BRICE SINGLETON

Texas A&M University Press
 The author, Gregory Hugh Brown, is the grandson of the book's central character, Clover McKinley Palmer. The author's brother, James Roger Brown, did over thirty years of ancestral research which provided the inspiration for the stories and legends within *Fields of Clover*. The author and his brother are both MFA graduates of the School of the Art Institute of Chicago. Sadly his brother, an internationally acclaimed artist, passed away in 1997 shortly after finishing his ancestral work, entitled *Autobiography in the Shape of Alabama II*. This ancestral work fully documented and paid homage to our grandfather and his mother, Mary Dizenia Palmer. It is my intention with *Fields of*

Clover to honor these ancestors as well as my brother who did so much to make this book a reality.

The Tom Tyler Story LifeRich Publishing
FEATURES OF THE TEXAS ALMANAC 2014-2015 • Sketches of eight historic ranches of Texas by Texana writer Mike Cox. • Article on the Texas art and artists by Houston businessman and art collector J.P. Bryan, who has amassed the world's largest Texana collection. • Coverage of the 2012 elections, redistricting, and the 2012 Texas Olympic medalists. • An update on Major League Baseball in Texas. • Lists of sports champions — high school, college, and professional. **MAJOR SECTIONS UPDATED FOR EACH EDITION** • The Environment, including geology, plant life, wildlife, rivers, and lakes. • Weather highlights of the previous two years, plus a list of destructive weather dating from 1766. • Two-year Astronomical Calendar

that shows moon phases, times of sunrise and sunset, moonrise and moonset, eclipses, and meteor showers. • Recreation, with details on state and national parks and forests, landmarks, and fairs and festivals. • Sports, including lists of high school football and basketball champions, professional sports teams, Texas Olympians, and Texas Sports Hall of Fame inductees. • Counties section, with detailed county maps and profiles for Texas's 254 counties. • Population figures from the 2010 US Census and State Data Center estimates as of 2012. • Comprehensive list of Texas Cities and Towns. • Politics, Elections, and information on Federal, State, and Local Governments. • Culture and the Arts, including a list of civic and religious Holidays. • Religion census of 2010 by denomination and adherents; breakdown on metro areas and counties. • Health and

Science, with charts of vital statistics. • Education, including a complete list of colleges and universities, and UIL results. • Business and Transportation, with an expanded section on Oil and Gas. • Agriculture, including data on production of crops, fruits, vegetables, livestock, and dairy. • Obituaries of notable Texans. • Pronunciation Guide to Texas town and county names.

Proceedings of the State Historical Society of Wisconsin Lulu.com

Most writers and readers of history have at one time or another wished that they could have been at some particular defining event in history. Whether it was a moment of a great decision, a major turning point that changed everything, or simply an intriguing occurrence, many scholars and others have on occasion wished that they “could have been there.” Texas history provides infinite Lone Star episodes to consider, rooted in the widespread assumption that Texas is a colorful, unique, and exceptional place with larger-than-life heroes and narratives. Mary L. Scheer has assembled fifteen contributors to explore special moments in Texas history. The contributors assembled for this anthology represent many of the “all stars” among Texas historians: two State Historians of Texas, two past presidents of TSHA, four current or past presidents of ETHA, two past presidents of WTHA, nine fellows of historical associations, two Fulbright Scholars, and seven award-winning authors. Each is an expert in his or her field and provided in some fashion an answer to the question: At what moment in Texas history would you have liked to have been a “fly on the wall” and why? The choice of an event and the answers were both personal and individual, ranging from familiar topics to less well-known subjects. One wanted to be at the Alamo. Another chose to explore when Sam Houston refused to take a loyalty oath to the Confederacy. One chapter follows the first twenty-four hours of Lyndon Baines Johnson’s presidency after Kennedy’s assassination. Others write about the Dust Bowl coming to Texas, or when Texas Southern University was created. Their respective essays are not written as isolated occurrences or “moments,” but as causal developments presented within the larger social and political context of the period.

A Biographical Dictionary of Silent Film Western Actors and Actresses University of North Texas Press

This FULL COLOR textbook is based on the premise that God created the world approximately 6,000 years ago. It takes key events from both the Bible and world

history and places them into a single time line. Great care is taken to separate fact from myth so that students can clearly understand how history unfolded from 1,000 B.C. to 1 B.C. Photographs throughout the text enhance the student's learning. After completing the ancient history section, students will embark on a journey through an American history time line beginning with the Declaration of Independence in 1776 and ending in 1850.

Conflict And Commerce On The Rio Grande University of Oklahoma Press

Laredo is a city at the crossroads of North American history. Founded by the Spanish in 1755, it has stood at the intersection of regional commerce since its earliest days. Now, John A. Adams, Jr. provides the first-ever panoramic business and economic history of Laredo. He traces the evolution of the region from its early days as a ranching center into the mid-twentieth century, when Laredo had become what it remains today: a booming port of trade and a principal center of commerce and financial services on the southern border of the United States. In *Commerce and Conflict on the Rio Grande* Adams demonstrates how the increasingly diversified economy of the region fed the fortunes of the city. His narrative, buttressed throughout by tables and statistics, paints a vivid mural of both the economic forces and the farsighted and ambitious individuals that combined to bring prosperity to this unique American city. Readers will find a wealth of insights

into regional economics, history, and borderlands themes.

The Republican Vision of John Tyler

Boston, Houghton

But all that changed after September 14, 1919, when a massive hurricane struck the bay and buried the downtown area under ten feet of debris. Estimates of the death toll ranged from nearly 300 to 1,000, and the storm left millions of dollars of damage in its wake. The citizens of Corpus Christi, however, rather than being demoralized, were galvanized by the disaster. In gripping detail, author Mary Jo O'Rear chronicles the successful efforts of the newly unified Corpus Christi, efforts that culminated in the dedication of the Port of Corpus Christi on September 14, 1926 - seven years to the day after the storm that devastated the city.

Eavesdropping on Texas History

University of Oklahoma Press

Along with the settlement of the Texas frontier came rustlers, public drunks, gunfighters, and other outlaws. A jail in which to incarcerate the lawbreakers was thus often the first public building raised in a new town. Later, as government developed, public buildings—notably county courthouses and jails—assumed not only practical but also symbolic importance. The architecture of these buildings in the nineteenth century reflected the power and status with which the community imbued the government; many of the same architects applied the aesthetic standards of the day to both. In later years, the safety and at least limited comfort of the prisoners became concerns and jails were remodeled or abandoned to other uses in favor of modern, more utilitarian structures. In this heavily illustrated guide to the historic county jails of Texas, Ed Blackburn Jr. takes readers to each of the 254 counties in the state, presenting brief histories and of the counties and their structures that housed their criminals. He provides general information about the architecture and location of the buildings and, when possible, describes the present uses of those that have been decommissioned. Interviews with local officials, historians, and newspaper publishers have yielded colorful anecdotes for many of the jails. Revealing photographs of many of the old jails have been gathered from local and archival sources, and Blackburn himself has taken pictures of extant buildings. Together, these words and images not only provide a survey of the way Texans have housed their criminals, but also, with the aid of thumbnail maps of county locations, offer residents and tourists throughout the state a guide to a

fascinating aspect of architectural and cultural history.

Honour of Kings Ancient and American History Book 2 FULL COLOR TEXT Arcadia Publishing

Historians have generally ranked John Tyler as one of the least successful chief executives, despite achievements such as the WebsterAshburton treaty, which heralded improved relations with Great Britain, and the annexation of Texas. Why did Tyler pursue what appears to have been a politically selfdestructive course with regard to both his first party, the Democrats, and his later political alliance, the Whigs? Monroe has set out to explain the beliefs that led to Tyler=s resigning his Senate seat and exercising politically suicidal presidential vetoes as well as examines the crises Tyler faced during his term in the House: the Panic of 1819, the financially tottering national bank, and the Missouri debate.

Proceedings of the Society at Its ... Annual Meeting Texas A&M University Press

Kindness isn't merely about getting along with people and being nice. It's a game changer in business, the door-opener to opportunity, and the key to authenticity and confidence. Discover the true potential of kindness and harness its power. Through years of developing her own kindness practices and studying those of others, Good Morning America correspondent and ABC News journalist Adrienne Bankert has experienced firsthand the unbeatable power of kindness and witnessed its transformative impact on others. Adjusting our perspective from being closed off and self-centered to a mindset of kindness ripples into a staggering amount of personal fulfillment and growth. No matter our age or ethnicity, where we come from, or how much money we make, every one of us can be kind. Every one of us can be a change agent. In *Your Hidden Superpower*, Adrienne will help you: See simple acts of kindness from a new and empowering perspective; Learn how to make kindness a habit and experience more peace, inspiration, and impact; Engage kindness at work and enjoy remarkable opportunities—plus, know how to get from “here” to “there” quickly; and Activate kindness as a force to reconnect you to your authentic self, replenish your passion and creativity, and find your voice. *Your Hidden Superpower* describes how kindness is a superpower that can be honed through an intentional lifestyle of kindness and is especially important in these divisive times.

Eavesdropping on Texas History

This new edition takes you off the major highways to discover the sights, scenes, history, and places that make the Lone Star State unique.

Directory of History Departments and Organizations in the United States and Canada McFarland

An inspirational fictional story about a young man's quest to find a Brahma bull sold illegally into the rodeo circuit. A unique pet (Tuff Bramble), he and his father raised it from birth. Jacob's search rekindles the values and respect he has for his father and grandfather. This two-and-a-half-year modern-day quest leads him into the professional rodeo circuit, culminating in an epic championship win at the nationals in Sedona, Arizona. This is a story about a boy who had traveled with his parents, crossing the country in the rodeo circuit. After his parents are killed in a tragic car accident, he is sent to an orphanage until he was of age to go out on his own. In an effort to find new friends, he gets involved in illegal things and finds himself in a man's prison. Lucky enough to have people who knew his deceased parents, he is nurtured and protected. After serving some years, he is released and finds himself wandering on a lonely highway in Eastern Texas. Hungry and thirsty and feeling weak, he stumbles upon a dwindling ranch in need of repairs. With great help from God, the rancher recognizes the young man and takes him in. Several years later, he marries the rancher's daughter and has a son. From birth, he teaches his son all he knows of ranching and animals. He also raised two orphaned girls and treats them as his own. Eighteen years later, he has a sudden heart attack and passes away. His son gives up a college career to go in search of the pet Brahma bull his father and he had raised from a sickly calf. This two-year search culminates in a professional rodeo career and an entourage of people who greatly love and respect him in his search. With some turmoil and special people along the way, the young man finds his special pet and is determined to overcome great odds to win him back. With a stunning and violent ending, the young man overcomes the odds and wins with a spectacular ending.

Disasters, Accidents, and Crises in American History Christian Faith Publishing, Inc.

For a half century, John Ellis Wool (1784–1869) was one of America's most illustrious figures—most notably as an officer in the United States Army during the War of 1812, the Mexican-American War, and the Civil War. At the onset of the

Civil War, when he assumed command of the Department of the East, Wool had been a brigadier general for twenty years and, at age seventy-seven, was the oldest general on either side of the conflict. *Courage Above All Things* marks the first full biography of Wool, who aside from his unparalleled military service, figured prominently in many critical moments in nineteenth-century U.S. history. At the time of his death in 2016, Harwood Hinton, a scholar with an encyclopedic knowledge of western history, had devoted fifty years to this monumental work, which has been completed and edited by the distinguished historian Jerry Thompson. This deeply researched and deftly written volume incorporates the latest scholarship to offer a clear and detailed account of John Ellis Wool's extraordinary life—his character, his life experiences, and his career, in wartime and during uneasy periods of relative peace. Hinton and Thompson provide a thorough account of all chapters in Wool's life, including three major wars, the Cherokee Removal, and battles with Native Americans on the West Coast. From his distinguished participation in the War of 1812 to his controversial service on the Pacific coast during the 1850s, and from his mixed success during the Peninsula Campaign to his overseeing of efforts to quell the New York City draft riots of 1863, John Ellis Wool emerges here as a crucial character in the story of nineteenth-century America—complex, contradictory, larger than life—finally fully realized for the first time.

Fields of Clover HarperCollins Leadership The North American B-45 Tornado was America's first jet bomber and was used in a number of vital missions for nearly a decade. Drawing from declassified secret documents, this history explains the bomber's use in strategic reconnaissance and atomic-weapon strike missions from its 1944 development to its role in the Cold War. The book includes numerous photographs and more than 100 interviews with pilots, navigators, and ground personnel.

Includes these new feature articles: • **WATER** — An in-depth overview of the state of water in Texas, written by conservationist Dr. Andrew Sansom. Author of the acclaimed book *Water in Texas*, Dr. Sansom provides compelling new information in this Almanac article. A former executive director of both the Texas Parks and Wildlife Department and the Texas Nature Conservancy, he has won many awards for managing and protecting natural resources and currently is Research Professor of Geography and

Executive Director of The Meadows Center for Water and the Environment at Texas State University. • HUNTING — A look at the popularity of hunting in Texas by Luke Clayton, a longtime outdoors writer, radio host, and book author. Clayton, who grew up hunting and fishing in rural northeast Texas, also discusses the overpopulation problem of wild hogs and provides his favorite recipes for all types of wild game. A prolific voice for hunters, Clayton hosts three weekly outdoors radio shows, writes a weekly hunting and fishing column that appears in more than 30 newspapers, and writes for magazines, such as Texas Parks & Wildlife magazine and Texas Wildlife. • SPORTSWOMEN — Cookbook author and food editor Dotty Griffith writes about women who love both hunting and fishing, and she offers up a few of her favorite recipes. • FISHING — Fishing guide and expert Kevin "K.T." Townsend writes about angling in Texas. Townsend is the author of the online blog K.T. Diaries and gives an overview of both saltwater and freshwater fishing from the Gulf Coast to the state's many rivers, lakes, and reservoirs. MAJOR SECTIONS UPDATED FOR EACH EDITION An illustrated History of the Lone Star State. The Environment, including geology, plant life, wildlife, rivers, lakes. Weather highlights of the previous two years, plus a list of destructive weather dating from 1766. Two-year Astronomical Calendar showing moon phases, sunrise and sunset, moonrise and moonset, eclipses, and meteor showers. Recreation, with details on state and national parks, landmarks, and wildlife refuges. Sports, including lists

of high school football and basketball champions, professional sports teams, Texas Olympians, and Texas Sports Hall of Fame inductees. Counties, an expansive section featuring detailed county maps, locator maps, and profiles of Texas' 254 counties. Population figures and the latest estimates from the State Data Center. Comprehensive list of Texas cities and towns. Politics, Elections, and information on Federal, State, and Local governments. Culture and the Arts, including a list of civic and religious Holidays. Health and Science, with charts of vital statistics. Education, including a complete list of colleges and universities, and UIL results. Business and Transportation, with an expanded section on Oil and Gas. Agriculture, including data on production of crops, fruits, vegetables, livestock, and dairy. Obituaries of notable Texans. A Pronunciation Guide to Texas town and county names.

[History of American Journalism](#) Texas A&M University Press

Many people are surprised to learn that the city of Amarillo was actually founded twice. Originally settled by J. T. Berry in April 1887 and known as Oneida, the site of the town was located on such low ground that many residents feared it was susceptible to flooding. In 1888, one concerned resident named Henry B. Sanborn began buying land a mile east of the site as a potential place to relocate the town. In 1889, the town's fears came to fruition when heavy rains flooded the original town site, prompting residents to

move to Sanborn's new location. The town went on to become one of the world's busiest cattle shipping points in the late 1890s, causing its population to grow significantly. Today Amarillo is the largest city in the Texas Panhandle, and its economy continues to thrive on cattle, along with agriculture, oil, and natural gas. *Proceedings of the Society at Its 34th-Annual Meeting ...* Texas A&M University Press

Long before sound became an essential part of motion pictures, Westerns were an established genre. The men and women who brought to life cowboys, cowgirls, villains, sidekicks, distressed damsels and outraged townspeople often continued with their film careers, finding success and fame well into the sound era--always knowing that it was in silent Westerns that their careers began. More than a thousand of these once-silent Western players are featured in this fully indexed encyclopedic work. Each entry includes a detailed biography, covering both personal and professional milestones and a complete Western filmography. A foreword is supplied by Diana Serra Cary (formerly the child star "Baby Peggy"), who performed with many of the actors herein.

[Backroads of Texas](#) Xulon Press

This biography details the life and career of Vivian Castleberry, a Dallas women's page editor, women's rights advocate, and newspaper pioneer in the post-World War II era. Her career demonstrates what women journalists were able to accomplish both behind the scenes and in the public sphere.
