## AINSLEY LIN

*Terrific Tongue Twisters* Cambridge University Press

Ethnosensitive Dimensions of African Oral Literature: Igbo Perspectives is a collection of nineteen essays spanning all genres of African Oral literature, from the poetic genre to the rhetorical genre. Part One of the book is introductory, and includes three essays that are of a general kind, touching all aspects of the genres, while Part Two includes six essays concerned with the poetic genre. Part Three, made up of two essays and concern the prose genre while Part Four, of two essays, examines the drama genre. Part Five, made up of three essays, addresses the rhetorical genre, and Part Six has three essays that cut across all the genres. The contributions examine the implications of ethnocentric imperatives of oral literature in relation to nationalistic demands.

*Senor Pancho Had a Rancho* Independently Published

This is a colorfully illustrated book of tongue twisters created for all ages to enjoy. It was also written to provide a fun tool for those who are searching for speech therapy exercises to use with their children or clients.

*Body, Language and Meaning in Conflict Situations* Sterling

Fabulously fun for your family and friends, these tongue twisters can trip up even the most talented talker. Green goblins giggle in a dragon's dingy

domain. Worms writhe and snakes slither toward menacing mice, all while puppies prance perkily. Tongue twisters have been around since the first humans tried to speak to each other and stumbled over their words. Every language, including sign language has them because they're fun and challenging. They also have a practical benefit. Every culture admires the skill of being well spoken. This collection was written by an imaginative 10 year-old girl in speech therapy for an articulation problem. She disliked the drills she was given, so she created and illustrated a series of tongue twisters. After she graduated from art school many years later, she updated her favorites from the collection and illustrated them into this charming little book for other children to enjoy. Because they were originally written from the child's perspective, they're about the things children find interesting. Tongue twisters can benefit any child because being well spoken is a skill every successful person must have. Poor articulation and speech patterns are so ingrained into our culture that it's in the movies, music and every form of media children use. This simple and proven tool can help develop the skill of clear speech in any child - all while having fun. The book includes funny illustrations, and fun facts about each twister along with definitions for unfamiliar words. All of this combined makes this little book an interesting challenge few children can resist as they learn through play.

*40,000 Selected Words* John Wiley & Sons

An illustrated collection of hundreds of difficult tongue twisters, arranged alphabetically.

*How to Reach and Teach All Children Through Balanced Literacy* Routledge

This original research applies semiotics to linguistic and non-linguistic segments in a text in search of potential correlations between them. The

resultant mapping is applied to cases of gesture-word mismatches that are evident in conflict situations. The current study adopts the word systems approach, a sign-based theory that is naturally designed for the analysis of linguistic signs, and extends it to non-linguistic units, borrowing analytical tools from the field of dance movement therapy. The variety of interdisciplinary metaphorical and literal interpretations of the analyzed signs enriches the theoretical framework and facilitates examination of the instances of mismatches. Hence, this study makes a meaningful contribution to the understanding of linguistic/non-linguistic mismatches in situations of conflict. Further, it makes more general claims: the semiotic system underlying this study paves the way for further research of correlations (or lack thereof) between a range of phenomena cutting across sociology, sociolinguistics, psycholinguistics and political science.

Punsters of all ages will find plenty of gross-out amusement in this monster collection, from revolting riddles to icky rhymes.

*Wonderful English* Millbrook Press™

Is your voice sabotaging your first impression by being weak, croaky or nasal? Are people asking you to slow down or speak up when you talk? Do you find your voice hurts after a short speech or are your opinions being ignored? All of these factors are the results of poor speech habits which 'Speak and Be Heard' aims to remove from your vocal routine! 'Speak and Be Heard' contains a collection of 101 voice and breathing exercises suitable for beginners to accomplished Toastmasters aimed at naturally improving your voice. Written by voice actor and audiobook narrator Richard Di Britannia, his exercises aim to help you speak with confidence and curate a warm, rich, natural voice that people enjoy listening to. You will learn: Ways to empower yourself with three key concepts that create a great voice. How to identify weaknesses in your own voice and how to fix them. Exercises to rectify breathing problems and strengthen the muscles used when talking. How to make your voice deeper or higher in pitch. Routines to clearly vocalise all forty-four phonemes of the English language such as 'st', 'th', and drills on difficult to pronounce words. Unlike books dedicated to tongue twisters or recitations of long speeches which can be overwhelming, 'Speak and Be Heard' is even suitable for those with complex vocal issues. It deconstructs and rebuilds your voice through Di Britannia's bespoke system. If you struggle with a particular vocal sound, mouth-shape or just have an anxiety when talking, 'Speak and Be Heard' aims to help you overcome your weaknesses! Order the paperback and receive the Kindle edition for free!

**Carryover Techniques** African Heritage Press

A thrilling and propulsive novel of an Antarctica expedition gone wrong and its far-reaching consequences for the explorers and their families "leaves

the reader moved and subtly changed, as if she had become part of the story" (Hilary Mantel). Remember the training: find shelter or make shelter, remain in place, establish contact with other members of the party, keep moving, keep calm. Robert 'Doc' Wright, a veteran of Antarctic surveying, was there on the ice when the worst happened. He holds within him the complete story of that night—but depleted by the disaster, Wright is no longer able to communicate the truth. Instead, in the wake of the catastrophic expedition, he faces the most daunting adventure of his life: learning a whole new way to be in the world. Meanwhile Anna, his wife, must suddenly scramble to navigate the sharp and unexpected contours of life as a caregiver. From the Booker Prize-longlisted, American Academy of Arts & Letters Award-winning author of *Reservoir 13*, this is a novel every bit as mesmerizing as its setting. Tenderly unraveling different notions of heroism through the rippling effects of one extraordinary expedition on an ordinary family, *Lean Fall Stand* explores the indomitable human impulse to turn our experiences into stories—even when the words may fail us. *The Little Giant Book of Tongue Twisters* Prentice Hall

Tongue twisters are usually a set of words arranged in a particular way so as to make the movement of tongue, jaws and lips, making it difficult to read. Tongue twisters when read swiftly might end up in mispronunciations, confusions and mistakes by the speaker which will make the listeners giggle. Beside the fun side, they are of great help to improve your pronunciation and fluency over the language. Lets have a journey through some beautiful tongue twisters...

*Everything Your GRAMMAR BOOK Didn't Teach You* Pickle Partners Publishing

Are you looking for a fantastic way to help your children learn their letters and practice their phonics? Do you have a need for speech therapy children's books? *Wonderful English* AuthorHouse

Sixteen short stories told as tongue twisters including "Benje's Bakery" and "The Zany Zoo."

*A Little Giant Book - Really, Really Gross Jokes, Riddles and Tongue Twisters* RH Childrens Books

*Wonderful English* is a comprehensive tool for the identification and practice of common English sounds. It covers consonants, vowels, diphthongs and common consonant blends, with engaging tongue twisters, rhyme, song and alliterative verse. It also assists teachers in exploring common culture, values and experience, which is usually encountered and consolidated in child-hood. The book is designed for use by ESL teachers. It is suitable for both beginning and advanced stu-dents. Primary teachers, as well as teachers of elementary phonics, speech therapy and drama, likewise, will find it an enjoyable and useful reference work. Parents of young children may also find it useful.

*Tongue Twisters* Catapult

This book was written for non-native speakers of English and those learning English as a second or foreign language. This book is different from standard grammar books because it looks at grammar points that are easily and often confused either because of translation issues or simple misunderstandings. The points I've included here come from many years of experience helping people learn English and analyzing the most common errors that are made.

**99 Tortuous, Tricky, Tough Tongue Twisters** Turtleback Books

When it comes to having fun, everyone speaks the same language! "Old MacDonald Had a Farm" goes multicultural in this rollicking Spanish-English rendition. An abundance of onomatopoeia and tongue-twisters encourages children to laugh and sing along. The colorful illustrations perfectly match the silly text, comparing the two farms and their playful, singing animals. The barnyard animals on Old MacDonald's and Señor Pancho's farms have a hard time communicating. MacDonald's rooster says cock-a doodle-doo! while Señor Pancho's gallo says quiquiriquí. The English-speaking chick says peep, peep, but el pollito says pio, pio. Then the cow says moo—and la vaca says mu! Maybe they're not so different after all! The animals come together for a barnyard fiesta in a celebration of languages. A pronunciation guide is included for readers and teachers. This book was awarded Bank Street's Book of the Year.
