Literature often reflects societal change, but it can also effect change by inspiring people to think in new ways. Four authors who encourage readers to question traditional boundaries are Salman Rushdie, Julian Barnes, Jeanette Winterson and Angela Carter. This book takes an in-depth look at the works of these authors with specific emphasis on how they

challenge religion (especially in its fundamentalist forms) and its intersections with history, politics, gender and sexuality. The study notes both differences and similarities among the four authors, whose writings broadly represent the major themes in contemporary British literature. Divided into two primary sections, the volume first takes a look at Rushdie and Barnes and their stance regarding historical and political issues. The second section concentrates on gender and sexuality in the writings of Winterson and Carter. Among the works examined are Rushdie's *The Satanic Verses* and

Midnight's Children; Barnes' *Flaubert's Parrot* and *A History of the World in 10 1/2 Chapters*; Winterson's *Boating for Beginners* and *Written on the Body*; and Carter's *The Passion of New Eve* and *Heroes and Villains*. The final chapter includes a brief survey of other significant figures in postmodern British literature, including Martin Amis, Ian McEwan, D.M. Thomas, Fay Weldon and Emma Tennant. Jaurretche (English, U. of California-Los Angeles) traces the development of the Irish writer's mystical aesthetic through his

novels to its supreme culmination and negation in *Finnegan's Wake*. She also shows how the search to surmount all human categories and sensations in order to encounter the divine, arose and developed in the Middle Ages, and was transmitted into modernism during and just before Joyce's time.  "This innovative analysis shows how James Joyce uses the language of prayer to grapple with intangible things in his dreamlike masterpiece *Finnegans Wake*. Colleen Jaurretche moves beyond what scholars know about how Joyce wrote this work to suggest exactly why it follows the order it does in its finished form"--

FOR FICTION 2021 NATIONAL JEWISH BOOK AWARD WINNER A NEW YORK TIMES NOTABLE BOOK OF 2021 A WALL STREET JOURNAL BEST BOOK OF 2021 A KIRKUS BEST FICTION BOOK OF 2021 "Absorbing, delightful, hilarious, breathtaking and the best and most relevant novel I've read in what feels like forever." —Taffy Brodesser-Akner, *The New York Times Book Review* Corbin College, not quite upstate New York, winter 1959–1960: Ruben Blum, a Jewish historian—but not an historian of the Jews—is co-opted onto a hiring committee to review the application of an exiled Israeli scholar specializing in the Spanish Inquisition. When Ben Zion Netanyahu shows up for an interview, family unexpectedly in tow, Blum plays the reluctant host to guests who proceed to lay waste to his American complacencies. Mixing fiction with nonfiction, the campus novel with the lecture, *The Netanyahus* is a wildly inventive, genre-bending comedy of blending, identity, and politics that finds Joshua Cohen at the height of his powers. *Rap Music and Street Consciousness* Center Street

The author conveys his knowledge of

screenwriting in a straightforward fashion and answers the important questions which have to be considered at each stage of the process. this may be found and the essential qualities which must be present. Fascinating tricks of the trade which are applied instinctively by the professionals - such as vertical and linear stories, believable unbelievability, fourth walls and flashbacks, red herrings, time locks and telescoping of time are revealed in order that the reader too can learn to utilize them to give their work a professional feel. The author also covers such aspects as the building of characters, basic dos and don'ts, dialogue, discipline, timing, rewriting, polishing, ties and more.

In this first musicological history of rap music, Cheryl L. Keyes traces the genre's history from its roots in West African bardic traditions, the Jamaican dancehall tradition, and African American vernacular expressions to its permeation of the cultural mainstream as a major tenet of hip-hop lifestyle and culture. Rap music, according to Keyes, is a forum that addresses the political and economic disfranchisement of black youths and

other groups, fosters ethnic pride, and displays culture values and aesthetics. Blending popular culture with folklore and ethnomusicology, Keyes offers a nuanced portrait of the artists, themes, and varying styles reflective of urban life and street consciousness. Drawing on the music, lives, politics, and interests of figures including Afrika Bambaataa, the "godfather of hip-hop," and his Zulu Nation, George Clinton and Parliament-Funkadelic, Grandmaster Flash, Kool "DJ" Herc, MC Lyte, LL Cool J, De La Soul, Public Enemy, Ice-T, DJ Jazzy Jeff and the Fresh Prince, and The Last Poets, *Rap Music and Street Consciousness* challenges outsider views of the genre. The book also draws on ethnographic research done in New York, Los Angeles, Detroit and London, as well as interviews with performers, producers, directors, fans, and managers. Keyes's vivid and wide-ranging analysis covers the emergence and personas of female rappers and white rappers, the legal repercussions of technological advancements such as electronic mixing and digital sampling, the advent of rap music videos, and the existence of gangsta rap, Southern rap, acid rap, and

dance-centered rap subgenres. Also considered are the crossover careers of rap artists in movies and television; rapper-turned-mogul phenomenons such as Queen Latifah; the multimedia empire of Sean "P. Diddy" Combs; the cataclysmic rise of Death Row Records; East Coast versus West Coast tensions; the deaths of Tupac Shakur and Christopher "The Notorious B.I.G." Wallace; and the unification efforts of the Nation of Islam and the Hip-Hop Nation.

Brown Bag Lessons, The Magic of Bullet Writing centers on effective bullet writing and guarantees immediate improvement. Skillful writing doesn't have to be difficult. No other book approaches writing the way this book does, and no other book teaches these techniques. After reading this book, you will fully understand how to write strong bullets and "why" every word matters. In 2003 the author created a seminar to teach a fair and consistent process to evaluate recognition packages. This seminar transformed an entire organization within six months. Since then,

the techniques have decisively transformed the writing, recognition, and promotions of every organization applying them. The practices in this book continue to positively impact the Air Force and sister services through professional military education. In addition, the concepts have helped transitioning service members and college students better communicate acquired capabilities and competencies on their résumés. Read on to discover the "magic" and open your eyes to a brand new way to look at writing. The US Air Force promotion system emphasizes the importance of documenting your very best accomplishments. Under this system, promotion comes from the most recent performance reports, so Airmen must communicate the best accomplishments and not just words that fill the white space. This *Magic of Bullet Writing* will ensure you know how to articulate not just what you are doing but also convey your strongest competencies and capabilities so the promotion board can fully assess your readiness for promotion. Until We're Fish McFarland

Relational models theory, first developed by Alan Page Fiske, an anthropologist, provides a framework for understanding the psychological bases of social behavior that has in recent years attracted the interest of a diverse and growing group of behavioral and social scientists. It proposes that human activities are structured in accordance with four fundamental models--communal sharing, authority ranking, equality matching, and market pricing--different permutations of which guide thought and behavior in every domain of social life in all cultures. Just as children are biologically programmed to learn language, so are they prepared to recognize the models, which enable human beings to plan and generate their own action; to understand, remember, and anticipate that of others; to coordinate collective action and institutions; and to make moral judgments. This book offers a critical introduction to contemporary relational models theory and illustrates the ways in which it has illuminated a wide range of interpersonal phenomena and

stimulated research on individual psychology, collective behavior, and culture. Using methodologies that range from experimental to ethnographic, the authors--leading developmental, social and clinical psychologists, anthropologists, and specialists in organizational behavior and management--discuss the relational foundations of social cognition, the forms of action that create relationships in diverse cultures, perceptions of fairness and justice in families and organizations, emotions and values, moral outrage, interpersonal conflict, and emotional and personality disorders. Relational Models Theory lays out challenges to all who study interpersonal relationships and social processes in varying contexts, and points directions for future work.

Mastering the American Accent is an easy-to-follow approach for reducing the accent of non-native speakers of English. Well-sequenced

lessons in the book correspond over eight hours of audio files covering the entire text. The audio program provides clear models (both male and female) to help coach a standard American accent. The program is designed to help users speak Standard American English with clarity, confidence, and accuracy. The many exercises in the book concentrate on topics such as vowel sounds, problematic consonants such as V, W, TH, the American R and T and others. Correct lip and tongue positions for all sounds are discussed in detail. Beyond the production of sounds, the program provides detailed instruction in prosodic elements such as syllable stress, emphasis, intonation, linking words for smoother speech flow, common word contractions, and much more. Additional topics that often confuse ESL students are also discussed and explained. They include distinguishing between casual and formal speech, homophones (e.g., they're and there), recognizing words with silent letters (e.g., comb, receipt), and avoiding embarrassing pronunciation mistakes, such as mixing up "pull" and "pool." Students are familiarized with many irregular English spelling rules

and exceptions, and are shown how such irregularities can contribute to pronunciation errors. A native language guide references problematic accent issues for 13 different language backgrounds.

A Don Quixote for our times, *Until We're Fish* is an intimate exploration into the souls of people willing to sacrifice everything to be free.

The Sensual Philosophy Psychology Press
In this piercing and unforgettable memoir, the award-winning poet reflects on a year of turbulence, fear, and hope. For acclaimed British-Guyanese writer Fred D'Aguiar, 2020 was a year of personal and global crisis. The world around him was shattered by the impact of the Covid-19 pandemic, Black Lives Matter protests erupted across the United States,

California burned, and D'Aguiar was diagnosed with stage 4 cancer. *Year of Plagues* is an intimate, multifaceted exploration of these seismic events. Combining personal reminiscence and philosophy, D'Aguiar confronts profound questions about the purpose of pursuing a life of writing and teaching in the face of overwhelming upheavals; the imaginative and artistic strategies a writer can bring to bear as his sense of self and community are severely tested; and the quest for strength and solace necessary to help forge a better future. Drawn from two cultural perspectives—his Caribbean upbringing and his American lifestyle—D'Aguiar's beautiful and challenging memoir is a paean of resistance to despotic authority and life-threatening disease. In his first work of nonfiction, D'Aguiar subverts the traditional memoir with highly charged language that shifts from the lyrical to the quotidian, from the metaphysical to the personal. While his experience could not be darker, its rendering is tinged with light and joy, captured in prose that unfolds in wonderful, unexpected ways. Both tender and ferocious, *Year of Plagues* is a

harrowing yet uplifting genre-bending memoir of existence, protest, and survival. *Runaway Genres* Princeton University Press

A compelling account of how a group of Hasidic Jews established its own local government on American soil Settled in the mid-1970s by a small contingent of Hasidic families, Kiryas Joel is an American town with few parallels in Jewish history—but many precedents among religious communities in the United States. This book tells the story of how this group of pious, Yiddish-speaking Jews has grown to become a thriving insular enclave and a powerful local government in upstate New York. While rejecting the norms of mainstream American society, Kiryas Joel has been stunningly successful in creating a world apart by using the very instruments of secular political and legal power that it disavows. Nomi Stolzenberg

and David Myers paint a richly textured portrait of daily life in Kiryas Joel, exploring the community's guiding religious, social, and economic norms. They delve into the roots of Satmar Hasidism and its charismatic founder, Rebbe Joel Teitelbaum, following his journey from nineteenth-century Hungary to post-World War II Brooklyn, where he dreamed of founding an ideal Jewish town modeled on the shtetls of eastern Europe. Stolzenberg and Myers chart the rise of Kiryas Joel as an official municipality with its own elected local government. They show how constant legal and political battles defined and even bolstered the community, whose very success has coincided with the rise of political conservatism and multiculturalism in American society over the past forty years. Timely and accessible, *American Shtetl* unravels the strands of cultural and legal conflict that gave rise to one of the most vibrant religious communities in America, and reveals a way of life shaped by both self-segregation and unwitting assimilation.

Modern Sentimentalism examines how American female novelists reinvented sentimentalism in the modernist period. Just as the birth of the modern woman has long been imagined as the death of sentimental feeling, modernist literary innovation has been understood to reject sentimental aesthetics. Modern Sentimentalism reframes these perceptions of cultural evolution. Taking up icons such as the New Woman, the flapper, the free lover, the New Negro woman, and the divorcee, this book argues that these figures embody aspects of a traditional sentimentality while also recognizing sentiment as incompatible with ideals of modern selfhood. These double binds equally beleague the

protagonists and shape the styles of writers like Willa Cather, Edith Wharton, Anita Loos, and Jessie Fauset. 'Modern sentimentalism' thus translates nineteenth-century conventions of sincerity and emotional fulfillment into the skeptical, self-conscious modes of interwar cultural production. Reading canonical and under-examined novels in concert with legal briefs, scientific treatises, and other transatlantic period discourse, and combining traditional and quantitative methods of archival research, Modern Sentimentalism demonstrates that feminine feeling, far from being peripheral to twentieth-century modernism, animates its central principles and preoccupations. **Gertrude Stein and the Essence of what Happens** Independently Published An American author's tour of the Middle East--where his daughter was born, friends died, and a life was made.
