With The Ultimate Guide to Chakras, tune in to your chakras, the power centers connecting your physical body and the world of energy. Your chakras are the power centers that translate between the seen world of the physical body and the unseen world of energy. First discussed in ancient Hindu texts and studied for thousands of years in numerous spiritual traditions, including acupuncture, meditation, and yoga, chakras hold the key to our well-being. By tapping into the power of our chakras, we can live healthier, balanced, and more abundant lives. Athena Perrakis, leading metaphysical teacher and creator of the world's largest online metaphysical resource website, SageGoddess.com, addresses the nine major chakras we can tap into to balance, heal, and manifest. This guide explains how and why different crystals, essential oils, and sacred plants help to support each chakra. Each chapter of The Ultimate Guide to Chakras includes magical exercises for accessing the energy of each chakra, including meditations, journal exercises, and working with goddesses and spirit guides. Readers will even learn how to create a dedicated chakra altar. Lavishly photographed and illustrated, this guide promises to be an essential volume for beginners and experienced energy workers alike. The Ultimate Guide to... series offers comprehensive beginner's guides to discovering a range of mind, body, spirit topics, including tarot, divination, crystal grids, numerology, witchcraft, aromatherapy, and more. How to select your crystal First things first: Identify what you feel you're missing before looking into what stones can provide you. This will help you indicate what's going on within yourself before depending on outside sources. From there, just let your intuition choose what's best for you. Whether a crystal catches your eye or you can feel a physical pull toward one, your inner subconscious will help guide you to the crystal that's right for you. Once it's pick out, you can create the connection you need. How to care for your crystal When you first bring your crystal home, you'll want to cleanse away any negativity it may have picked up. You can hold it under cold, running water from a tap or rinse it in a natural source of water. Either way, be sure the water is cool, not warm or hot. Add a bit of sea salt to the cleanse or burn sage to really help it get rid of unwanted energies. You can also leave it out to dry in morning sunlight or full moon light to let the light filter through. It's not just about their physical care, though. For crystals to work their magic, you mentally have to remove the negative energy or skepticism you may have about their capabilities. It's important to respect what they can do for you.
