The Abundance Diet Penguin

Adopting a plant-forward diet doesn't mean that you'll be eating a lifetime of meals that are primarily steamed broccoli and plain rice because eating healthy doesn't mean that food has to lack flavor. In *Orchids + Sweet Tea*, recipe developer and food stylist Shanika Graham-White shows you that plant-forward meals can be delicious, bold, and flavorful. You just have to be willing to be creative and treat food as art. Whether you're a home cook or a skilled chef, the more than 120 recipes in this book will help you make everyday comfort food recipes to nourish your family as well as unique, artful dishes for special occasions that call for more flair. This beautiful book celebrates the idea of turning old and new favorites into healthier options that everyone can enjoy while honoring a plant-forward approach to eating. Sample recipes include: • Leftover Jerk Chicken • White Cheddar Scallion Scones • Hot Maple Cauliflower Bites + Sweet Potato Flourless Waffles • Rum + Raisin Bread • Buffalo Chickpea Kale Salad • Cajun Sweet Potato Rigatoni Pasta • Carrot, Sweet Potato, Pineapple + Ginger Juice • Apple Cinnamon Tea • Cheddar Triple Apple Pie

Two Peas & Their Pod Cookbook Victory Belt Publishing
 In *Vegetable Soups from Deborah Madison's Kitchen*, America's favorite vegetarian cookbook author presents more than 100 inventive and straightforward soup recipes guaranteed to satisfy appetites all year long. Deborah Madison has shown millions of Americans how to turn vegetables and other healthful ingredients into culinary triumphs. In her newest collection of recipes, She serves up a selection of soups ranging from stylish first courses to substantial one-bowl meals. Madison begins with a soup-making primer and streamlined recipes for vegetable stocks and broths (such as the Hearty Mushroom Broth), which serve as the foundation for many of the recipes that follow, for those who wish to make their own. Soups like the Mexican Tomato Broth with Avocado and Lime can start a supper or stand alone as a simple, light meal. Cooks looking for heartier choices will find satisfying dishes such as Potato and Green Chile Stew with Cilantro Cream or grain-based soups like the Wild Rice Chowder. Organized by seasons, the recipes make the most of the produce—from a springtime Fennel and Almond Soup with Saffron and Ricotta Dumplings to a deeply flavorful autumnal Roasted Squash, Pear and Ginger Soup. When time just isn't available and prepared soups take the place of home made, Madison offers a battery of suggestions for how to make them your own with simple additions from delicious oils and herbs to an invigorating Cilantro Salsa. Featuring fifty stunning full-color photographs by Laurie Smith,

serving suggestions, wine notes, and a host of ideas for creative finishing touches including caramelized pear "croutons" and soufflé cheese toasts, this friendly soup lover's guide gives the reader a hundred delicious ways to enjoy the benefits and flavors of vegetables by the bowlful throughout the seasons.

Celebrate the gorgeous and delicious possibilities of plant-based Southern cuisine. Inspired by the landscape and flavors of his childhood on the Mississippi Gulf Coast, Timothy Pakron found his heart, soul, and calling in cooking the Cajun, Creole, and southern classics of his youth. In his debut cookbook, he shares 125 plant-based recipes, all of which substitute ingredients without sacrificing depth of flavor and reveal the secret tradition of veganism in southern cooking. Finding ways to re-create his experiences growing up in the South--making mud pies and admiring the deep pink azaleas--on the plate, Pakron looks to history and nature as his guides to creating the richest food possible. Filled with as many evocative photographs and stories as easy-to-follow recipes, *Mississippi Vegan* is an ode to the transporting and ethereal beauty of the food and places you love.

The Everything Vegan Meal Prep Cookbook Da Capo Lifelong Books

A groundbreaking cookbook featuring over 100 recipes and diet plan based on whole, plant-based food. This groundbreaking cookbook and diet plan is for anyone who wants to take control of their weight and health through whole plant-based foods. Somer's 28-Day Diet Plan includes a foreword by Neal Barnard, M.D. and a (optional) bonus juice feast to kick start your weight loss and health journey. The plan includes over 100 delicious recipes (all gluten-free) and is customizable to suit individual tastes. Among the delicious, nutrient-packed recipes are: Cheesy-Smoky-Spicy Black Bean Soup Tropical Colada Green Smoothie Grilled Eggplant and Zucchini Lasagna Bananas Foster Pancakes Blueberry Peach Tart with Apricot Crumble Many more . . . Somer, herself, reversed severe Ulcerative Colitis through a plant-based diet, and many who have tried her plan lost weight quickly and safely, while feeling full and eating an abundance of whole plant-based foods. Part of what makes this plan so unique is that the author has simplified the method so readers don't have to count calories. With *The Abundance Diet*, readers can dramatically change their overall health, reduce their cholesterol, take control of their blood pressure, and shrink their waistline. In addition to the 28-Day Diet Plan and bonus juice feast, an entire chapter is devoted to fitness, helping the reader to incorporate exercise regardless of fitness ability. Note: Four Meal Plan Menu charts were inadvertently omitted from the first printing of *The Abundance Diet*. You can download them from the author's and publisher's websites. There are lots of great vegetarian cookbooks, but this one is a

little different, dare I say better? I am Samantha Michaels and I love to cook. For years now I have experimented to create healthy vegetarian recipes. I love to try new things and have read through various vegetarian cookbooks but none did exactly what I wanted; namely to make vegetarian cooking easy and delicious. My life is incredibly hectic so it was often difficult for me to find the time to cook healthy, delicious vegetarian meals. That's why in this book I have focused on meals that are quick and easy to prepare. Some of the best vegetarian cookbooks lay out exactly what is required to cook a nice meal but many are over complicated dishes designed for large banquets, not a light lunch. My book is one of the best vegetarian cookbooks for beginners available. I have tried to focus on creating tasty, light recipes. Even if you are a tried and true Carnivore this is still one of the best vegetarian cookbooks available. With over 70 great recipes there is something for every palate in my vegetarian cookbook. For many people vegetarian food is seen as bland or tasteless, some have been put off by talk of tofu and bean curd. Good vegetarian cookbooks are able to prove that vegetarian food can be every bit as delicious as food containing meat and this is one of those. The kindle edition of "70 of the best ever delightful vegetarian lunch recipes...Revealed" is now available for an incredible low price of only \$3.68 that's only 5 cents a recipe. That's very little to pay for a range of healthy lunchtime snacks most of which can be prepared in minutes. Some of my favorite recipes are included in this book. From Tabouli to Tempah Mexican pizza the range of recipes and flavors you will experience when cooking with my easy to navigate book will blow you away! There are soups ranging from potato vegetable soup to cream of broccoli soup. The salad recipes available include; Quinoa sweet potato spinach, lentil orange beat, and a simple but delicious cabbage salad. I show you how to create black bean burritos and zucchini grinders, the entire sandwich section is perfect for picnics. There are pasta dishes, tempeh dishes and even a few dips and spreads. This book has been a labor of love for me for the last few years, and I really think I have created one of the best vegetarian cookbooks available today at a price that can't be beat. Healthy vegetarian cookbooks are a great way to get your diet started, to make sure you eat well and to get some of your 5 a day. A vegetarian lunch can give you the energy and drive you need to work through a long afternoon or party long into the night. This particular book is a great vegetarian cookbook because it includes 70 of the healthiest, easiest to prepare and best of all tastiest recipes around. Why not give it a try today? You won't be disappointed. Bon appetite

Throughout time, people have chosen to adopt a vegetarian or vegan diet for a variety of reasons, from ethics to economy to personal and planetary well-being. Experts now suggest a new

reason for doing so: maximizing flavor -- which is too often masked by meat-based stocks or butter and cream. The Vegetarian Flavor Bible is an essential guide to culinary creativity, based on insights from dozens of leading American chefs, representing such acclaimed restaurants as Crossroads and M.A.K.E. in Los Angeles; Candle 79, Dirt Candy, and Kajitsu in New York City, Green Zebra in Chicago, Greens and Millennium in San Francisco, Natural Selection and Portobello in Portland, Plum Bistro in Seattle, and Vedge in Philadelphia. Emphasizing plant-based whole foods including vegetables, fruits, grains, legumes, nuts, and seeds, the book provides an A-to-Z listing of hundreds of ingredients, from avo? to zucchini blossoms, cross-referenced with the herbs, spices, and other seasonings that best enhance their flavor, resulting in thousands of recommended pairings. The Vegetarian Flavor Bible is the ideal reference for the way millions of people cook and eat today -- vegetarians, vegans, and omnivores alike. This groundbreaking book will empower both home cooks and professional chefs to create more compassionate, healthful, and flavorful cuisine.

International Latino Book Award winner, Best Cookbook More than just a cookbook, *Decolonize Your Diet* redefines what is meant by "traditional" Mexican food by reaching back through hundreds of years of history to reclaim heritage crops as a source of protection from modern diseases of development. Authors Luz Calvo and Catriona Rueda Esquibel are life partners; when Luz was diagnosed with breast cancer in 2006, they both radically changed their diets and began seeking out recipes featuring healthy, vegetarian Mexican foods. They promote a diet that is rich in plants indigenous to the Americas (corn, beans, squash, greens, herbs, and seeds), and are passionate about the idea that Latinos in America, specifically Mexicans, need to ditch the fast food and return to their own culture's food roots for both physical health and spiritual fulfillment. This vegetarian cookbook features over 100 colorful, recipes based on Mesoamerican cuisine and also includes contributions from indigenous cultures throughout the Americas, such as Kabocha Squash in Green Pipian, Aguachile de Quinoa, Mesquite Corn Tortillas, Tepary Bean Salad, and Amaranth Chocolate Cake. Steeped in history but very much rooted in the contemporary world, *Decolonize Your Diet* will introduce readers to the energizing, healing properties of a plant-based Mexican American diet. Full-color throughout. Luz Calvo and Catriona Rueda Esquibel are professors at California State East Bay and San Francisco State University, respectively. They grow fruits, vegetables, and herbs on their small urban farm. This is their first book.

The New York Times bestseller from the founder of Oh She Glows "Angela Liddon knows that great cooks depend on fresh ingredients. You'll crave every recipe in this awesome cookbook!" —Isa Chandra Moskowitz, author of *Isa Does It* "So many things I want to make! This is a book you'll want on the shelf." —Sara Forte, author of *The Sprouted Kitchen* A self-trained chef and food photographer, Angela Liddon has spent years perfecting the art of plant-based cooking, creating inventive and delicious recipes that have brought her devoted fans from all over the world. After struggling with an eating disorder for a decade, Angela vowed to change her diet — and her life — once and for all. She traded the low-calorie, processed food she'd been living on for whole, nutrient-packed vegetables, fruits, nuts, whole grains, and more. The result? Her energy soared, she healed her relationship with food, and she got her glow back, both inside and out. Eager to share her realization that the food we put into our bodies has a huge impact on how we look and feel each day, Angela started a blog, [ohsheglows.com](#), which is now an Internet sensation and one of the most popular vegan recipe blogs on the web. This is Angela's long-awaited debut cookbook, with a treasure trove of more than 100 mouthwatering, wholesome recipes — from revamped classics that even meat-eaters will love, to fresh and inventive dishes — all packed with flavor. The *Oh She Glows Cookbook* also includes many allergy-friendly recipes — with more than 90 gluten-free recipes — and many recipes free of soy, nuts, sugar, and grains, too! Whether you are a vegan, "vegan-curious," or you simply want to eat delicious food that just happens to be healthy, too, this cookbook is a must-have for anyone who longs to eat well, feel great, and simply glow!

Vegan books have risen to a dominant sales position in the vegetarian category. One-dish meals are perennially popular on American tables, and books devoted to one-dish cooking perform well. Robin Robertson's *One-Dish Vegan* is the first book at the intersection of these two powerful cookbook categories. Robin Robertson has built a publishing record of very successful titles in the vegetarian category. She is known for her creativity in the kitchen, for the breadth of enticing ingredients and flavors with which she works, and for her expertise in vegetarian nutrition - with a special focus lately on how vegans still can get enough protein in their diets. Typically, it takes two or three courses or dishes to make a well-rounded vegan meal. To meet this criterion in one dish takes the kind of ingenuity and expert knowledge that Robertson possesses. *One-Dish Vegan* contains more than 150 recipes. They range from the most popular categories of one-dish dining like stews, chilis, and casseroles (and other baked dishes) to a host of stovetop sautés and stir-fries as well as substantial salads and dishes that feature pasta as well as other noodles, such as Asian noodles. The recipes are at once homey and adventuresome, comforting and surprising. Above all, they demonstrate that it really is possible to get a complete vegan meal into one dish, full of good-for-you nutrients and bright, satisfying flavors.
