Over 50 contributors ask and answer all your questions in this ultimate eBook compendium of everything related to the most iconic and ‘talked-about’ series in Television history. Each Chapter and Guide is made up of multiple associated articles from the likes-of award-winning sci-fi authors David Brin and Peter Watts, academics including Dr Kristine Larsen and Alan Shapiro, Lost community leaders such as Jon Lachonis, news producers, comedy writers ... and professional and lay bloggers who spawned a revolution in television criticism. Just the ‘Ending’ chapter alone has over 30 articles, opinions and insights to further challenge your perspective. The sumptuous Episode Guide is a definitive resource of over 350 articles with at least two reviews of each episode as well as synopses, tidbits and a comprehensive archive of intertextual references within each episode. Other chapters include; - Cast and Characters which gives an incite to the characters role in the overall drama ... as well provide juicy tidbits about the actors careers; - Mythology, which includes posts on the Smoke Monster, DHARMA, the Frozen Donkey Wheel, and how religion was reflected on the series; - Philosophy, ranging from scholarly but accessible posts on the philosophy and philosophers referenced in the show, to a post on how the series affected one writer's personal philosophy; - Structure, including discussions on the flashback/forward/sideways, the DHARMA stations, and a physicist's explanation of the science of time travel; - Interviews with the showrunners and writers throughout the lifetime of the series. and much

much more.

*The New Trek Programme Guide* Take2 Publishing

A complete episode-by-episode exploration of the hit TV series—with rarely seen photos and illustrations. With the launch of Star Trek: The Next Generation, Gene Roddenberry somehow managed to recapture lightning in a bottle. This new incarnation of Star Trek was an instant hit, and its popularity inspired four films and three spin-off television series. A must-have for fans, Star Trek: The Next Generation 365 provides a fresh, accessible overview of the entire series, including an authorized guide to all 178 episodes. Featuring classic and rarely seen photography and illustrations, this visual celebration of the voyages of Captain Picard, his crew, and the Enterprise-D offers a loving look back at the Emmy and Hugo Award-winning series.

*Star Trek: Picard—Countdown #2* Simon and Schuster

First published in 1992 and last revised in 1995, this is a fitting record of a show that changed the rules by which television was made. The first adventure drama series ever to run to seven seasons and more than 170 episodes, Star Trek: The Next Generation broke audience records wherever it was shown and remains the most widely viewed and consistently popular of all the Star Trek series. This new edition of the series companion has been brought bang up to date to include not only all seven years of the TV series but also all four films which have featured the Next Generation crew. In addition to Generations (1994), we now have full details of First Contact (1997), Insurrection (1998) and the very latest incarnation, Nemesis (2002). A positive feast of information, the Companion includes complete plot summaries and credits for each individual episode and film. There are

fascinating behind-the-scenes glimpses into how each one was made, and in-depth analysis really brings The Next Generation universe to life.

Illustrated throughout with more than 150 black and white photographs, this is a truly invaluable reference guide.

In the future, a heroic captain and his crew explore the Galaxy in a really fast spacecraft. The crew's standing orders are: "...to explore strange new worlds, to seek out new life and new civilizations, to boldly go where no man has gone before."™ Simple, straightforward -- that's Star Trek.® So what's all the fuss? Why do news crews always seem to find someone, somewhere dressed up in a Star Trek costume? What could be so interesting to so many people? Star Trek 101 is the answer. You'll learn just a little about the heroes (Captain Kirk believes that man wasn't meant to live in paradise), the villains (Klingons have a thirst for conquest), and the important aliens (Vulcans live their lives by logic). In the handy recaps for all things Star Trek, you'll discover that the television shows and movies run the gamut from action-adventure to comedy. Just want to sample? The ten essential episodes are offered for your consideration. Star Trek 101 is a quick primer of the television shows and movies that carry the Star Trek name.

An Esquire Best Book of 2022! Written with inside access, comprehensive research, and a down-to-earth perspective, *Phasers on Stun!* chronicles the entire history of Star Trek, revealing that its enduring place in pop culture is all thanks to innovative pivots and radical change. For over five decades, the heart of Star Trek's pro-science, anti-racist, and inclusive messaging has been its willingness to take big risks. Across thirteen feature films, and twelve TV series—including five shows currently airing or in production—the brilliance of Star Trek is in its endless ability to be rethought, rebooted, and remade. Author and Star Trek expert Ryan Britt charts an approachable and entertaining course through Star Trek history; from its groundbreaking origins amid the tumultuous 1960s, to its influence on diversifying the space program, to its contemporary history-making turns with LGBTQ+ representation, this book illuminates not just the behind-the-scenes stories that shaped the franchise but the larger meaning of the Final Frontier. Featuring over 100 exclusive interviews with actors and writers across all the generations, including Walter Koenig, LeVar Burton, Dorothy Fontana, Brent Spiner, Ronald D. Moore, Jeri Ryan, and many more, Britt gets the inside story on all things Trek, like Spock's evolution from red devil to the personification of logical empathy, the near failure to launch of *The Next Generation* in 1987, and how Trekkie outrage has threatened to destroy the franchise more than once. The book also dives deep with creators like Michael Chabon (co-creator of *Star Trek: Picard*) and Nicholas Meyer (director, *The Wrath of Khan*). These interviews extend to the bleeding edge of contemporary Star Trek, from *Discovery* to *Picard* to *Lower Decks*, and even the upcoming highly anticipated 2022 series, *Strange New Worlds*. For fans who know every detail of each Enterprise bridge, to a reader who has never seen a single minute of any Star Trek, this book aims to entertain, inform, and energize. Through humor, insight, archival research, and unique access, this journey through the Star Trek universe isn't just about its past but a definitive look at its future.

**Star Trek: Picard: The Dark Veil** Penguin

STAR TREK is one of the world's most popular and enduring science fiction franchises, spanning decades' worth of TV, film, comics, books and more. This book - originally published just as DEEP SPACE NINE was first being produced - analyses the rebirth and renaissance of the series in the nineteen eighties and nineties. Along with masses of factual information - plot synopses, cast and crew and, uniquely, British transmission dates - this Programme Guide casts a gently critical eye over the series' continuity (and lack of it) and lingers over the moments of humour (intentional and otherwise). In sum, this is a light-hearted, detailed and affectionate overview of the revitalised version of the classic STAR TREK. Please note that it has not been updated since its original publication.

As we look around the world of today, always seemingly on the brink of calamity, Star Trek continues to insist that creatures of all shapes, colors and beliefs can work together toward something greater. Across its many iterations, Star Trek always offers tantalizing glimpses of our possible future. And year by year, decade by decade, series by series and movie by movie, that future draws ever closer.

The thrilling adventure based on the acclaimed *Star Trek: Picard* TV series! Starfleet was everything for Cristóbal Rios...until one horrible, inexplicable day when it all went wrong. Aimless and adrift, he grasps at a chance for a future as an independent freighter captain in an area betrayed by the Federation, the border region with the former Romulan Empire. His greatest desire: to be left alone. But solitude isn't in the cards for the captain of *La Sirena*, who falls into debt to a roving gang of hoodlums from a planet whose society is based on Prohibition-era Earth. Teamed against his will with Ledger, his conniving overseer, Rios begins an odyssey that brings him into conflict with outlaws and fortune seekers, with power brokers and relic hunters across the stars. Exotic loves and locales await—as well as dangers galore—and Rios learns the hard way that good crewmembers are hard to find, even when you can create your own. And while his meeting with Jean-Luc Picard is years away, Rios finds himself drawing on the Starfleet legend's experiences when he discovers a mystery that began on one of the galaxy's most important days.... ™, ®, & © 2021 CBS Studios, Inc. SPACE. THE FINAL FRONTIER. THESE WERE ALMOST THE VOYAGES OF THE STARSHIP ENTERPRISE. We think we know the history of *Star Trek*. Born at the height of 1960s popular culture, the five-year mission of Captain James T. Kirk and his crew faced early cancellation, bounced back with a series of beloved movies in the 1980s and gave way to a fleet of successful sequels and spin-offs that kept on exploring strange new worlds. In *Lost Federations: The Unofficial Unmade History of Star Trek*, author A. J. Black tells a different story. This is an alternate history of the franchise, one filled with roads not taken, from early 1960s feature-films and spin-offs, the original sequel *Star Trek: Phase II* in the 1970s, via epic planned movies such as *Planet of the Titans* and into many untold episodes, arcs and character stories from *The Next Generation*, *Deep Space Nine* and *Voyager*, all the way through to the modern era. Bringing together pre-existing material over decades for the first time in one space, plus some new reflections from *Star Trek* writers and analysis of how it all fits into the wider cultural trends of the last sixty years, *Lost Federations* invites you to boldly explore a history you may not already know . . .
