BURNS MONROE

Your German Shepherd Puppy David & Charles

America's foremost authorities on dog care and training distill decades of experience in a comprehensive "foundational" guide for dog owners. No matter what training method or techniques you use with your dog, the training is unlikely to be optimally successful unless it is predicated on an understanding of the dog's true nature. Dogs need food, water, exercise and play, rest, veterinary care--the basics. But since dogs naturally want to be led, they also need focused and compassionate guidance. Through abundant stories and case studies, the authors reveal how canine nature manifests itself in various behaviors, some potentially disruptive to domestic accord, and show how in addressing these behaviors you can strengthen the bond with your dog as well as keep the peace. The promise of this book is that, especially in an ever-accelerating world filled with digital distractions, you can learn from your dog's example how to live in the moment, thereby enriching your life immeasurably.

The Complete Training Guide to German Shepherd for Beginners John Wiley & Sons

Do you know the most important game your German Shepherd needs to know and how to teach it? Do you know what vaccines your dog needs and at what age? Are you still not able to get your pooch's attention like you want?

German Shepherd Dogwise Publishing

Sadie the German Shepherd Dog Puppy: How to House-Train Your Gsd Without a Crate LP Media Inc

The German shepherd dogs are great family dogs exhibiting fierce loyalty, impressive good looks, intelligence, courage, and a highly protective nature. Who can blame you for wanting a German shepherd as your lifelong "best friend" and protector? Not so fast! While it's true that the German shepherd is a popular, highly valued and desirable canine companion; the breed, much like all breeds, is not a perfect fit for every person, setting, lifestyle or family situation. This book is not intended as a training guide. It was created to familiarize you with the German's Shepherd's background, main characteristics, dominant traits, and health concerns; with tips on selection and care. Jason Biden kicks off with a fascinating history of the breed--thoroughly explaining how a dog that was originally bred to herd sheep morphed into a drug and cadaver discovery working dog; a service and therapy dog to the blind, deaf, and disabled; protective family pet, military dog or police patrol partner. In the second chapter, Jason examines the time, money, energy-level, and lifestyle required to meet the needs of a German shepherd so that both the dog and its human companion aren't miserable because of a failure to provide proper food, shelter, exercise, and companionship. To assist in selecting your first German shepherd, Jason Biden compares and contrasts American versus German bloodlines; male versus female: a puppy versus an adult dog; various coat types and colors; and breeder versus rescue adoption. Two must-read chapters concern how to select a breeder and common health problems experienced by the breed. Don't buy a German shepherd without reading those chapters.

Everybody thinks they know the German Shepherd. Many of us grew up with Rin Tin Tin, or we saw German Shepherds in nightly news reports breaking up riots, or we saw them in neighbors' backyards protecting children. But that only scratches the surface of one of the most fascinating and confusing breeds on earth. Whether it's selection, nutrition, routine health care, training, competition, or just having fun, there's more to it with a German Shepherd than with other breeds. In this book, you will discover: - History - A Change in Purpose - Problems - Hope for the Future - Appearance - Coat - Color - Size - Temperament - Reasons for Aggression - Are German Shepherds More Likely than Other breeds to have Temperament Issues? - And so much more! Get your copy today!

Whether or not you are looking to house-train your German Shepherd Dog (GSD) or any other type of dog, this book will teach you the essentials of house-training your new puppy (or adult) dog without the need for "Crate Training" in a very easy and fun to read format. This book also serves as a photo-journal (with high-quality (HQ) high-definition (HD) picture on every page) documenting week by week the first few months of life of Sadie the German Shepherd Dog (GSD) Puppy (together with her dog friend Bad News Billy) that is suitable for children, and makes a very nice children's story-picture book for fans of German Shepherd Dogs (GSDs) of all ages. By reading this book you will learn: 1.) How to house-train your dog without "Crate Training." 2.) How to know when to take your dog out to urinate/defecate. 3.) The four most important concepts for your dog to learn first before anything else. 4.) The three ways to get your dog to do as you say. 5.) The four reasons why your dog will not bite you. 6.) The two ways to control your dog's "Danger Area." 7.) The two ways to teach your dog new behaviors. 8.) Positive Reinforcement vs. Correction of Negative Behaviors. 9.) Which foods are safe and unsafe for your dog to eat. 10.) How to teach your dog hand-signals as silent commands. 11.) How to teach your dog to urinate/defecate upon command. ...and much more!

Part of an impressive three part series, this is one book that you will truly appreciate using.

Old German Shepherd Dog Tricks Training Old German Shepherd Dog Tricks and Games Training Tracker and Workbook. Includes Simon and Schuster

The definitive history of the German Shepherd, the most famous working dog in the world Learn: - Details of the breed standard, past and present. - How and why show and working dog lines developed. - Key problems with the breed today and potential solutions. Countless books have been written about how to train and care for German Shepherds, but until *The German Shepherd Dog: A Historical View of the Breed's Development, Prime, and Deterioration*, no other book has offered a deep exploration of the breed's history and development. Expert trainers Resi Gerritsen and Ruud Haak take fans of the German Shepherd on a fascinating journey from the breed's origins in the 19th century to its spread around the world as one of the top working dog breeds. More than 130 pedigree and bloodline analyses and over 400 photos painstakingly document influential dogs in the breed's development, including lists and analyses of the Siegers, Siegerins, Leistungssieger, and VA class dogs that form the foundation of today's German Shepherds. In recent decades, the breed has declined in both health and popularity as a working dog. After highlighting reasons for the breed's deterioration, the authors demand change for the breed they love and look forward to a future when the German Shepherd regains its status as the world's premier working dog. Anyone who breeds or trains this incredible dog needs this book.
