By day, the Duncans are an upstanding family who run a thriving car dealership in Queens. By night, they live a dangerous secret life! Carl Weber and Eric Pete deliver a thrilling underworld drama in *The Family Business*. L.C. Duncan, patriarch of

the family, is at the age when he's starting to think about retirement in sunny Florida. But the recession is taking a bite out of the business and, worrying more, he has to decide which of his children should take over. When his workaholic son Orlando gets the nod, Orlando's siblings—including the favorite son Vegas, conniving daughter London, glamorous party girl Paris

and flamboyant nightclub owner Rio are up in arms. But so are the Zunigas, a rival family whose fragile business alliance with the Duncans may explode at any moment. When Vegas suddenly breaks away from the family, London's lawyer husband, Harris, makes a play for the company and all hell breaks loose. Selling cars, it turns out, is only a small part of the Duncans'

family business. Each member of the family has a secret expertise to reveal. And now, under siege from the Mafia, Mexican drug cartels and the Zunigas, the Duncans will have to stick together—or die separately! *The Family Business* Springer

Times bestselling author Carl Weber and Essence bestseller La Jill Hunt return with a story of

love, money, power, and respect in the next addition of the popular Family Business series. Five years ago, Orlando Duncan created the perfect drug in HEAT. It made the Duncans more than two hundred and fifty million dollars and was on its way to making them billionaires. However, they abruptly stopped manufacturing the drug when it was proven to cause cancer in rats. Yes, even as

drug distributors, they still had a moral compass, placing lives over profit despite the overwhelming demand. When Orlando is awakened by an alarm in his old lab, he discovers that not only have all his computers, equipment, and notes been stolen, but the robbers have also taken over a million tabs of HEAT that he'd left behind for future experiments—tabs that he had sworn to

his family he would destroy. Dr. Brandi Richardson is one of the most brilliant research chemists in the world, but her propensity for cutting corners led to her firing from both Dow Chemicals and Dupont. She's now working at CVS as a clerk, but things are about to change for her in a big way. Billionaire Alexander Cora is known as the Moor by business associates and enemies. His company, Cora

International, is a publicly traded EU defense contractor. It is also a front for one of the largest weapons, drugs, and illegal contraband smuggling rings in the world. For some reason, he has set his sights on the Duncan family. That can't be good, because Alexander plays for keeps, and he has not been known to lose. Niles Monroe, the handsome hit man and Paris Duncan's one true love,

is back from the dead, and it's only a matter of time before he comes looking for her. These rich and powerful people are on a collision course. When the dust settles, who will still be alive, and who will be on top? [Keep the Family Baggage Out of the Family Business](#)

Duncan is the heir to the Duncan and Zuniga crime family fortunes, but before he can take the

mantle of power, he has to be educated about the family business. So, after the death of his girlfriend, he enrolls in his father's alma mater, Chi's Finishing School. Chi's is the world's most elite school for the children of underworld figures. On Nevada's first day of school, he hooks up with a group of misfits from around the world who quickly become his new best friends.

However, Nevada is unaware of the deadly adventure that awaits him with a sinister new enemy who is lurking in the shadows. Accustomed to relying on his family and his own superior intelligence, Nevada will soon learn the importance of friendship when the threats are aimed directly at him and he's the only Duncan around. Welcome to the world of Chi's Finishing School. Ride
