Weary of sleep solutions? Abandoned all hope of there being a solution for you and your child? The Sleep Nanny System will support you in finding an approach you can adapt according to your child and family dynamics. Based on a gentle method, with understanding your child at its core, this knowledge will help you form a Unique Sleep Plan. Lucy Shrimpton, certified sleep consultant and mother of two, brings to light the various causes of sleep problems from the perspective of different child temperaments and personalities. Lucy equips you with insights and recommendations for you to tailor a sleep plan that meets your child's unique need through: Highlighting the science behind sleep, providing an in-depth understanding of your child's sleep Use of the Pyramid of Parental Help to help establish an effective training approach Understanding sleep crutches and dummies and how these affect your child's sleeping patterns, including advice on how to ditch the dummy! Providing deeper insight on early risers and contributing factors Shedding light on the importance of naps and adapting these depending on how your child's night-time sleep is affected Re-establishing the importance of a routine and consistency and how to maintain this without upsetting your child.

**The Baby Sleep Solution** Scholastic Inc.

No-nonsense, sanity-saving insights from the Washington Post on Parenting columnist--for anyone who's drowning in parental pressure and advice

that doesn't work. Ever feel overwhelmed by the stress and perfectionism of our overparenting culture--and at the same time, still look for solutions to ease the struggles of everyday family life? Parenting coach and Washington Post columnist Meghan Leahy feels your pain. Like her clients and readers, she grew weary of the endless "shoulds" of modern parenting--along with the simplistic rules and advice that often hurt more than help. Filled with insights based on child development and hard-won lessons in the trenches, this honest guide presents a new approach, offering permission to practice imperfect parenting with a strong dose of common sense, empathy, and laughter. You'll gain perspective on trusting your gut, picking your battles, and when to question what's "normal" (as opposed to what works best for your child). Forget impossible standards and dogma, and serving organic salmon to four-year-olds. Forget helicopters, tiger moms, and being "mindful" in the middle of a meltdown (your child's or your own). Instead, discover relatable insights for staying connected to your child and true to the parent you want to be (and already are).

*The Blissful Baby Expert* Random House

Cuts through the confusion surrounding pregnancy and birth by debunking dozens of myths that mislead parents, offering explanations of medical terms, and covering a variety of issues including prenatal care, birth defects, and amniocentesis.

**The No-Cry Sleep Solution for Toddlers and Preschoolers: Gentle Ways to Stop Bedtime Battles and Improve Your Child's Sleep** Simon and Schuster

Sweet Sleep is the first and most complete book on nights and naps for breastfeeding families. It's mother-wisdom, reassurance, and a how-to guide for making sane and safe decisions on how and where your family sleeps, backed by the latest research. It's 4 A.M. You've nursed your baby five

times throughout the night. You're beyond exhausted. But where can you breastfeed safely when you might fall asleep? You've heard that your bed is dangerous for babies. Or is it? Is there a way to reduce the risk? Does life really have to be this hard? No, it doesn't. Sweet Sleep is within reach. This invaluable resource will help you • sleep better tonight in under ten minutes with the Quick Start guide—and sleep safer every night with the Safe Sleep Seven checklist • sort out the facts and fictions of bedsharing and SIDS • learn about normal sleep at every age and stage, from newborn to new parent • direct your baby toward longer sleep when he's ready • tailor your approach to your baby's temperament • uncover the hidden costs of sleep training and “cry it out” techniques • navigate naps at home and daycare • handle concerns from family, friends, and physicians • enjoy stories and tips from mothers like you • make the soundest sleep decisions for your family and your life Advance praise for Sweet Sleep “Chock-full of advice and information . . . The editors smartly break the information into digestible bits organized by topics and age ranges. And for any parent desperate for an uninterrupted few hours of sleep, the advice is worth the read. Sweet Sleep includes extensive information on creating a safe sleep space, helping children learn to sleep on their own and defusing criticism of your family's choices. . . . This book is nothing but supportive of whatever your choices are about nursing and sleeping.”—BookPage “An essential guide for parents . . . detailed, practical advice on bed sharing and breast-feeding, with basic guidelines for safe bed sharing outlined in seven steps.”—Publishers Weekly

*The Science of Mom* Penguin

"This is not a book about how to make your child into a genius, however. We firmly believe that every child is unique and intelligent in his own way. It is a book on how to understand and cope with your baby when he is difficult and how to enjoy him most as he grows. It is about the joys and sorrows of growing with your baby."—Publisher's website.

**I'm Just Happy to Be Here** Simon and Schuster

It is bedtime. . . . Are you sleepy? Bird's friends are settling in for the night. But Bird is not tired. His wings want to flap. His legs want to run. All of him wants to play! When will he ever go to sleep?! Spirited kids and exhausted parents will laugh their way to happy dreams in this hilarious and relatable take on bedtime featuring the lovable hero of Grumpy Bird, Boo Hoo Bird and Hungry Bird.

*Peaceful Parent, Happy Kids* Getting Your Baby to Sleep the Baby Sleep Trainer Way

Features instructions for runners of all ability levels on preparing for a marathon, including training schedules, advice on diet, defensive running strategies, and tips for staying motivated.

*Healthy Sleep Habits, Happy Twins* Health Communications, Inc.

Baby Sleep Training in 7 Days is the fastest, most effective method for sleep training your child and achieving long-term sleep success. Many babies are not naturally good sleepers—but they can be! From the founder of the Sleep, Baby, Sleep® baby sleep training program, Violet Giannone, comes Baby Sleep Training in 7 Days—a straightforward, 7-day program proven to help your child sleep better, quickly and successfully. In Baby Sleep Training in 7 Days, Violet narrows down exactly how to: prepare your child for sleep training, initiate the sleep training process, and ensure that good sleep habits continue after sleep training. Baby Sleep Training in 7 Days offers the support and guidance you need to confidently sleep train your child, including: A clear 7-day plan outlining what to do each day to help your child sleep better within one week. Before and after guidance to prepare you for the week of sleep training and set you up for success afterwards. Troubleshooting support that offers specific advice for course correcting if your baby has a sleep setback. If you're taking on the tough job of sleep training your child, you want it to work. Baby Sleep Training in 7 Days delivers what you need to confidently sleep train your child and start seeing results in one week.

**On Becoming Baby Wise** Penguin

I have a little shadow that goes in and out with me . . . Inside, outside, climbing up the stairs, or jumping into bed, your shadow may be following you! He may even be one step ahead as you run down the street! Complete with a cast of the whole family, a cat, a dog, and a teddy, this story is for everyone. Little ones who are just discovering their shadows for the first time will find inspiration between these pages, while older, more experienced kids are sure to learn new ways to play with their shadows. Get ready to laugh and giggle and then find the nearest light source and try out some shadows of your own! Sara Sanchez has created soft and inviting illustrations to creatively interpret Robert Louis Stevenson's original lines from the poem “My Shadow,” which was originally published in his classic for children, *A Child's Garden of Verses*. Sanchez's pictures are filled with humor and help propel this timeless poem into the twenty-first century. My Shadow is sure to become a bedtime favorite for the whole family. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

*On Becoming Baby Wise* Lomhara Press

"The magical book that will have your kids asleep in minutes." —The New York Post This groundbreaking #1 international bestseller is sure to calm racing minds and make bedtime easy and fun for kids and parents! Do you struggle with getting your child to fall asleep? Do anxiety or worries ever interfere with bedtime? Join parents all over the world who have embraced The Rabbit Who Wants to Fall Asleep as their new nightly routine. When Roger can't fall asleep, Mommy Rabbit takes him to see Uncle Yawn, who knows just what to do. Children will join Roger on his journey and be lulled to sleep alongside their new friend. Carl-Johan Forssén Ehrlin's simple story uses a unique and distinct language pattern that will help your child relax and fall asleep—at bedtime or naptime. Reclaim bedtime today! “A book whose powerfully soporific effects my son is helpless to resist.” —The New York Times New York Times Bestseller USA Today Bestseller Publishers Weekly Bestseller Translated into 46 Languages “On the cover of [The Rabbit Who Wants to Fall Asleep] there's a sign that reads, 'I can make anyone fall asleep'—and that's a promise sleep-deprived parents can't resist.” —NPR “For many parents, getting kids to fall asleep can be a nightmare. But [The Rabbit Who Wants to Fall Asleep] . . . promises to make the process easier and help kids to drift off to sleep faster.” —CBS News

*Precious Little Sleep* Rodale

The infant management concepts presented in this book have found favor with over two million parents and twice as many contented babies. On *Becoming Babywise* brings hope to the tired and bewildered parents looking for an alternative to sleepless nights and fussy babies. The Babywise Parent Directed Feeding concept has enough structure to bring security and order to your baby's world, yet enough flexibility to give mom freedom to respond to any need at any time. It teaches parents how to lovingly guide their baby's day rather than be guided or enslaved to the infant's unknown needs. The information contained within *On Becoming Babywise* is loaded with success. Comprehensive breast-feeding follow-up surveys spanning three countries, of mothers using the PDF method verify that as a result of the PDF concepts, 88% breast-feed, compared to the national average of only 54% (from the National Center for Health Statistics). Of these breast-feeding mothers, 80% of them breast-feed exclusively without a formula complement. And while 70% of our mothers are still breast-feeding after six months, the national average encourage to follow demand feeding without any guidelines is only 20%. The mean average time of breast-feeding for PDF moms is 33 1/2 weeks, well above the national average. Over 50% of PDF mothers extend their breast-feeding toward and well into the first year. Added to these statistics is another critical factor. The average breast-fed PDF baby sleeps continuously through night seven to eight hours between weeks seven and nine. Healthy sleep in infants is analogous to healthy growth and development. Find out for yourself why a world of parents and pediatricians utilize the concepts found in *On Becoming Babywise*.

*Why We Sleep* Ballantine Books

The go-to guide to getting infants and toddlers to fall and stay asleep, completely revised and updated Kim West, LCSW-C, known to her clients as The Sleep Lady®, has developed an alternative and effective approach to helping children learn to gently put themselves to sleep without letting them “cry it out” -- an option that is not comfortable for many parents. Essential reading for any tired parent, or any expectant parent who wants to avoid the pitfalls of sleeplessness, Good Night, Sleep Tight offers a practical, easy-to-follow remedy that will work for all families in need of nights of peaceful slumber! New material and updates include: New yoga recommendations Updated information for parents of young infants Expanded information on nighttime potty training Ending co-sleeping Sleep training for twins and multiples

*Sweet Sleep* Little, Brown Spark

From one of the nation's most trusted experts on children's bedtime and nap time comes a new guide for sleep-training twins so that everybody (including Mom and Dad) will be rested and happy! As parents of twins and multiples know, double the fun can be double the sleep deprivation. Now, in *Healthy Sleep Habits, Happy Twins*, beloved pediatrician and renowned sleep authority Dr. Marc Weissbluth combines specialized advice for parents of twins with his tried-and-true sleep-training methods to show exhausted moms and dads how to get their babies to sleep on their own, stay asleep, and sleep regularly. This essential step-by-step guide to establishing good sleep patterns reveals how to build healthy habits in twins' natural slumber cycles, including • how healthy sleep differs from “junk” sleep, plus a helpful tutorial on the techniques of sleep training for new parents • the five ingredients of healthy sleep, and why daytime sleep is different from nighttime sleep but equally important to good health • why it's crucial for babies to master the ability to fall asleep unassisted, without protest or crying, and how to help them do so • essential tips for synchronizing your twins' sleep schedules, plus information about how twins sleep best—when to keep them together, and when it's time to separate them • how to recognize early drowsy cues in your babies so you can catch the sleep wave before it turns into nervous energy that will keep them awake Sleep-training twins presents a unique set of challenges. This invaluable guide will not only get your babies to sleep through the night but help you stay healthy and rested so you can enjoy the many blessings of having more than one!

*The Helping Babies Sleep Method* RH Childrens Books

"A refreshingly raw, contrasting perspective on the foolproof idea of motherhood." -- POPSUGAR "By turns painful and funny... A searingly candid memoir." -- Kirkus "Far from your cookie-cutter story of addiction . . . [I'm Just Happy to Be Here] describes Hanchett's journey to recovery and sobriety in imperfect and unconventional ways." -- Bustle In this unflinching and wickedly funny memoir, Janelle Hanchett tells the story of finding her way home. And then, actually staying there. Drawing us into the wild, heartbreaking mind of the addict, Hanchett carries us from motherhood at 21 with a man she'd known three months to cubicles and whiskey-laden domesticity, from judging meth addicts in rehab to therapists who "seem to pull diagnoses out of large, expensive hats." With warmth, wit, and searing B.S. detectors turned mostly toward herself, Hanchett invites us to laugh when we probably shouldn't and to rejoice at the unconventional redemption she finds in desperation and in a misfit mentor who forces her to see the truth of herself. A story of ego and forced humility, of fierce honesty and jagged love, of the kind of failure that forces us to re-create our lives, Hanchett writes with rare candor, scorching the "sanctity of motherhood," and leaving beauty in the ashes.

**My Shadow** Ballantine Books

From the author of *Expecting Better* and *The Family Firm*, an economist's guide to the early years of parenting. “Both refreshing and useful. With so many parenting theories driving us all a bit batty, this is the type of book that we need to help calm things down.” —LA Times “The book is jampacked with information, but it's also a delightful read because Oster is such a good writer.” —NPR With *Expecting Better*, award-winning economist Emily Oster spotted a need in the pregnancy market for advice that gave women the information they needed to make the best decision for their own pregnancies. By digging into the data, Oster found that much of the conventional pregnancy wisdom was wrong. In *Cribsheet*, she now tackles an even greater challenge: decision-making in the early years of parenting. As any new parent knows, there is an abundance of often-conflicting advice hurled at you from doctors, family, friends, and strangers on the internet. From the earliest days, parents get the message that they must make certain choices around feeding, sleep, and schedule or all will be lost. There's a rule—or three—for everything. But the benefits of these choices can be overstated, and the trade-offs can be profound. How do you make your own best decision? Armed with the data, Oster finds that the conventional wisdom doesn't always hold up. She debunks myths around breastfeeding (not a panacea), sleep training (not so bad!), potty training (wait until they're ready or possibly bribe with M&Ms), language acquisition (early talkers aren't necessarily geniuses), and many other topics. She also shows parents how to think through freighted questions like if and how to go back to work, how to think about toddler discipline, and how to have a relationship and parent at the same time. Economics is the science of decision-making, and *Cribsheet* is a thinking parent's guide to the chaos and frequent misinformation of the early years. Emily Oster is a trained expert—and mom of two—who can empower us to make better, less fraught decisions—and stay sane in the years before preschool.

*Cribsheet* Ballantine Books

Aren't babies precious? So is sleep. Your baby is capable of sleeping through the night and this book will show you how. A whip smart and entertaining guide that focuses on WHY babies sleep the way they do, this book arms you with evidence-based and flexible tools that work for every unique situation so that you can teach your baby how to sleep well. This book will help you tackle the thorniest sleep snags, including: > Navigating the tricky newborn phase like a pro > Getting your child to truly sleep through the night > Weaning off the all-night buffet > Mastering the precarious tango that is healthy napping > Solving toddler and preschooler sleep struggles Sleep expert Alexis Dubief, of the wildly popular website, podcast, and group Precious Little Sleep, imparts effective, accessible, and flexible strategies based on years of research that will dramatically improve your child's sleep. You'll love the practical solutions and the way she presents them. And it works! Buy it now.

*Healthy Sleep Habits, Happy Child* Wonder Weeks

Elizabeth Pantley's breakthrough approach for a good night's sleep with no tears, enhanced with videos of the author answering parents' most asked questions! This enhanced eBook includes 14 exclusive videos by the author "At long last, I've found a book that I can hand to weary parents with the confidence that they can learn to help their baby sleep through the night--without the baby crying it out." --William Sears, M.D., Author of *The Baby Book* "When I followed the steps in this book, it only took a few nights to see a HUGE improvement. Now every night I'm getting more sleep than I've gotten in years! The best part is, there has been NO crying!" --Becky, mother of 13-month-old Melissa There are two schools of thought for encouraging babies to sleep through the night: the hotly debated Ferber technique of letting the baby "cry it out," or the grin-and-bear-it solution of getting up from dusk to dawn as often as necessary. If you don't believe in letting your baby cry it out, but desperately want to sleep, there is now a third option, presented in Elizabeth Pantley's sanity-saving book *The No-Cry Sleep Solution*. Elizabeth's successful solution has been tested and proven effective by scores of mothers and their babies from across the United States, Canada, and Europe. And now in response to weary parents asking for a little more guidance, Elizabeth has created fourteen brand-new videos exclusive to this enhanced eBook. Each of these three- to four-minute videos appears at the end of their specific chapter, summarizing what you have learned for quick recall or for those desperate moments when you've run out of ideas and need advice ASAP! Elizabeth gives you words of wisdom, tricks and tips, and soothing mantras, all that will help you get your baby sleeping. Tips from *The No-Cry Sleep Solution*: Uncover the stumbling blocks that prevent baby from sleeping through the night Determine -and work with--baby's biological sleep rhythms Create a customized, step-by-step plan to get baby to sleep through the night Use the Persistent Gentle Removal System to teach baby to fall asleep without breast-feeding, bottlefeeding, or using a pacifier *The No-Cry Sleep Solution* offers clearly explained, step-by-step ideas that steer your little ones toward a good night's sleep--all with no crying.

exclusively as an ebook. "I can't get my five-week-old to sleep in her crib" "My six-week-old resists his naps" "My baby is three months old and is still waking up throughout the night" Sleep is the number one issue that plagues parents from the moment they bring their baby home from the hospital. Even the lucky ones, whose babies are naturally good sleepers, wonder when their baby will finally sleep through the night. With reassuring, down-to-earth advice, Tracy Hogg's practical sleep program will help you overcome your baby's sleep problems and works with infants from as young as one day old.

**Secrets of the Baby Whisperer** Simon & Schuster

*Sleep: the Holy Grail* for parents of babies and small children. The secret to helping babies to sleep through the night is understanding their sleep cycles and the feeding/sleeping balance. This book provides simple and effective techniques to help parents establish positive sleep habits and tackle sleep problems without feeling under pressure to resort to rigid, inflexible strategies. Lucy Wolfe, the Sleep Fixer and Ireland's best-known sleep consultant, has developed a 'stay and support' approach with an emphasis on a child's emotional well-being, which has helped thousands of parents and babies around the world to achieve better sleep, with most parents reporting improvements within the first seven days of implementing the recommendations. - Discover the issues that prevent a child from sleeping through the night. - Learn about biological sleep rhythms and how feeding can affect them. - Create a customised, step-by-step plan to get your baby to sleep. - Use Lucy's unique two-fold sleep strategy which combines biological time keeping and gentle support to develop positive sleeping habits.

**The Sleepeasy Solution** Ballantine Books

"TRACY HOGG HAS GIVEN PARENTS A GREAT GIFT--the ability to develop early insight into their child's temperament." --Los Angeles Family When Tracy Hogg's *Secrets of the Baby Whisperer* was first published, it soared onto bestseller lists across the country. Parents everywhere became "whisperers" to their newborns, amazed that they could actually communicate with their baby within weeks of their child's birth. Tracy gave parents what for some amounted to a miracle: the ability to understand their baby's every coo and cry so that they could tell immediately if the baby was hungry, tired, in real distress, or just in need of a little TLC. Tracy also dispelled the insidious myth that parents must go sleepless for the first year of a baby's life--because a happy baby sleeps through the night. Now you too can benefit from Tracy's more than twenty years' experience. In this groundbreaking book, she shares simple, accessible programs in which you will learn: • E.A.S.Y.--how to get baby to eat, play, and sleep on a schedule that will make every member of the household's life easier and happier. • S.L.O.W.--how to interpret what your baby is trying to tell you (so you don't try to feed him when he really wants a nap). • How to identify which type of baby yours is--Angel, Textbook, Touchy, Spirited, or Grumpy--and then learn the best way to interact with that type. • Tracy's Three Day Magic--how to change any and all bad habits (yours and the baby's) in just three days. At the heart of Tracy's simple but profound message: treat the baby as you would like to be treated yourself. Reassuring, down-to-earth, and often flying in the face of conventional wisdom, *Secrets of the Baby Whisperer* promises parents not only a healthier, happier baby but a more relaxed and happy household as well.
