Broken Idols of the English Reformation
Open Road Media

In 1829 Robert Southey published a book of his imaginary conversations with the original Utopian: Sir Thomas More; or Colloquies on the Progress and Prospects of Society. The product of almost two decades of social and political engagement, Colloquies is Southey's most important late prose work, and a key text of late 'Lake School' Romanticism. It is Southey's own

Espriella's Letters (1807) reimagined as a dialogue of tory and radical selves; Coleridge's Church and State (1830) cast in historical dramatic form. Over a series of wide-ranging conversations between the Ghost of More and his own Spanish alter-ego, 'Montesinos', Southey develops a richly detailed panorama of British history since the 1530s- from the Reformation to Catholic Emancipation. Exploring issues of religious toleration, urban poverty, and constitutional reform, and mixing the genres of dialogue, commonplace book, and picturesque guide, the Colloquies became a source of challenge and inspiration for important

Victorian writers including Macaulay, Ruskin, Pugin and Carlyle.

New York Magazine Andrea Vassell
New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

The Scandal of the Evangelical Mind
Aspen Publishing

"Gloria Ladson-Billings provides a perceptive and interesting account of

what is needed to prepare novice teachers to be successful with all students in our multicultural society. This book is a must reading for all those entering the profession of teaching today and for those who prepare them for this important work." --Ken Zeichner, associate dean and professor of curriculum and instruction, School of Education, University of Wisconsin-Madison "The multiple voices in Gloria Ladson-Billings's book are compelling, provocative, and insightful—they provide a powerful 'insider' perspective on what it really means to learn to teach all children well." --Marilyn Cochran-Smith, professor of education and editor, Journal of Teacher Education, Boston College, School of Education "Ladson-Billings, one of the stellar researchers and

most passionate advocates for social justice, has written yet another masterpiece. By weaving the novice teachers' voices, her personal teaching journey, and language rich in compelling research and inspiring metaphors, Ladson-Billings has documented how new teachers transform schools and teach poor children of color." --Jacqueline Jordan Irvine, Candler Professor of Urban Education, Emory University, Division of Educational Studies "Masterful teacher and teacher-educator Gloria Ladson-Billings has given us--in highly readable form--a brilliant vision of what teacher education might become. In *Crossing Over to Canaan* we get a glimpse of how a carefully constructed teacher education program focused on teaching for social

justice can produce excellent teaching, even by young, middle-class teachers-in-training, in diverse educational settings." --Lisa D. Delpit, Benjamin E. Mays Professor of Educational Leadership, Georgia State University The author of the best-selling book *The Dreamkeepers* shows how teachers can succeed in diverse classrooms. Educating teachers to work well in multicultural classrooms has become an all-important educational priority in today's schools. In *Crossing Over to Canaan*, Gloria Ladson-Billings details the real-life stories of eight novice teachers participating in an innovative teacher education program called *Teach for Diversity*. She details their struggles and triumphs as they confront challenges in the classroom and respond with innovative strategies that turn

cultural strengths into academic assets. Through their experiences, Ladson-Billings illustrates how good teachers can meet the challenges of teaching students from highly diverse backgrounds--and find a way to "crossover to Canaan." She offers a model of teaching that focuses on academic achievement, cultural competence, and socio-political consciousness. Drawing from her own experiences as a young African-American teacher working in Philadelphia, she successfully weaves together narrative, observation, and scholarship to create an inspirational and practical book that will help teachers everywhere as they work to transcend labels and categories to support excellence among all students.

Haldeman-Julius Monthly McFarland

In the summer of 1995, Andrea Vassell's life changed in the blink of an eye when she met a wealthy Goldman Sachs partner named Jim Lane who had traveled from New York to Chicago and made a reckless decision that would alter the course of both of their lives. At the time they met, Andrea was a twenty-year-old college student living a quiet life in a Chicago suburb with her family, and Jim was a forty-three-year-old Wall Street executive suffering from severe alcoholism and struggling to cope with the stress and isolation that comes along with working in the financial industry. After meeting under very difficult circumstances, the two entered into an unhealthy relationship that would come back to haunt them twenty years later when Andrea discovered that the man

she'd known in her youth was not only a successful financier, but also the founder and leader of one of the most influential religious organizations in America called The New Canaan Society. This shocking discovery would ultimately reveal the great lengths religious leaders are willing to go to in order to conceal their secrets and maintain their reputations.

Rise of American Democracy Farrar, Straus and Giroux

Why were so many religious images and objects broken and damaged in the course of the Reformation? Margaret Aston's magisterial new book charts the conflicting imperatives of destruction and rebuilding throughout the English Reformation from the desecration of images, rails and screens to bells, organs and stained glass windows. She

explores the motivations of those who smashed images of the crucifixion in stained glass windows and who pulled down crosses and defaced symbols of the Trinity. She shows that destruction was part of a methodology of religious revolution designed to change people as well as places and to forge in the long term new generations of new believers. Beyond blanked walls and whited windows were beliefs and minds impregnated by new modes of religious learning. Idol-breaking with its emphasis on the treacheries of images fundamentally transformed not only Anglican ways of worship but also of seeing, hearing and remembering. The Gospel of Life Verso Books

At Canaan's Edge concludes America in the King Years, a three-volume history

that will endure as a masterpiece of storytelling on American race, violence, and democracy. Pulitzer Prize-winner and bestselling author Taylor Branch makes clear in this magisterial account of the civil rights movement that Martin Luther King, Jr., earned a place next to James Madison and Abraham Lincoln in the pantheon of American history.

The Merritt Parkway Church Publishing
A timely update of a comprehensive & acclaimed series that was granted an Award of Merit from the American Association for State & Local History.
A Commentary on the Old and New Testaments Yale University Press
National Book Award Finalist: “This man’s ideas may be the most influential, not to say controversial, of the second half of the twentieth

century.”—Columbus Dispatch At the heart of this classic, seminal book is Julian Jaynes's still-controversial thesis that human consciousness did not begin far back in animal evolution but instead is a learned process that came about only three thousand years ago and is still developing. The implications of this revolutionary scientific paradigm extend into virtually every aspect of our psychology, our history and culture, our religion—and indeed our future. “Don’t be put off by the academic title of Julian Jaynes’s *The Origin of Consciousness in the Breakdown of the Bicameral Mind*. Its prose is always lucid and often lyrical...he unfolds his case with the utmost intellectual rigor.”—The New York Times “When Julian Jaynes . . . speculates that until late in the twentieth

millennium BC men had no consciousness but were automatically obeying the voices of the gods, we are astounded but compelled to follow this remarkable thesis.”—John Updike, *The New Yorker* “He is as startling as Freud was in *The Interpretation of Dreams*, and Jaynes is equally as adept at forcing a new view of known human behavior.”—*American Journal of Psychiatry*

The New English Canaan of Thomas Morton John Wiley & Sons

Leadership for Lawyers is the first coursebook targeted for leadership courses in law schools. Now in its third edition, this text combines excerpts from leading books and articles, accessible background material, real-world problems and case histories, class

exercises, and references to news and entertainment media in areas of core leadership competencies. Author Deborah L. Rhode has edited four well-respected books on leadership, developed one of the first law school courses on leadership, and written widely on the subject in law reviews and mainstream media publications. New to the Third Edition: Increased coverage of diversity and inclusion New discussion of stress, wellness, and time management Coverage of recent ethical scandals and dilemmas Updated problems, exercises, and media clips Professors and students will benefit from: Excerpts from foundational texts, engaging overviews of core concepts, discussion questions, class problems, and exercises that address real-world issues. Links to short

segments from movies, documentaries, and news broadcasts for each major topic. Materials on moral leadership and scandals that make for highly engaging discussion on “how the good go bad.” Coverage including key theoretical and empirical issues concerning the nature and qualities of leadership, the role of ethics, gender, racial, ethnic, and other forms of diversity, pro bono and public interest work, and core competencies such as decision making, influence, communication, conflict resolution, innovation, crisis management, stress and time management, and social and organizational change.

A neglected classic, unpublished until now, *Bitter Canaan* is a historical-sociological account of Liberian society. Written in 1930 and revised in 1948 by the influential, pioneering black sociologist Charles S. Johnson, it has remained talked about but unknown. Founded in 1821, Liberia was conceived as a haven for freed American slaves. Johnson traces the historical development of American race relations that lead to the emigration of thousands of blacks to Liberia. The struggles in leaving America and settling the African wilderness are detailed. He shows how a Liberian nationality evolved and how the social, economic, and political foundations of the nascent state affected its history. His critical study of American corporate intervention in Liberian society

in the twentieth century has the flair of contemporary political analysis.

The New-York Christian Messenger, and Philadelphia Universalist Wm. B.

Eerdmans Publishing

A memoir by the influential Grammy Award-winning singer and actor - son of journalist Loudon Wainwright, father of Rufus, Martha, Lucy, and Lexie - a captivating meditation on relationships and creativity from the patriarch of one of America's great musical families. Wainwright's song lyrics are represented throughout the book, amplifying his prose and showing the connections between the songs and real life. A funny and insightful meditation on family, inspiration, and art, Wainwright's memoir will thrill fans, readers, and anyone who appreciates the intersection

of music and life.

Wasps Zondervan

An examination of WASP culture through the lives of some of its most prominent figures. Envied and lampooned, misunderstood and yet distinctly American, WASPs are as much a culture, socioeconomic and ethnic designation, and state of mind. Charming, witty, and vigorously researched, *WASPS* traces the rise and fall of this distinctly American phenomenon through the lives of prominent icons from Henry Adams and Theodore Roosevelt to George Santayana and John Jay Chapman. Throughout this dynamic story, Beran chronicles the efforts of WASPs to better the world around them as well as the struggles of these WASPs to break free from their restrictive culture. The death

of George H. W. Bush brought about reflections on the end of patrician WASP culture, where privilege reigned, but so did a genuine desire to use that privilege for public service. In the time of Trump—who is the antithesis of true WASP culture—people look at the John Kerry, Bobby Kennedy, and Philip and Kay Grahams of the world with wistfulness. And even though we are a more diverse and pluralistic nation now than ever before, there is something about WASP culture that remains enduringly aspirational and fascinating. Beginning at the turn of the 20th century, Beran’s saga dramatizes the evolving American aristocracy that forever changed a nation—and what we can still glean from WASP culture as we enter a new era.

New English Canaan of Thomas Morton

Routledge

It's time to open your eyes to the freeing

power of authentic grace—grace that releases us from trying to earn God's favor, grace that enables us to rest in the finished work of Christ, grace that liberates from the tyranny of trying to please others. That's what the theology of Martin Luther and John Calvin did in their own day for the people around them. Time magazine recently dubbed Calvinism as one of the top ten ideas changing the world right now. And yet most of these discussions center on the issue of predestination or on whether particular people agree with the five points of Calvinism. Daniel Montgomery and Timothy Paul Jones think it's time to rescue the theology of the Reformers from such stale scholasticizing and to declare anew the dangerous and intoxicating joy of the gospel that

they proclaimed. PROOF stands for planned grace, resurrecting grace, outrageous grace, overcoming grace, and forever grace. The authors offer proof of God's grace upon which people can stand against the attacks of legalism that have led many of God's people to lose sight of the freedom and joy of the gospel. And this proof is intoxicating—it's like a 200-proof drink that will leave you spiritually staggering at its effect on your life. God's grace not only declares us "not guilty!" in his presence, it changes our relationship with God—forever.?

PROOF Random House Incorporated Winner of the Christianity Today Book of the Year Award (1995) "The scandal of the evangelical mind is that there is not much of an evangelical mind." So begins

this award-winning intellectual history and critique of the evangelical movement by one of evangelicalism's most respected historians. Unsparring in his indictment, Mark Noll asks why the largest single group of religious Americans—who enjoy increasing wealth, status, and political influence—have contributed so little to rigorous intellectual scholarship. While nourishing believers in the simple truths of the gospel, why have so many evangelicals failed to sustain a serious intellectual life and abandoned the universities, the arts, and other realms of "high" culture? Over twenty-five years since its original publication, *The Scandal of the Evangelical Mind* has turned out to be prescient and perennially relevant. In a new preface,

Noll lays out his ongoing personal frustrations with this situation, and in a new afterword he assesses the state of the scandal—showing how white evangelicals’ embrace of Trumpism, their deepening distrust of science, and their frequent forays into conspiratorial thinking have coexisted with surprisingly robust scholarship from many with strong evangelical connections.

Bitter Canaan W. W. Norton & Company
The national bestseller and basis for the Ang Lee film is a “powerful” novel of two troubled families during a blizzard in 1970s suburban Connecticut (Newsday). A potentially devastating blizzard approaches New Canaan, Connecticut, while internal forces of desire, frustration, and ennui threaten to tear apart two quintessentially affluent,

suburban families. Elena Hood rightfully suspects her husband, Benjamin, is having an affair with neighbor Janey Williams, while Benjamin resents Elena and his mounting feelings of ineptitude. As the snow begins to fall, Benjamin and Elena, as well as Janey and her husband, attend a neighborhood “key party,” where they and other respectable suburbanites agree to go home with whomever’s keys they draw from a bowl. Meanwhile, the Hoods’ and Williams’s teenage children are caught up in their own experimentations with sex and drugs as they test the boundaries of their structured upbringing. With author Rick Moody’s sharp eye for the nuances of suburban life and allusions to 1970s America from Watergate to the Fantastic Four, the novel’s landscape is vivid and

immersive. This timeless, unforgettable novel is a compassionate portrayal of flawed characters and reflects Rick Moody's sharp eye for the contradictions of suburban life. This ebook features an illustrated biography of Rick Moody including rare images from the author's personal collection.

An Absolute Scandal Anchor

An inside view of the greed and social power plays behind the closed doors of upper-crust society, *An Absolute Scandal* looks at a world where money isn't everything . . . sometimes, it's the only thing. And when the money disappears in the thick of a financial crisis, the real story begins. For Nigel Cowper, this

means the destruction of his family business; his wife, Lucinda, is willing to do everything she can to help him—except give up her irresistible lover. The powerful, charismatic banker Simon Beaumont and his equally successful wife Elizabeth lose everything they've worked so hard to acquire; but the ultimate tragedy is something that neither one could have anticipated. Yet the well-to-do are not the only ones whose lives are upended: a self-sufficient widow, a single mother, and a schoolmaster find that their lives are also turned upside down in this deliciously readable tale.
