Explorer's Guide South Carolina (Explorer's Complete) Fodor's
A beautiful Southern city distinguished by its opulent homes, towering church steeples and hospitality, Charleston, South Carolina, has long been associated with the

genteel side of Southern living. However, beyond the outward appearances that most people associate with Charleston, there is another side that most visitors and residents would dare not believe is part of the very fabric from which the city's history was woven. *Wicked Charleston: The Dark Side of the Holy City*, by local resident and tour guide Mark R. Jones, opens the door to the dark alleys and seedy characters not often associated with the Charleston of today. From

the sexual escapades of an original Lord Proprietor and the comings and goings of the most notorious pirates, to secret brothels and nightclubs, Jones leads the reader back to a time when "drinking, eating and whoring with more than fifty wenches" was perhaps more common in the Holy City than one may imagine.

Bestselling author and renowned Buddhist teacher Noah Levine adapts the Buddha's Four

Noble Truths and Eight Fold Path into a proven and systematic approach to recovery from alcohol and drug addiction—an indispensable alternative to the 12-step program. While many desperately need the help of the 12-step recovery program, the traditional AA model's focus on an external higher power can alienate people who don't connect with its religious tenets. Refuge Recovery is a systematic method based on Buddhist principles, which integrates scientific, non-theistic,

and psychological insight. Viewing addiction as cravings in the mind and body, Levine shows how a path of meditative awareness can alleviate those desires and ease suffering. Refuge Recovery includes daily meditation practices, written investigations that explore the causes and conditions of our addictions, and advice and inspiration for finding or creating a community to help you heal and awaken. Practical yet compassionate, Levine's successful Refuge

Recovery system is designed for anyone interested in a non-theistic approach to recovery and requires no previous experience or knowledge of Buddhism or meditation.
