In the process of doing all the necessities, the marketer is logged on to a chat room where he or she interacts with other affiliates and those under that same program. This is where they can discuss things on how to best promote their products. There are things to be learned and it is a continuous process. Sharing tips and advices is a good way of showing support. Nothing like mentioning the persons, their sites and the process they have done that made everything worked. Of course, this will be published in the newsletters. Among the more important information that have been written already. The marketer still has time to write out recommendations to those who want credible sources for the products being promoted. There is also time to post some comments on how to be a successful affiliate marketer on a site where there are lots of wannabees. Two objectives done at the same time. The marketer gets to promote the product as well as the program they are in. Who knows, someone may be inclined to join. Time flies. Missed lunch but is quite contented with the tasks done. Bed time.... Ok, so this may not be all done in a day. But then, this gives you an idea of how an affiliate marketer, a dedicated one that is, spends the marketing day.
