Daily Math Practice, Grade 1 Om Books International

This Newbery Honor winner and #1 New York Times bestseller is a beloved modern classic. Hoot features a new kid and his new bully, alligators, some burrowing owls, a renegade eco-avenger, and several extremely poisonous snakes. Everybody loves Mother Paula's pancakes. Everybody, that is, except the colony of cute but endangered owls that live on the building site of the new restaurant. Can the awkward new kid and his feral friend prank the pancake people out of town? Or is the owls' fate cemented in pancake batter? Welcome to Carl Hiaasen's Florida—where the creatures are wild and the people are wilder!

You had better not monkey around when it comes to place value. The monkeys in this book can tell you why! As they bake the biggest banana cupcake ever, they need to get the amounts in the recipe correct. There's a big difference between 216 eggs and 621 eggs. Place value is the key to keeping the numbers straight. Using humorous art, easy-to-follow charts and clear explanations, this book presents the basic facts about place value while inserting some amusing monkey business.

This book is a complete guide for people who want to learn the Korean language, starting from the very beginning, and learn the alphabet and the correct sounds of vowels, consonants, and diphthongs. It was written for people who want an easy but systematic approach to the language. The writer is a non-native speaker who started learning the language from ZERO, just like you and spent years in Korea trying to reach a better level of proficiency in Korean. After a few weeks of study, you will study to recognize words, make sentences, and have simple (but miraculous) conversations with other Korean speakers!

Learned Optimism shows us how to stop automatically assuming guilt, how to get out of the habit of seeing the direst possible implications in every setback, and how to be optimistic. With concrete examples, Dr Seligman documents the effects of optimism on the quality of life, provides tests to determine the degree of our negative and positive orientation, and offers a program of specific exercises to help break the habit of pessimism and learn the habit of optimism for both ourselves and our children. Learn how to: Recognize your "explanatory style" - what to say to yourself when you experience set-backs and how it influences your life. Boost your mood and your immune system with healthful thoughts. Help your children to practice the thought patterns that encourage optimism. Break the "I-give-up" habit with Dr. Seligman's ABC techniques. Change your interior dialogue and experience the astonishing positive results.
