football players and high school crushes to one that portrayed a darker, truer world."

—The New York Times  
"Taut with tension, filled with drama."

—The Chicago Tribune  
"[A] classic coming-of-age book."

—Philadelphia Daily News

What Cold War-era

superheroes reveal about American society and foreign policy  
Physicist Bruce Banner, caught in the nuclear explosion of his experimental gamma bomb, is transformed into the rampaging green monster, the Hulk.  
High school student Peter Parker, bitten by an irradiated spider, gains its powers and becomes Spiderman.  
Reed Richards and his friends are caught in a belt of cosmic radiation while orbiting the Earth in a spacecraft and are transformed into the Fantastic Four.  
While Stan Lee suggests he clung to the hackneyed idea of radioactivity in creating Marvel's stable of superheroes because of his limited imagination, radiation and the bomb are nonetheless the big

bang that spawned the Marvel universe. The Marvel superheroes that came to dominate the comic book industry for most of the last five decades were born under the mushroom cloud of potential nuclear war that was a cornerstone of the four-decade bipolar division of the world between the US and USSR. These stories were consciously set in this world and reflect the changing culture of cold War (and post-cold War) America. Like other forms of popular entertainment, comic books tend to be very receptive to cultural trends, reflect them, comment on them, and sometimes inaugurate them. Secret Identity Crisis follows the trajectory of the breakdown of

the cold War consensus after 1960 through the lens of superhero comic books. Those developed by Marvel, because of their conscious setting in the contemporary world, and because of attempts to maintain a continuous story line across and within books, constitute a system of signs that reflect, comment upon, and interact with the American political economy. This groundbreaking new study focuses on a handful of titles and signs that specifically involve political economic codes, including Captain America, the Invincible Iron Man, Nick Fury, Agent of SHIELD, the Incredible Hulk to reveal how the American self was

transformed and/or reproduced during the late Cold War and after.

### **Eight Is Enough**

Scarecrow Press

The respected expert in video sales and rentals offers an extensive reference guide of every film available on video--from new releases, classics and golden oldies to made-for-TV and foreign films. More than 20,000 entries, cross-indexed by title, director, celebrity, category, and more.

*TV Guide* Signet Book

With Baby Boomers now moving into retirement, members of Generation X have come to the forefront of American society. Consequently, understanding Generation X—and the potential impact of the independent,

sometimes rebellious spirit that characterizes it—is critical. In *Generation X Professors Speak: Voices from Academia*, Elwood Watson has assembled a unique collection of thematically arranged essays by academics that offers insights into the issues, conflicts, and triumphs that epitomize this often overlooked generation. The essays cover topics ranging from career, class, family life, health, music, and physical disabilities to race, religion, and sexuality. Together, the essays define the characteristics and demonstrate the diversity of Generation X, and will appeal to scholars, students, and others interested in social history, psychology, gender

studies, and popular culture.

### **The New York Times Theater Reviews**

Penguin

First published in 1875 and read by more than eight million people, this nondenominational book has a 119-year history of healing and inspiration. To attract a new audience, this time-honored message of healing has a powerful new cover, easy-to-read page layout, and word index. Named one of "75 Books by Women Whose Words Have Changed the World".

### **New York** TLA

Publications

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the

country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

*The Outsiders* Henry Holt and Company

A wryly funny and surprisingly moving account of an extraordinary life lived almost entirely in the public eye A teen idol at fifteen, an international icon and founder of the Brat Pack at twenty, and one of Hollywood's top stars to this day, Rob Lowe chronicles his experiences as a painfully

misunderstood child actor in Ohio uprooted to the wild counterculture of mid-seventies Malibu, where he embarked on his unrelenting pursuit of a career in Hollywood. The Outsiders placed Lowe at the birth of the modern youth movement in the entertainment industry. During his time on *The West Wing*, he witnessed the surreal nexus of show business and politics both on the set and in the actual White House. And in between are deft and humorous stories of the wild excesses that marked the eighties, leading to his quest for family and sobriety. Never mean-spirited or salacious, Lowe delivers unexpected glimpses into his successes,

disappointments, relationships, and one-of-a-kind encounters with people who shaped our world over the last twenty-five years. Rob Lowe's New York Times bestselling autobiography, *Stories I Only Tell My Friends*, shares tales that are as entertaining as they are unforgettable.

*New Statesman* Island  
 Former Senator Gary  
 Hart's The Republic of  
 Conscience is a

meditation on the growing gap between the founding principles of the United States Constitution and our current political landscape. Going back as early as 400 BC, the idea of a true republic has been threatened by narrow, special interests taking precedence over the commonwealth. The United States Constitution was drafted to protect against such corruption, but as Gary Hart details in *The Republic of Conscience*, America is nowhere near the republic it set out to be almost 250 years ago, falling to the very misconduct it hoped to avoid. In his latest book, the former Colorado Senator and presidential contender describes 'the

increasing gap between purpose and performance' in America, emphasizing how the sense of national interest has become distorted and diluted over time. Focusing on the years after World War II, Hart tackles major American institutions—the military, the CIA, Congress—and outlines how these establishments have led the country away from its founding principles, not closer to them. Full of original and incisive analysis, *The Republic of Conscience* is Hart's examination and remedy for the millions of Americans who feel jaded, confused, and disappointed by their current government. A testament to Hart's political faith in the founding fathers, this

book is one citizen's attempt to recapture the Republic, and a timely reminder for the next July 4th holiday.

*Science and Health*  
Open Road Media

The world's most unique reference book!

About the Book  
Founded in 1957, and now with more than 12,500 entries, Chase's Calendar of Events has become the most comprehensive and authoritative reference available in the world on special days, weeks, and months (Chase's is the only reference for these), special events, national and international holidays, federal and state observances, international religious celebrations, celebrity birthdays, astronomical phenomena, major sporting events and more. Included are

important historical and biographical anniversaries as well as celebrity birthdays. Coverage is international in scope, with national/independence days/major holidays for every nation on earth. Extensive coverage in particular of US, Canada, United Kingdom.

*Mark Gruenwald and the Star Spangled Symbolism of Captain America, 1985-1995*  
Sebesta Enterprises, Inc.

Los Angeles magazine is a regional magazine of national stature. Our combination of award-winning feature writing, investigative reporting, service journalism, and design covers the people, lifestyle, culture, entertainment, fashion, art and architecture,

and news that define Southern California. Started in the spring of 1961, Los Angeles magazine has been addressing the needs and interests of our region for 48 years. The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian. Stories I Only Tell My Friends Gale / Cengage Learning  
Another classic from the author of the

internationally bestselling The Outsiders Continue celebrating 50 years of The Outsiders by reading this companion novel. That Was Then, This is Now is S. E. Hinton's moving portrait of the bond between best friends Bryon and Mark and the tensions that develop between them as they begin to grow up and grow apart. "A mature, disciplined novel which excites a response in the reader . . . Hard to forget."—The New York Times
