Twelve Greeks and Romans Who Changed the World Penguin

The companion to Chelsea Clinton & Alexandra Boiger's #1 New York Times bestseller, *She Persisted*. Perfect for tiny activists, mini feminists and little kids who are ready to take on the

world. Now abridged as a board book for our youngest feminists and activists! Women around the world have long dreamed big, even when they've been told their dreams didn't matter. They've spoken out, risen up and fought for what's right, even when they've been told to be quiet. Whether in science, the arts, sports or activism, women and girls throughout history have been determined to break barriers and change the status quo. They haven't let anyone get in their way and have helped us better understand our world and what's possible. In this companion book to *She Persisted: 13 American Women Who Changed the World*, Chelsea Clinton introduces readers to a group of thirteen incredible women who have shaped history all across the globe. Now abridged as a board book for the earliest of readers, *She Persisted Around the World* is a book for everyone who has ever aimed high and been told to step down, for everyone who has ever raised their voice and been told to quiet down, and for everyone who has ever felt small, unimportant or unworthy.

Alexandra Boiger's vibrant artwork accompanies this inspiring text that shows readers of all ages that, no matter what obstacles come their way, they have the power to persist and succeed. This book features: Marie Curie, Sor Juana Ines de la Cruz, Viola Desmond, Sissi Lima do Amor, Leymah Gbowee, Caroline Herschel, Wangari Maathai, Aisha Rateb, J.K. Rowling, Kate Sheppard, Yuan Yuan Tan, Mary Verghese and Malala Yousafzai. Praise for *She Persisted Around the World*: "Clinton again writes in a measured tone that is at once celebratory and defiant. Boiger's watercolor and ink artwork exudes warmth and subtle power." -- Publishers Weekly Praise for *She Persisted*: * "[A] lovely, moving work of children's literature [and a] polished introduction to a diverse and accomplished group of women." -- Publishers Weekly, starred review "[*She Persisted*] will remind little girls that they can achieve their goals if they don't let obstacles get in the way." --Family Circle "We can't wait to grab a copy for some of the awesome kids in our lives . . . and maybe some of the

grown-ups, too." --Bustle "The fearlessness that characterizes the thirteen women in the book is what has emboldened us to constantly strive for progress and justice." -- Amy Poehler's *Smart Girls Just Joking* Random House Books for Young Readers Mike Resnick and Martin H. Greenberg have called upon such gifted writers as Robert Sheckley, Pat Cadigan, Frank M. *The Atlas Obscura Explorer's Guide for the World's Most Adventurous Kid* Workman Publishing *Cultures of the West: A History*, Third Edition, focuses on the ways in which the major ideas and passions of Western culture developed, internally, and how they interacted with the broader world--for good and for ill. The development of such key ideas as religion, science, and philosophy form the central narrative of this book. *Cultures of the West* stands apart from other textbooks in a variety of ways, the first being thematic unity. What did people think and believe, throughout our history, about human nature, the right way to live, God, the best forms of government, or the meaning of human life? Rather than maintaining a

single interpretive stance, author Clifford R. Backman relies upon a consistent set of questions: What did people think and feel throughout the centuries about politics, science, religion, and sex? How did they come to their positions regarding the right way to live? Backman's many years of experience in the classroom have informed his approach--students respond to engaging questions more than they are inspired by facts. **She Persisted Around the World** iBooks Packed with the silly jokes that kids love--including knock-knocks, tongue twisters, riddles, traditional question and answer jokes and more--a fun-filled book will keep readers laughing page after page. [There's No Place Like Space](#) National Geographic Books Today I'll Be a Princess Andrews McMeel Publishing *Matilda* Wyatt North Publishing, LLC *Perpetua's Journey* is a graphic history set in Roman Africa in 203 CE that examines issues of power, gender, and religion in the ancient world through the story of the Christian martyr

Perpetua. The *Passio Sanctarum Perpetuae et Felicitatis*, better known as *The Passion of Saints Perpetua and Felicity*, is the first known prose narrative written by a woman. It is also the first known piece of writing we have from a Christian woman. It is the story of a young mother, Vibia Perpetua, who lived in Roman Africa and, at the age of twenty-two, chose to proclaim publically her Christian faith. She died as a result of her actions. She did not die alone; she was part of a group of Christians martyrs, including several slaves, who were placed in prison and then sentenced to die on March 7 in the year 203 CE. Perpetua's diary contains Perpetua's account of the events in the days leading up to her martyrdom. *Perpetua's Journey* is a graphic history that occupies a space between the many works designed primarily for specialists and advanced scholars who already know a great deal about Perpetua and the history of the Roman Empire, and more popular projects about the lives of saints. *Perpetua's Journey* is unique because it contains both a graphic portion and historical and social commentary on the

Passio. Because the events recorded in the *Passio* take place during a time period in which we possess information about the history of the Roman Empire and everyday peoples' lives, the graphic part of this work strives for an authentic and realistic portrayal of events that happened to the persons in the diary.
