Social Justice Parenting Routledge
 Since the release in 1929 of a popular book series with bright yellow covers, the Italian word giallo (yellow) has come to define a whole spectrum of mystery and detective fiction and films. Although most English speakers associate the term giallo with the violent and erotic thrillers popular in the 1960s and 1970s from directors like Mario Bava, Dario Argento, Lucio Fulci and others, the term encompasses a wide range of Italian media such as mysteries, thrillers and detective stories--even comedies and political pamphlets. As films like *Blood and Black Lace* (1964) and *Deep Red* (1975) have received international acclaim, giallo is a fluid and dynamic

genre that has evolved throughout the decades. This book examines the many facets of the giallo genre --narrative, style, themes, and influences. It explores Italian films, made-for-TV films and miniseries from the dawn of sound cinema to the present, discussing their impact on society, culture and mores.

The Age of Surveillance Capitalism Harper Horizon

YOU DESERVE TO HAVE POWER. IT IS YOURS FOR THE TAKING. GENE SIMMONS IS HERE TO UNLOCK THE DOORS TO THE TEMPLE. Gene Simmons, KISS front-man, multi-hyphenate entrepreneur, and master of self-invention, shares his philosophy on power—how to attain it, how to keep it, and how to harness it as a driving force in business and in life. As co-founder of KISS, America's #1 gold record-award-winning group of all time, Simmons knows the thrill and seduction of power firsthand. But gold

records alone don't equal power. The decisions you make once you attain a certain level of success are what separate the pretenders from the pantheon. Inspired by Niccolo Machiavelli's *The Prince*, Simmons offers his unique take on the dynamics of power in every realm of life, from the bedroom to the boardroom, to the world of rock, celebrity, and social media, to politics. With one-of-a-kind anecdotes from his life and career, as well as stories from historical and contemporary masters of power, including Winston Churchill, Napoleon Bonaparte, Warren Buffett, Michael Jordon, Oprah, and Elon Musk, Simmons crafts a persuasive and provocative theory on how the pursuit of power drives civilization and defines our lives. The rules of power are changing in today's fast-paced, hyper-connected world in a way that Machiavelli never could have imagined, and we all need to learn to

adapt. Simmons tells readers: Ignore the negatives. Be unrelenting. Rise above the rest. You are the architect of your success. *Squirrel Hill* Hachette Books

A national bestseller! Breast cancer surgeon Dr. Kristi Funk offers a comprehensive and encouraging approach to breast care and breast cancer. Empower yourself with facts and strategies to understand your breasts, reduce your cancer risk, and open your eyes to interventions and treatments. Most women don't want to hear about breast cancer unless they have it and need to make some decisions, but these days news about breast cancer—the number one killer of women ages twenty to fifty-nine—is everywhere. Chances are you know someone who has had it. But did you know that choices you make every day bring you closer to breast cancer—or move you farther away? That there are ways to reduce your risk factors? And that many of the things you've heard regarding the causes of breast cancer are flat-out false? Based on Dr. Kristi Funk's experience as a board-certified breast cancer surgeon, she knows for a fact that women have the power to reduce breast cancer risk in dramatic ways. Many women believe that family history and genetics determine who gets breast cancer, but that's not true for most people. In fact, 87 percent of women diagnosed with breast cancer do not have a single first-degree relative with breast cancer. This book will help you: Learn the breast-health basics that every woman should know Reduce your cancer risk and recurrence risk based on food choices and healthy lifestyle changes backed by rigorous scientific research Understand the controllable and uncontrollable risk factors for breast cancer Outline your medical choices if you're at elevated risk for or are already navigating life with breast cancer There have been few solid guidelines on how to improve your breast health, lower your risk of getting cancer, and make informed medical choices after treatment—until now. With her book available in 10 languages and in more than 30 countries, Dr. Funk is passionate about her mission of educating as many women as possible about what they can do to stop breast cancer before it starts. Praise for *Breasts: The Owner's Manual*: "Dr. Funk writes *Breasts: The Owner's Manual* just like she talks: with conviction, passion, and a laser focus on you."—Dr. Mehmet Oz, Host of *The Dr. Oz Show* "Breasts: The Owner's Manual will become an indispensable and valued guide for women looking to optimize health and minimize breast illness."—Debu Tripathy, MD, Professor

and Chair, Department of Breast Medical Oncology, University of Texas MD Anderson Cancer Center "Breasts: The Owner's Manual not only provides a clear path to breast health, but a road that leads straight to your healthiest self. As someone who has faced breast cancer, I suggest you follow it."—Robin Roberts, Co-anchor, *Good Morning America*

The challenges to humanity posed by the digital future, the first detailed examination of the unprecedented form of power called "surveillance capitalism," and the quest by powerful corporations to predict and control our behavior. In this masterwork of original thinking and research, Shoshana Zuboff provides startling insights into the phenomenon that she has named surveillance capitalism. The stakes could not be higher: a global architecture of behavior modification threatens human nature in the twenty-first century just as industrial capitalism disfigured the natural world in the twentieth. Zuboff vividly brings to life the consequences as surveillance capitalism advances from Silicon Valley into every economic sector. Vast wealth and power are accumulated in ominous new "behavioral futures markets," where predictions about our behavior are bought and sold, and the production of goods and services is subordinated to a new "means of behavioral modification." The threat has shifted from a totalitarian Big Brother state to a ubiquitous digital architecture: a "Big Other" operating in the interests of surveillance capital. Here is the crucible of an unprecedented form of power marked by extreme concentrations of knowledge and free from democratic oversight. Zuboff's comprehensive and moving analysis lays bare the threats to twenty-first century society: a controlled "hive" of total connection that seduces with promises of total certainty for maximum profit -- at the expense of democracy, freedom, and our human future. With little resistance from law or society, surveillance capitalism is on the verge of dominating the social order and shaping the digital future -- if we let it.

NEW YORK TIMES BESTSELLER When they were kids in the suburbs of Los Angeles in the 1950s, Diane Keaton and her younger brother, Randy, were best friends and companions. But as they grew up, Randy became troubled, then reclusive. Before he was thirty, he was divorced, an alcoholic, a man who couldn't hold on to full-time work—his life a world away from his sister's, and from the rest of their family. Now Diane delves into the nuances of their shared, and separate, pasts to confront the difficult question of why and how Randy ended up living his life on "the other side of normal." In beautiful and fearless prose intertwined with journal entries, letters, and poetry—much of it Randy's own—and supplemented by personal photographs and artwork, this insightful, heartfelt memoir contemplates the inner workings of a family, the ties of love and responsibility that hold it together, and the special bond between siblings—even those who are pulled far apart.

The delicious, informative, and entertaining cookbook tie-in to PBS's Emmy Award-winning series *A Taste of History*. *A TASTE OF HISTORY COOKBOOK* provides a fascinating look into 18th and 19th century American history. Featuring over 150 elegant and approachable recipes featured in the *Taste of History* television series, paired with elegantly styled food photography, readers will want to recreate these dishes in their modern-day kitchens. Woven throughout the recipes are fascinating history lessons that introduce the people, places, and events that shaped our unique American democracy and cuisine. For instance, did you know that tofu has been a part of our culture's diet for centuries? Ben Franklin sung its praises in a letter written in 1770! With recipes like West Indies Pepperpot Soup, which was served to George Washington's troops to nourish them during the long winter at Valley Forge to Cornmeal Fried Oysters, the greatest staple of the 18th century diet to Boston's eponymous Boston Cream Pie, *A TASTE OF HISTORY COOKBOOK* is a must-have for both cookbook and history enthusiasts alike.

Who Says I Can't Cambridge University Press

Now a major Amazon film directed by

George Clooney and starring Ben Affleck, Tye Sheridan, Lily Rabe, and Christopher Lloyd, a raucous, poignant, luminously written memoir about a boy striving to become a man, and his romance with a bar, in the tradition of *This Boy's Life* and *The Liar's Club*—with a new Afterword. J.R. Moehringer grew up captivated by a voice. It was the voice of his father, a New York City disc jockey who vanished before J.R. spoke his first word. Sitting on the stoop, pressing an ear to the radio, J.R. would strain to hear in that plummy baritone the secrets of masculinity and identity. Though J.R.'s mother was his world, his rock, he craved something more, something faintly and hauntingly audible only in *The Voice*. At eight years old, suddenly unable to find *The Voice* on the radio, J.R. turned in desperation to the bar on the corner, where he found a rousing chorus of new voices. The alphas along the bar—including J.R.'s Uncle Charlie, a Humphrey Bogart look-alike; Colt, a Yogi Berra sound-alike; and Joey D, a softhearted brawler—took J.R. to the beach, to ballgames, and ultimately into their circle. They taught J.R., tended him, and provided a kind of fathering-by-committee. Torn between the stirring example of his mother and the lurid romance of the bar, J.R. tried to forge a self somewhere in the center. But when it was time for J.R. to leave home, the bar became an increasingly seductive sanctuary, a place to return and regroup during his picaresque journeys. Time and again the bar offered shelter from failure, rejection, heartbreak—and eventually from reality. In the grand tradition of landmark memoirs, *The Tender Bar* is suspenseful, wrenching, and achingly funny. A classic American story of self-invention and escape, of the fierce love between a single mother and an only son, it's also a moving portrait of one boy's struggle to become a man, and an unforgettable depiction of how men remain, at heart, lost boys. Named a best book of the year by *The New York Times*, *Esquire*, *The Los Angeles Times Book Review*, *Entertainment Weekly*, *USA Today*, NPR's "Fresh Air," and *New York Magazine* *A New York Times*, *Los Angeles Times*, *Wall Street Journal*, *San Francisco Chronicle*, *USA Today*, *Booksense*, and *Library Journal* Bestseller *Booksense Pick Borders New Voices* Finalist Winner of the Books for a Better Life First Book Award

The Big Music tells the story of John Sutherland of 'The Grey House', who is dying and creating in the last days of his life a musical composition that will define it. Yet he has little idea of how his tune will echo or play out into the world - and as the book moves inevitably through its themes of death and birth, change and stasis, the sound of his solitary story comes to merge and connect with those around him. In this remarkable work of fiction, Kirsty Gunn has created something as real as music or as magical as a dream. One emerges at the end of it altered and changed. Not so much a novel as a place the reader comes to inhabit and know, *The Big Music* is a literary work of undeniable originality and power.

On Power Tyndale House Publishers, Inc. In this thought-provoking and playful short story collection, David Foster Wallace nudges at the boundaries of fiction with inimitable wit and seductive intelligence. Wallace's stories present a world where the bizarre and the banal are interwoven and where hideous men appear in many guises. Among the stories are 'The Depressed Person,' a dazzling and blackly humorous portrayal of a woman's mental state; 'Adult World,' which reveals a woman's agonized consideration of her confusing sexual relationship with her husband; and 'Brief Interviews with Hideous Men,' a dark, hilarious series of imagined interviews with men on the subject of their relations with women. Wallace delights in leftfield observation, mining the absurd, the surprising, and the illuminating from every situation. This

collection will enthrall DFW fans, and provides a perfect introduction for new readers.

How Far You Have Come Bloomsbury Publishing USA

A piercing portrait of the struggles and triumphs of one of America's renowned Jewish neighborhoods in the wake of unspeakable tragedy that highlights the hopes, fears, and tensions all Americans must confront on the road to healing. Squirrel Hill, Pittsburgh, is one of the oldest Jewish neighborhoods in the country, known for its tight-knit community and the profusion of multigenerational families. On October 27, 2018, a gunman killed eleven Jews who were worshipping at the Tree of Life synagogue in Squirrel Hill—the most deadly anti-Semitic attack in American history. Many neighborhoods would be understandably subsumed by despair and recrimination after such an event, but not this one. Mark Oppenheimer poignantly shifts the focus away from the criminal and his crime, and instead presents the historic, spirited community at the center of this heartbreak. He speaks with residents and nonresidents, Jews and gentiles, survivors and witnesses, teenagers and seniors, activists and historians. Together, these stories provide a kaleidoscopic and nuanced account of collective grief, love, support, and revival. But Oppenheimer also details the difficult dialogue and messy confrontations that Squirrel Hill had to face in the process of healing, and that are a necessary part of true growth and understanding in any community. He has reverently captured the vibrancy and caring that still characterize Squirrel Hill, and it is this phenomenal resilience that can provide inspiration to any place burdened with discrimination and hate.

An instant national bestseller! Stanley McChrystal, the retired US Army general and bestselling author of *Team of Teams*, profiles thirteen of history's great leaders, including Walt Disney, Coco Chanel, and Robert E. Lee, to show that leadership is not what you think it is—and never was. Stan McChrystal served for thirty-four years in the US Army, rising from a second lieutenant in the 82nd Airborne Division to a four-star general, in command of all American and coalition forces in Afghanistan. During those years he worked with countless leaders and pondered an ancient question: "What makes a leader great?" He came to realize that there is no simple answer. McChrystal profiles thirteen famous leaders from a

wide range of eras and fields—from corporate CEOs to politicians and revolutionaries. He uses their stories to explore how leadership works in practice and to challenge the myths that complicate our thinking about this critical topic. With Plutarch's Lives as his model, McChrystal looks at paired sets of leaders who followed unconventional paths to success. For instance, . . . Walt Disney and Coco Chanel built empires in very different ways. Both had public personas that sharply contrasted with how they lived in private. · Maximilien Robespierre helped shape the French Revolution in the eighteenth century; Abu Musab al-Zarqawi led the jihadist insurgency in Iraq in the twenty-first. We can draw surprising lessons from them about motivation and persuasion. · Both Boss Tweed in nineteenth-century New York and Margaret Thatcher in twentieth-century Britain followed unlikely roads to the top of powerful institutions. · Martin Luther and his future namesake Martin Luther King Jr., both local clergymen, emerged from modest backgrounds to lead world-changing movements. Finally, McChrystal explores how his former hero, General Robert E. Lee, could seemingly do everything right in his military career and yet lead the Confederate Army to a devastating defeat in the service of an immoral cause. Leaders will help you take stock of your own leadership, whether you're part of a small team or responsible for an entire nation.

"A cross between *Carry On, Warrior* and *Everybody's Got Something*, *The Other Side of Yet* is a powerful memoir about loss, faith, and the power of the human spirit. Starting her professional career as a producer at *America's Most Wanted*, Michelle Hord was no stranger to tragedy. But when the unimaginable happened in her own family, Michelle's entire life crashed down around her. As she sought out a new blueprint for how to live in this new world, *The Book of Job* became her anchor, with one verse in particular standing out: "Though he slay me, yet will I trust in him" Job 13:15 King James Version (KJV). For Michelle, the concept of that 'yet' became an essential part of her life--one shaped by loss, yet filled with hope. This powerful memoir takes readers on a journey about creating a life of goodness and grace in the face of loss, injustice, or hardship. Michelle isn't interested in prosecuting her marriage, dwelling on what happened to her daughter, or pointing to God as her only salvation. In the pages of *The Other Side of Yet*, she invites readers to share not just her story, but to draw inspiration from her strength, her will to create goodness, and her defiant faith"--
